South Hill

(Mrs. Margaret Dean, Reporter)

Mar. 7.—March, true to tradition, now on a blustering frolic. Mr. Church, our mail carrier, is gain on his route, after several days of illness. The substitute did not find us, for the week of bad weather and roads.

Tony Dougherty had the misfortune of breaking his arm when ranking his truck one day last week. Dr. Scott accompanied him to Jones Memorial hospital, Wellsville, where it was taken care of. He is coming as well as possible but naturally the convalescence is most of some to a busy farmer.

Howard Dean and family were Wellsville visitors one evening last week.

Michael Dougherty of Andover spent last Friday with Tony Dougherty and family.

Mr. and Mrs. Earl Schoonover and daughters, now of Andover, spent Saturday at the farm home.

Ed. McAndrew and son, Howard, spent the week-end on the farm.

Mr. Danhier of Wellsville has been assisting George Dean with the work at Dougherty's for several days, and Mrs. Danhier spent Sunday with the family.

Ed. Conwell, enterprising merchant of Simpson, Pa., purchased potatoes of Howard Dean recently, for his retail trade, sending his truck for their delivery Sunday.

Mr. and Mrs. Glenn Schoonover spent Sunday with Mr. and Mrs. Wm. Bell of Pingrey Hill.

A new model tractor, with two shafts from Whitesville, passed over our highway Monday (to their detriment due to the thaw) and returned with John Wahl's old machine in tow.

Independence

(Mrs. Floyd Clark, Reporter)

Mr. and Mrs. Victor Chaiffie of Greenwood were Sunday guests of Mrs. Amelia Cottrell.

Mr. and Mrs. R. E. Spicer drove to Franklinville, Sunday, after Butler Drew.

Mr. and Mrs. Donald Howard of Bradford, Pa., spent Sunday with their mother, Mrs. Lottie Drew.

Mr. and Mrs. A. A. Clarke entertained at a 7 o'clock leak dinner Mr. and Mrs. Earle Greene, Betty, Mrs. Sarah Earley, Mr. and Mrs. Floyd Clarke and Decatur.

Mrs. Sarah Earley is in Andover helping care for Mrs. Chamberlain.

Mr. and Mrs. Lewis Waters and children of Greenwood were Sunday guests of their parents, Mr. and Mrs. R. A. Clarke.

Mrs. Florence Beach of Whitesville is visiting Mr. and Mrs. R. E. Spicer this week.

Whitesville

(Mrs. Ella Millspaugh, Reporter)

Mar. 6.—The beautiful spring days since March 1st are more than welcome to all.

The recent thaw Friday and Saturday and heavy rain melted the snow, took out the ice from the streams and flooded all low lands, but no harm resulted.

C. L. Crittenden was a Hornell visitor last Thursday.

Mrs. Leon French of Brookfield, Pa., was the guest of her sister, Mrs. C. L. Crittenden, Saturday and Sunday.

Mrs. Julia Scribner fell on the ice on her porch last week and broke one bone in her right arm.

Lee Millspaugh of Andover spent Saturday night and Sunday here with his mother, Mrs. Ella Millspaugh.

Frank Larkin was a business visitor in Whitesville, Monday.

Mr. and Mrs. Andrew Hill and family and Mr. and Mrs. Emmett Baker of Presho, Pa., were Sunday guests of Rev. and Mrs. H. J. Marquis at the parsonage.

Mr. and Mrs. Tom Talbott of North Bingham, Pa., were calling on friends here Saturday.

Mrs. Floyd Kelley, who is in St. James Mercy hospital, Hornell, recovering from an operation for appendicitis, is improving.

C. L. Crittenden visited his daughter, Mrs. Stella Plaisted, who is in St. James' hospital, Hornell, last Monday.

Ward Cramer, son of Rev. R. B. Cramer, gave an interesting talk Sunday evening in the M. E. church on his recent conversion while associated with the Oxford movement in Columbus, Ohio. There was a large and interested audience present.

Alfred University

(Special to Andover News)

Great entertainment thru the cooperation of good old St. Patrick, the patron saint of engineers, will be furnished for all visitors on Wednesday and Thursday, March 14-15 by the Senior ceramic engineers at Alfred University.

St. Patrick will appear in person on Wednesday morning at assembly, the procession in his honor starting from the Ceramic College for Alumni Hall at 10:30. Wednesday afternoon and evening visitors will be entertained at the new Ceramic College building. Tea dance in the afternoon; open house in the evening. The open house will begin at 7 o'clock, all in attendance may see the whole ceramic plant in operation, students operating the various machines for processing clay. All the various steps from the initial grinding of the clay to the finished product may be seen. A new feature is added in the x-ray equipment just installed. It will be operated for public inspection. Glass blowing (last year several stem glasses and bud vases were made) will again be part of the program. The day will be closed with a presentation by Alfred Co-operative Pictures of "Berkley Square," in Alumni Hall. Two shows will be run so that those who wish may attend the open house until about 10:30 and still see the whole motion picture program.

Thursday afternoon "The Clean-Up," a three-act comedy will be presented by The Footlight Club, Theta Alpha Phi national dramatic fraternity on the Alfred campus. A formal student ball, with the crowning of St. Pat's queen, will close the celebration on Thursday night.

URGES FIGHT ON COMMON ENEMIES

Dr. Thomas Parran, Jr., Says Time is Wasted in Free-for-all Milk War.

A plea to farmers to stop fighting among themselves and to center efforts against their common enemies was issued by Dr. Thomas Parran, Jr., New York State health commissioner and member of the milk control board to a farm and home week audience at Cornell.

"When farmers do this," Dr. Parran said, "they will obtain beneficial results from sympathetic federal and state authorities who so far have wasted much time acting as referees for the free-for-all fight within the milk industry.

"Since the state milk board was organized I have talked frequently with the president and representative officers of the Dairymen's League, the Sheffield producers association, and the Independent milk producers association. These men are undoubtedly sincere; several of them are exceedingly able; a few have made substantial personal sacrifices to further the interests of the dairy farmers in their own organizations. Yet almost without exception their approach to these past and pending problems of control of the milk industry has been in the interest of the organization, and let the rest of the industry go hang."

Prefers Joint Action

In reference to the federal license, Doctor Parran emphasized the advantages of joint state and federal action in preference to federal action alone. "Without such co-operation," he said, "I can prophesy that before the federal administrator is thru with the most notorious chiselers, among the New York City dealers, he will be glad of all the assistance he can possibly get from the state and its machinery for enforcement as well as from the more reputable elements among the distributors. Nevertheless," he added, "without federal assistance we have not the authority to control out-of-state milk shipments into the metropolitan area which have disrupted the wholesale market and furnished a weapon for distributors to force New York producers into accepting a price lower than the minimum set by the state milk board."

In reviewing the advantages which would follow from federal control, he emphasized particularly the good results from equalization of prices. "An assured market will be had for every farmer now supplying milk to the New York market. Every farmer will have his proportionate share in this market, with identical prices, less the usual deductions, for milk of the same quality produced in the same locality. No distributor can take advantage of a competitor by buying 'distress' milk at low prices which at once removes the chief cause of price cutting."

LOST 20 LBS. OF FAT IN JUST FOUR WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 pounds until taking one box of your Kruschen Salts just four weeks ago. I now weigh 150 pounds. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—an 85-cent bottle lasts four weeks—you can get Kruschen at any drug store in America. If not joyfully satisfied after the first bottle—money back.

Barney Street

The street across the land of G. M. Barney, beginning at the east end of Elm street and running thence northeasterly and intersecting Water street has been named Barney street and will henceforth be called by that name, by order of the village trustees.

The village board have made it an object for property holders to construct stone sidewalks by passing a resolution allowing such property holders a rebate of one-half the cost of construction of such walks. The walks to be not less than four feet wide and not more than six feet wide.

We are pleased to learn that Mr. Benj. Brundage of Greenwood will soon be a resident of Andover. Mr. Brundage has rented rooms in the Spaulding residence and will work in the A. M. Burrows store.

Misses Carrie Hinchler and Hattie Burdick spent Saturday and Sunday with friends in Almond.

Daniel Baker has begun the erection of his machine shop on Depot street.

There must be wild game still in our county.—New York pays a \$5 bounty for each panther, wolf or bear killed. The bounty for panthers and wolves is not so often claimed, but last year the state paid about \$2,000 in bounties.

Sugar makers are boiling day and night in an effort to keep up with the sap run.

Mr. and Mrs. S. G. Crandall and Mr. and Mrs. W. R. Crandall and Mr. and Mrs. M. A. Crandall are visiting their sister, Mrs. W. W. Brown of Bradford, Pa.

CORN-HOG PLAN IS PROGRESSING

County Agents Obtain Mailing Lists of Sow Owners in New York Counties.

County agricultural agents are now obtaining mailing lists of sow owners in New York State counties from farm bureau committees, according to L. O. Kelsey, assistant state leader of county agricultural agents.

"This," he says, "is the next step in the corn-hog reduction campaign to benefit farmers who enter into contracts with the agricultural adjustment administration.

"According to a recent ruling anyone who produces pigs, even if he owns only one sow, is eligible to sign to contract and receive benefit payments for reduction. Only those, however, who raise ten acres or more of corn for grain may enter into the agreement so far as corn is concerned.

"When farmers butcher their own hogs they become subject to the processing tax. Many are interested in the government plan of benefit payments to those who reduce hog production by one-fourth and corn for grain acreage by one-fifth.

"All persons who own sows or raise ten acres or more of corn for grain should study this plan and make sure their names are listed at the local farm bureau office to receive the necessary information."

Later, Mr. Kelsey says, executive committees of county farm bureaus will appoint corn-hog committees of three to seven members who will act as advisors in promoting the campaign. County agricultural agents receive the necessary forms from Washington and will mail those needed to each sow owner. Meetings to explain the government plan will also be held in two or three weeks.
