Local Happenings

Regular meeting Edward Seaman R. C., Saturday night. Who can tell us who were the step parents of William Grimshaw? Mrs. John Eichorn is ill and her daughter, Miss Frances McGhee of Ellsville is caring for her. The Missionary Society of the resbyterian church will meet with Mrs. E. D. Baker, Tuesday afternoon, March 20th. The ladies of the Altar Society of the lessed Sacrament church will hold card party St. Patrick's night, arch 17th at the club house. Mr. and Mrs. Lynn Vanderhoef moved their household goods Monday from the Mrs. Jay Bunt house a Barney street to a farm on Purdy creek. The members of the Baptist church and congregation and their friends hold a social at the home of Mr. and Mrs. Melvin Mattison at Elm Valley this Friday evening. The Standard Bearers of the M. Church enjoyed a sleigh-ride Monday night to the home of Mrs. and Mrs. Charles Robinson, where they held their March meeting and supper. Mr. and Mrs. Freeman Rogers entertained at a turkey dinner Sunday at their home on West Greenwood Hill. The occasion was in honor of the birthday of Mr. Rogers and a large number of the Rogers family were present. The ladies of the O. E. S. enjoyed social afternoon Monday at the Masonic Temple. At this time plans were made to meet once a month and make preparations for a fair and upper which will be held in the fall. They also planned a dish towel donation for the kitchen at the next meeting. The one bringing the towel done up in the most unique manner is to receive a prize. The members did sewing and enjoyed puzzles after which a tureen supper was served followed by chapter.

W. E. Baker is reported seriously ill at his home at Tip Top. Mrs. Hattie Eggleston is caring for Miss Ruby Jordan at the Poling home.

The ladies of the Rebekah Lodge will hold a two-cent supper from 5:30 until all are served next Wednesday night.

Mr. and Mrs. Roger Baker have moved from East Hill into the Mr. and Mrs. Elwin Livermore apartment on Baker street.

Mr. and Mrs. Ira Conners and family have moved their household goods from Water street to the Frank Nobles farm in Shovel Hollow.

The afternoon and evening divisions of the King's Daughters will hold a joint meeting at the church parlors Friday evening, March 23rd. Tureen supper.

Jay Bunt received word of the arrival of a son to Mr. and Mrs. Clifford Howard at Bradford, Pa. Mrs. Howard is the daughter of Mr. Bunt and a frequent visitor here.

Mr. and Mrs. Elwin Livermore have returned to their home on Baker street, after passing the winter at the home of their son, Mr. and Mrs. Henry Livermore on Rochambeau avenue.

The S. D. Baptist Ladies Aid Society met Tuesday afternoon at the home of Mrs. H. L. Livermore on Rochambeau avenue. The business meeting was followed by a social and needlework hour with tureen supper.

The Young Woman's Friendly Class of the M. E. Church meet at the church parlors this Friday afternoon where a tureen supper will be served by the hostesses, Mrs. Reta Myers, Mrs. Mary Church and Mrs. Cecile Rugar at 6 o'clock which will be followed by a social evening.

Mr. and Mrs. Wm. Pease of Wellsville gave a party Friday, March 9, in honor of the birthday of their son, Ronald, at the Pease home on Chestnut street. The tables were prettily decorated in pink and green with favors and birthday cakes to match, with four bright candles to assert the age of the young man. Games were enjoyed and pictures taken, after a 5 o'clock supper was served the 12 little ones. Colorful balloons were hung above the table as decorations, each little guest receiving a balloon which caused much merriment. Those present were Bobby and Ellen Hardy, Marion and Grace McIntosh, Donald Northrup, Donald Mulconery, Barbara and Lila Ann Childs, Beatrice Dean, Marilyn Mulholland, Janice and Roland Pease. Many nice gifts were received by Master Roland and an enjoyable time had by all.

Rev. John McIntosh was ill with pleurisy several days last week. Mrs. Harry Joyce, Sr., has been among those in the village ill the past week.

Clair Brokaw, a well known farmer of Canaseraga, was found dead in his bed Saturday morning, from a heart attack.

Mr. and Mrs. Frank Nobles have moved their household goods from their farm in Shovel Hollow to their home on Rochambeau avenue.

Donald Gray of the Theological Seminary at Alfred, conducted the services at the Seventh Day Baptist church for Rev. W. L. Greene this week.

At the next regular meeting of the O. E. S. Chapter, March 26th, there will be initiation and the Past Matrons and Patrons will be honored at this time also.

Mrs. T. K. Regan was hostess to the Contract Bridge Club Tuesday evening at a 7 o'clock dinner at her home on West Greenwood street. Mrs. Richard Harder received high score.

The American Legion band enjoyed a luncheon at Legion Hall, after hand practice Monday evening. The boys are practicing new numbers for the concert we are anticipating in the near future.

The Woman's Foreign Missionary Society of the M. E. church met with Mrs. David Sleum Tuesday afternoon and tied off a quilt. They also did mending for other members of the society. A business meeting was held and light refreshments served by the hostess.

The March meeting of the Allegany County Ministerial Association was held at the Methodist church Monday. The principal speaker, Prof. G. A. Campbell of Alfred, gave an address on "A Psychologist's View of the Personality of Christ." Dinner was served at 12 o'clock at the Seventh Day Baptist church.

The World Wide Guild met with Miss Mary Lehman last Friday evening for their regular monthly meeting. They carried out their usual missionary program, the subject being, "Work in South India," especially hospital work at Nellore. Light refreshments were served by the hostess after a pleasant evening.

Wallace Francisco

Wallace N. Francisco, well known farmer, died Tuesday night, March 14th at his home near Belmont village, after a few days' illness of pneumonia. Mr. Francisco, born in Scio 44 years ago, ranked among the most progressive farmers in Allegany county. He was among the first graduates of the State College of Agriculture of Alfred University. A leader in the Grange, Dairymen's League and Home Bureau Associations, also a member of the Board of Education and Chamber of Commerce at Belmont and an active member of the Methodist church in that village. Surviving are his wife and three sons and two daughters.

Rebekah Past Noble Grands Meet

The Rebekah Past Noble Grands Association of Allegany County met in Andover yesterday. A 1 o'clock luncheon was nicely served by the members of the local lodge at I. O. O. F. Hall. 32 Past Noble Grands were present, representing the several lodges of the county.

Old Fashioned ITALIAN SPAGHETTI SUPPER Saturday Night at the HOME RESTAURANT

Bits of Allegany County News

As the sun rises higher, the crows "caw" louder, robins are seen, sap begins to run, and our Allegany county folks begin to recover from the hardest winter remembered by the "oldest inhabitant," there is activity all along the line, some of which, from its villages, is noted below.

Belmont firemen plan their annual ball for the first week in April. Belfast has or had 15 families with frozen water pipes. Just in style, Belfast.

Angelica's weather observation station is the oldest in the county, is the claim, established 47 years ago. It reports to the Ithaca weather bureau office.

Angelica is to lose the services of the Rev. Mr. Bixby, pastor of the Baptist church, who has resigned, effective June 1st. Fillmore reports the first robin, seen under an apple tree by its veteran rural mail carrier, Warner Veazey.

Houghton College has assets of \$400,000 and for 17 years has been run without a deficit, President Jas. S. Luckey told a Wellsville Rotary Club group recently.

Fillmore's three rural routes may be merged into two on the retirement soon of Warner Veazey, longtime servant of Uncle Sam, in the near future. The two other active carriers are Merlin Ess and Chilon Stickle.

Houghton College has 24 new students aided by Federal funds in pursuing their studies.

Friendship should direct its home talent entertainments with its own musical and theatrical talent, instead of having the "heavy money" go out of town, thinks a writer to The Register. He declares the village has high class musical and dramatic talent available. He wants a dramatic society to produce a few entertainments during winter seasons.

Fillmore firemen may entertain the annual jamboree of the Seneca Council of Boy Scouts at the time of their annual Fourth of July celebration. It would gather several hundred of the county's best intentioned youth there that day.

Bolivar village taxpayers are to vote March 20th whether or not to pay \$62,500 for its privately owned water system, including franchises, contracts, water rights, rights of way, real property, lines, pipes, tanks, etc. A previous vote, some years ago, was lost by a small majority against. Since then the water system owners have expended considerable money to improve service.

Fillmore claims to have started the first gasoline engine in Allegany county, bought in New York City in May, 1892, and used for many years in pumping water for the old water company. It was purchased by Charles Ricker, manager of the old Fillmore Water Works Company. This disputes the claim of the Bolivar Breeze that it brought the first internal combustion engine into the county in 1895.

Friendship, 40 years ago, had a temperature of 20 degrees below zero on February 24th. It soon moderated and sap began to flow.

Allegany county social workers, Mrs. Frank W. LeClere and Dr. Ivan G. Howe, were elected vice presidents of the council of Social Agencies of the Eighth Judicial District at the recent Buffalo annual gathering.

Canaseraga's Dairymen's League milk plant is to be closed April 1st. Allegany county's oil market on March 8, 1895, was \$1.03 per barrel.

Bolivar's village government cost \$52,172.40 for the year ending February 28. Of that sum \$32,688.68 was to retire indebtedness or pay interest.

Portville has voted to buy land to add to its social grounds, construct an athletic field, and install a sewage disposal plant for the school.

Whitesville's fire department expects to soon purchase some type of modern fire fighting equipment.

Whitesville has one enthusiastic motorist who likes a new car so well he slept in it one night. Wonder if he could eat it, too?

Boy Scouts Are Presented Awards

Troop 42, Andover Boy Scouts, were presented a new troop flag and President Roosevelt's award for 1933

for having secured their quota of new members 12 years of age at their regular meeting Wednesday evening. The presentation was made by Scoutmaster Frederick C. Mumford.

March 15-17

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Nora: "Should I marry a man who lies to me?"
Dora: "Do you want to be an old maid?"

Continued

Baker's Store News of last week told you only part of the good things built into 1934 Gas Ranges.

A motor car may have in its perfection every device known to automobile engineers, but if the motor fails the car as a means of transportation is worthless. The motive power of a Gas Range is its burners—that part of the assembly that consumes the fuel. Here is where these range builders have been able to really advance their art and produce a burner that will not only deliver a greater volume of heat from a certain quantity of fuel, but gain a cleaner flame, one that will almost totally consume those products of combustion which revealed themselves in grimy cooking pots, smoked and greasy walls and those dangerous repulsive odors that are so productive of discomfort and disease.

The 1934 burner has not only overcome all these defects but has the added advantage of a three-speed control, high, medium or low heat with automatic air mixer and no wasted fuel. This feature, with thermostatic regulation of oven heat, combines to produce a household cooking plant that will save fuel, save time, reduce food cost and deliver perfect products at the least possible expense.

We invite your inspection without any obligation—it's our show, the admission is free.

Three Places

That's all, just dust at breast, back and brisket with Gray Lawn Louse Chase, follow up for nits and the louse job is complete.

Your dollar back plus ten cents if it fails and you are the judge. Get a chart that shows where to apply, not just sure about that bris-ket business but it is a word we ought to know even if we have used it in the wrong place. Anyway, we want you to be sure and get rid of your lice with Louse Chase.

"The man who fears for his dignity if he be affable to a vendor of onions knows himself unworthy of the position to which he has been elevated."
Kelland—in "The Cat's Paw."

All the average man wants is a dollar that will buy lots of everything except what he has to sell.

Sturdy and Dependable

That expresses the quality of Swinehart Auto Tires. Their Imperial is a first line tire that has proven itself and gained the confidence of every person who knows from driving experience their De-Luxe quality.

We can save you money on tires; we can use partly worn casings in exchange. Get our prices today, otherwise you will probably pay more for less value.

Hitching On

It is time to be hauling things about the place—Chains are made for that. You can buy a long, strong chain fully made up with two hooks and swivel for \$1.50. We know it's too cheap and this price can't last very long.

Tractor Farming

Has just about ruined the fellow who has small fields and few acres, in many cases the depreciation of the tractor and tools suitable to employ it has been greater than the entire value of crops produced. These fellows must get back to horse power quickly or go bankrupt.

In making the change, much harness, strap work, collars and sweat pads will be needed. Here we may be of service to you. At this time we call to your notice the Ta-pat-co Sweat Pads; they make collars fit, absorb sweat, keep shoulders cool avoiding galls and collar boils, also they allow you to use collars that are too badly worn to use without them.

Our stock of these pads is complete in all sizes; they were bought ahead of the advance in cotton prices and we are passing this saving on to you. Get ready for spring's work by fixing harness now.

Dry Clean

You car with the new Simoniz Cleaner. Easier, faster, and a finer finish. The old bus will surprise you if you will give it the whole works with Simoniz.

Easy to keep clean for a whole season after the Simoniz treatment.
Tod: "Was it a big wedding?"
Rob: "You bet! I got in line and kissed the bride twice and nobody noticed it."
