J. D. CHEESMAN, P.M.

The open season for taking muskrats closed April 10th.
Mrs. Bertha E. Damon has been regularly appointed as postmaster at Rushford for four years.
Mrs. W. F. O'Connell entertained the Contract Bridge Club at her home on Main street, Monday.
Clifford Bixby was among the fortunate anglers Saturday. He landed a two-pound trout, measuring 17 inches in length from Dyke Creek.
The Allegany County Bible School Association will convene May 15th, at Rushford.
Mrs. Martha Foote of Hume had her hand seriously injured by being drawn into an electric washing machine wringer April 2nd.
The World Wide Guild meet this Friday evening with Miss Orpha Green on Barney street. They plan to put on the initiation service.
Emelio Yannie has rented the property of Mrs. Kitty McGinty on Main street and has moved his shoe store from the Williams store on Main street.
A project to convert the old Erie livestock yards at West Salamanca into a new airport landing field has been approved, with an allocation of \$20,952 CWA funds.
Nineteen Allegany county young men left for Buffalo, April 5th, for membership in the Civilian Conservation Corps. One name from Andover, that of Charles Curry, is among them.
The tureen supper at the O. E. S. Monday night was well patronized. The ladies pieced a quilt for sale later, and a towel shower was held. Mrs. Julia Traster won the prize for having her towel done up in the most unique manner. After a program cards were enjoyed before chapter. At the next meeting they will drape the altar.

Menzo Mead has moved into the Walsh property on Maple street. Over 300 parcels of land will be disposed of at a county tax sale on May 7th.
The Ladies Aid Society of the Presbyterian church will meet with Mrs. Mable Bundy this Friday at 3 o'clock.
Earl Goodrich is the re-elected president of the Bolivar fire company. Mr. Goodrich was a former resident of Andover.
Wilbur, 12-year-old son of Mrs. Bertie Butts of Cuba, suffered a fractured collarbone when thrown from his bicycle last week.
The L. L. Bridge Club met with Mrs. William Woodruff Tuesday evening. Prizes were won by Mrs. Bernice Nobles and Miss Helen Folsing.

\* The United States uses up half of the world's output of tin, but only a negligible quantity of this metal is produced in the United States.

Bits of Allegany County News

Belmont has restored music to a place in the school, after a year without instruction, and has engaged a teacher for half time for the coming school year.
Whitesville reports 38 men engaged at its Borden condensory, a record high for employment in that plant.
Belmont has seen plans for a new bridge across the Genesee river on the main east and west highway, drawn by the state highway department. They call for a three-arch concrete structure of great beauty. Work may begin as soon as the Genesee street bridge there is completed this spring.
Angelica is to entertain the county Bible School Association's 60th annual convention in its Methodist church, Tuesday, May 15th.
Alfred University's summer school will begin July 2nd and close August 10th.
Richburg had a smallpox epidemic 60 years ago and a lodge of Good Templars had just been instituted in Belvidere.
Friendship cows, 40 years ago, only brought an average of \$34.55 each at one April auction.
Angelica seems to know how to practice economy in village affairs. Its annual estimate for the coming year calls for the raising of but \$5,500 by tax. Street maintenance will cost but \$1,700, street lighting \$1,500, fire department \$900 bonds and interest \$1,042 etc.
Alfred entertains the 26th annual interscholastic field and track meet May 4th.
Cuba Baptists are planning a celebration of the centennial of their church, to begin May 31 and end June 3. Several former ministers are expected.
Fillmore had a carriage factory 40 years ago at which four men were employed.
Wiscony has a newly-organized Sunday School of which Mrs. A. A. Field is superintendent.
Bolivar's new plant of the Allegany Refiners, Inc., shipped out 66 tank cars of its products in March. It is running about 600 barrels of crude each day but has a capacity of 1,500. It is employing 44 persons.
Belfast's town board has voted unanimously to establish a fire district having the town's bounds as limits. Better fire protection to rural areas will be furnished. Five fire commissioners were named.

The Cock-o-the-Rock, a bird with large crest and bright orange plumage, has been called the most beautiful bird in the world.
Plenty of soap and water will often take out fresh paint stains on washable clothing, and will work wonders with old stains that are first softened with oil, lard or butter.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Dolly (dining): "Seems that we don't hear so much jazz in the cafes nowadays."
Rolly (host): "No, and as a result we hear more soup."
Hot Sun
When it comes boiling thru unprotected windows or blazing into open porches it takes away much of the joy of summer.
We who live in this climate are forced to depend upon artificial heat and indoor living about seven and one-half months out of every year, therefore during the balance of the time we should avail ourselves of everything that will contribute to the joy and healthfulness of outdoor life.
Our summers are short but very delightful; let's make the most of them, put awnings on all windows and curtains on all porches that are exposed to the direct rays of the sun—also a tent on the lawn for the children.
You will find canvas goods of this character surprisingly cheap this season. A few dollars invested will pay large dividends in health and comfort for this summer and many to come. The new colors are very attractive, add much to the beauty of your place and will last a long time.
Awnings for your windows—38c up.
Porch Curtains from \$2.29 up.
Lawn Tents from \$1.89 up.
These prices are not the lowest available but considered from the standpoint of quality, durability and correct workmanship, they are the best value your money can buy.
Measurements taken and awnings put on at no extra charge. We have an order going to the factory; let us have yours at once.

Good Crops
Can only be expected or obtained when the soil has been thoroughly prepared. It must be ploughed by a person who knows how and will do a good job. Then will come the dragging, that is where you will find a lot of slack tillage; farmers trying to do an important piece of work with dull worn-out tools, the loss of crop by this process would buy a new Oliver Harrow, the best soil conditioner offered in this market.
With its heavy rigid frame, long sharp flexible teeth and extra thick shoes, it lays into the job with perfection and will prepare hundreds of acres with little or no cost for repairs.
Furnished in two or three sections—for team or tractor—and at prices so low that the difference in crop pays the bill.
Don't buy any Harrow until you have looked over The Oliver and learned our prices.
Right in Season
If you wish your spring plantings of Flower and Garden Seeds to come up quickly with a strong and healthy growth, you will provide them with a goodly supply of Plant Food; ordinary home produced fertilizers are helpful but they lack the vital elements that carry plant life to complete and generous production against adverse weather conditions.
Such is Vigoro, the specially prepared, 100% plant food. It keeps soil warm and mellow; supplies the necessary chemicals to complete plant life and increases bloom on flowers and a larger crop of higher quality of vegetables.
If you want to test Vigoro, try it on a hill of Pie Plant, and watch it grow an earlier, more prolific and speedier crop. You may cut from Vigoro hills more frequently.
Ten cents per package or in bulk.
Anchor Glue
Now available in Slip Top Metal Cans, use what you need and suffer no loss from the left over. Full pounds 25c.
Long Poles
Bamboo stock for stream, pond, lake, boat or shore fishing. Beautifully mottled, light and durable. From 10c up.
All brutes are imperfect animals, Man alone is a perfect brute.

Little Pigs
Or big ones for that matter may not have a high regard for table manners, but they will thrive and be less liable to disease if fed properly.
A good Metal Hog Trough is no draw back to the pork barrel. We are closing out our line both cast and galvanized iron. You may treat your porkers right at little expense.
Mending Holes
Or thin spots in footwear of all kinds—auto tops or cushions—tires, tubes, rain coats, hot water bottles and many other articles—Use So-Lo, large tube 25c.
