Jubilee Singers Return to A. H. S. A delightful program is promised by the Jubilee Singers, "Musical Messengers of Good Will," from Utica Normal and Industrial Insti-Utica Normal and Industrial Institute, Wednesday, April 25th, in the High School auditorium. These colored five have sung for "the crowned heads of Europe," have been included in programs heard thru the network of stations associated with WJZ, and you will remember, they sang for you in the High School auditorium almost two years ago. Someone wrote about them, "they preserve the striking rhythm, which more than anything else sets negro music apart. Their voices blend as one, and we have no hesitancy in saying they excel all known quartets for the closeness and beauty of their harmony."

And you can hear them for only the nearly well and the saying they excel all known quarters on the saying they excel all known quarters for the closeness and beauty of their harmony."

It seems as the if the fellows of the A. H. S. are "big enough," both sports could exist.

According to economics, anything is beneficial which gives the greatest number of people. Hence, one could not say that AHS should have track instead of baseball, because haseball benefits more people than track. The financial condition of AHS Athletic Association being what it is impossible to have meets here in Andover, therefore the feam is a financial lability.

THE SPY?

Here i am again this week all excited about the big Popularity Contest. Have I heard the low-down about it? I'll say, and is is good? It's to be given next week (at least I guess so). I notice many of the students are "perking up" a bit, just bet they want to be the most popular or best dressed. Personally, I don't think they have a chance, cause I'm runnin' (no, not out for track). I hear it is rather long, takes in everything, but the faculty—and is the center of conversation in the AHS halls. Nothing can be done about it until after the election—and then the final results.

into a trance as a result of the bost printed in the Hi Herald? Why not write something spicy such as a thesis on that immortal story, "The Return of the Swallow," by G. Harmie Belches. Every time I read one of your editorials it tickles my NRA (nice round Adams-apple to you). Who writes the Spy? My gosh, it sounds like a sixth grade boys' composition on "Flight of the Butterfly." I bet the person who writes the Spy still believes in Santa Claus. If he doesn't grow up, I'll tell the bogie man on him. Boe Beckley could be good if she had some victims to work on.
