An important message to every man and woman who is thinking about buying an automatic refrigerator

Take the time to find the RIGHT one

THERE'S a lot of real pleasure in owning a good automatic refrigerator... enough pleasure to make it well worth your while to find the best.

We believe that the finest of all automatic refrigerators is the New Air-Cooled Electrolux. And we believe we can prove that statement to your satisfaction.

Simplest freezing method

Electrolux employs a different principle of operation than any other refrigerator. A tiny gas flame circulates a simple refrigerant. Ordinary air cools it.

Simple, isn't it? And this very simplicity is the thing that gives Electrolux its definite superiority.

It costs less to run... a saving that goes on day after day —year after year!

No moving parts

Electrolux has no moving parts to wear and need costly repairs.

NEW Air-Cooled ELECTROLUX
THE CIVIL GAS REFRIGERATOR

And because it has no moving parts, it is permanently silent.

Please come in and see it. We will be glad to demonstrate Electrolux at any time, with no obligation at all on your part.

We want you to see for yourself what a fine refrigerator the new Air-Cooled Electrolux is... how far in advance of the others.
