Local Happenings

Buy advertised goods and get value for your money.

Mr. and Mrs. Leo McAndrew welcomed a baby girl at their home Monday, June 25th.

The Contract Bridge Club met with Mrs. John Oakes on Pleasant Avenue, Tuesday afternoon.

A carnival company came into town Sunday and are in operation this week on the athletic field.

The Odd Fellows' softball team went to Whitesville Thursday night to play their first out-of-town game.

Charles Fisher is making his barn on Second street into a house which he expects to occupy when finished.

Irving Swarthout of Bolivar had his elbow broken when a belt clamp struck him while pumping an oil well.

Miss Mary O'Boyle is taking the pupils in her room for a picnic in Elm Valley, today, June 21st.—Alfred Cor.

Mortimer Lanphear of Railroad Valley received the well wishes of his many friends on his 90th birthday, June 28th.

George Weryley cut and bruised his left foot when he slipped from a diving board at Poags' Hole near Dansville Sunday.

Mr. and Mrs. Guy Wellman of Friendship sailed last week for Europe, where Mr. Wellman will represent the Standard Oil Company in business affairs.

A roller skating rink has been installed in Harmony Hall on Main street. The youngsters are keeping the wheels rolling.

Mr. and Mrs. Miller of Conesboro have moved into the house owned by Mr. and Mrs. John Joyce on West Greenwood street.

Mrs. John Baker is caring for Mrs. Leo McAndrew and infant daughter, at the home of Mrs. W. J. McAndrew north of this village.

Miss Mary Doran of Chestnut street was taken ill the first of the week and underwent an operation at St. James Mercy hospital in Hornell.

Mrs. Nora Hackett of Maple street is improving from several weeks illness. Mrs. Carrie Slade, who has been her nurse returned home Wednesday.

The number of horses and mules on farms in the United States was 586,000 less in January of this year compared to a year ago.

Rowna, daughter of Mr. and Mrs. Elmer Waite of Rushford, had her arm broken while playing on the school grounds last week.

Doris and Ruth Hagenrider of Rexville, will open a modern beauty shop about July 1 on the second floor of the Frick-Reid building.—Bolivar Breeze.

John Johnson, son of Matthew Johnson of Belfast fell from the roof of a building from which he was watching a ball game, June 19, fracturing his wrist.

A tenant house on the Williams estate at Belvidere, now owned by Ernest Hazzard of Wellsville was destroyed by fire of unknown origin Friday, June 22nd.

Harold Lehman had the misfortune to tear the ligaments loose in his knee while playing ball here last Sunday, when he collided with another player while after a ball.

Regular meeting of Thomas M. Lynch Auxiliary Tuesday afternoon, July 3rd. Cars will leave the hall at 1 o'clock for Jordan's lodge. Mrs. Lulu Emery is chairman of lunch committee.

Mr. and Mrs. Godfrey Asel of Sigtal, Pa., are occupying the upstairs apartment in the Glenn Rucker house while he is tool dressing for Fairman Bros., on a deep well on Greenwood Hill.

Mr. and Mrs. Frank Rogers of Moss Brook, town of Friendship, celebrated their 50th wedding anniversary, June 19th. Mr. Rogers was an engineer on the Erie railroad, making the run from Nyack, N. Y., to Jersey City until he was retired in 1897 when he came to Friendship and purchased the farm home where they have since resided.

Mr. and Mrs. George Barrett have moved from West Greenwood street to their new farm home on Pingrey Hill. Mr. Barrett, our genial milkman, has a herd of fine blooded Guernseys on his farm.

Workmen are busy at the building of the bungalow home for Mr. and Mrs. John Vincent on the A. R. Baker lot on Center street, which the Vincents expect to occupy during the summer months.

Governor Lehman has signed a proclamation closing the forests in the Adirondack Mountains until the fire hazard is past. The governor acted at the request of the Conservation Commission following statewide reports from forest rangers.

Miss Carolyn Hinchey of Elmira, who underwent a major operation some weeks ago at St. James Mercy hospital in Hornell, has recovered sufficiently to be brought to the home of Mrs. Carrie Slade in Andover where she will remain for some time.

Miss Anna Hardy entertained 12 little girl friends in honor of her eleventh birthday, Friday, June 22. The little ones enjoyed the afternoon with games and swimming. Refreshments were served and many fine gifts were left in remembrance of the day.

The village board have workmen busy changing the water lines on Second street, extending from Chestnut street to the Erie depot and making other changes, preparatory to paving the same. This will be welcome news to many of our farmers who draw heavy loads of milk and produce over this street.

Joins 4-H Camp Staff

Miss Helen Ferry, outstanding Delaware county 4-H club member and leader and a graduate of the Oneonta Normal School, has been engaged as a member of the Western New York 4-H Club camp staff. She will supervise swimming groups.

Collector's Notice

TAKE NOTICE: I, the undersigned, Clerk of the Village of Andover, New York, have received the Tax Roll and Warrant for the collection of taxes levied for the present year, and I will attend at the office of the Village Clerk in the Village Building (Burrows National Bank Building) in said Village on June 1, and until July 15, except Saturdays, Sundays and holidays, from 9 o'clock in the forenoon until 4 o'clock in the afternoon of each such day, for the purpose of receiving taxes assessed upon such roll. For said period of time taxes may be paid to me without additional charge and on all such taxes remaining unpaid until after July 15th, five per centum will be added for the first month and an additional one-half of one per centum for each month and fraction thereof thereafter until paid.

Dated May 31, 1934.

C. B. CAPLE,
Village Clerk.

Bits of Allegany County News

Belfast's rural mail carrier, M. V. Rich, master of Canadea Grange, has sailed for England for a six weeks' visit to relatives there.

Rockville's Chamberlain saw mill has been in operation again, serving that locality.

Alfred, up to 40 years ago, was known as Alfred Center, at which time the post office department shortened the designation to the present name.

Angelic tennis players defeated Cuba enthusiasts June 17th by a score of three to two on the Cuba courts.

Fillmore expects 20 Boy Scouts troops at the annual jamboree there July 3 and 4, on the occasion of its big Fourth of July celebration conducted by firemen. Part of the proceeds will go to aid the Genesee Country hospital near Fillmore.

Angelic girls have taken up softball and are playing a series of games.

Fillmore is collecting \$4,464 for village purposes: General fund, \$355; streets, \$750; police, fire and hydrant, \$2,100; light, \$1,059; health, \$200.

Camp Shenawana is to be improved by the addition of a headquarters staff cabin making possible the use of one more tent for campers.

Friendship, originator of the Old Timers' gatherings so much copied by neighboring villages in this and other states, has set Friday, July 27, for the 1934 event. Former residents have been known to travel across the continent to be present.

Belmont village water users have been advised, as a precautionary measure, to boil water used for drinking purposes by Health Officer Dr. Lyman C. Lewis. When water supplies are low, danger from infection is hastened.

Friendship, 66-years ago, had two new industries common to villages of that time. The Hickcox & Kellogg hub and spoke factory was getting under way and Allen P. Lord had opened a shop to repair wagons, etc.

Bolivar expects to send 50 firemen to Wellsville's big volunteer firemen's day, August 1-3.

Allegany has 84 wells drilling, 45 of them in Allentown, according to The Bolivar Breeze, the oil man's Bible in that part of the county.

Watches Making of Millionth Ford V-8 at Dearborn

Guy S. Wood, Local Ford Dealer, Gives Interesting Facts Concerning the Millionth V-8 Ford. To be Exhibited at World's Fair.

Dearborn, Mich., June 20.—Henry Ford today watched the one-millionth Ford V-8 engine assembled into a chassis on the final assembly line at the Rouge plant of the Ford Motor Company and then drove the car off the line. Edsel B. Ford, president of the company, and other Ford officials took part in the ceremony.

The production of the one-millionth Ford V-8 marked the establishment by the Ford Motor Company of two new world records in eight-cylinder motor car production. The production of 1,000,000 Ford cars exceeds the production of eight-cylinder cars by the remainder of the industry both here and abroad. Ford also holds the daily eight-cylinder production record with a daily total of 4,651, which was set May 8.

This afternoon the one-millionth Ford V-8, a maroon Fordor Sedan, finished with red wheels and white sidewall tires, is on its way to Chicago over US-12. Tonight it will be installed with fitting ceremonies in the famous Drama of Transportation at the Ford Exposition in the World's Fair as the representative of the 1934 Ford car in the dramatic cycle which pictures the development of transportation thru the ages.

The first Ford V-8 engine was assembled under Mr. Ford's personal supervision at the Rouge plant, March 9th, 1932, three weeks before this new Ford engineering development was first shown to the public.

Some time next month the 22,000,000th Ford will come off the Rouge Plant assembly line. There have been three other historic Fords. When the 20,000,000th Ford, a Model A, came off the assembly line April 14, 1931, it began a tour which carried it to all parts of the United States. Likewise, the 15,000,000th and the 10,000,000th Ford was built June 4, 1924, the 15,000,000th on May 25, 1927.

Only 28,618 Ford cars had been built up until 1908. Of these 1,708 were "A" and "B" models built in 1903 and 1904; a total of 1,695 "B" and "C" models built in 1904 and 1905; a total of 1,699 model "F" cars built in 1905 and 1906, and the other 23,616 models "K," "L," "R" and "S" built in 1906-7-8.

From 1908 to 1927, a total of 15,433,313 model "T's" were built and shipped to all parts of the world. The model "A" car was introduced late in 1927. All told, 4,527,069 model "A's" were manufactured before the 20,000,000th Ford was built in April, 1931.

BAKERS' STORE NEWS

Published by Baker Bros. Hardware, Andover, N. Y.

Wisdom consists not so much in seeing as in foreseeing.

"The picture of the horse is good," said the editor, "but where is the wagon?"

"Oh," replied the artist, "the horse will draw that."

Going Without

Is under some conditions showing excellent judgment. Most of us make snap purchases of many items for which we have little use and would be better off without; if the articles stored away in this town as worthless to the owners and bought without due consideration of needs could be brought out in the open and sold for half what they cost, the proceeds would add materially to the wealth of the community and supply a community chest with ample funds to relieve all the real charitable needs of Andover for the next five years.

Enameled Steel Clothes Hampers do not come in this category, they will supply a real need in any family that has dirty clothes to put aside pending the weekly wash day.

They are strong enough to last a life time, good looking enough to be set in plain sight, have rubber feet so are noiseless and will not mar floors and of sufficient capacity to hold the entire weekly laundry so none may be overlooked when clean-up day comes.

Excellent value at our price of \$2.75.

Kill Ants

Ant Buttons do just that quickly, easily, safely, and these little insects like it, when one of them gets a whiff or a taste they spread the news and the infection.

The whole colony goes on a big spree and that is their finish; these buttons are made like bottle caps, just pour on a few drops of water and place near runways.

They will also clear out roaches, water bugs and many pests that crawl around where food is kept and are so very aggravating.

Six button package—25c.

Liquid Soap

The old Murphy's favorite, soft as silk, has been further refined in formula and is now about the color and consistency of strained honey.

This soap is non-alkaline, the base is Linsseed Oil; as a cleaner and polish of fine varnished surfaces, it has no rival. Good, always; much better now.

BAKER BROS., Andover N. Y.

New Assortments

Fill up the vacant spots in your kitchen ware while the selections are complete.

You have not seen such values—ten-quart Dish Pans; six-quart Covered Kettles, and six-quart Deep Pudding Pans are here in the line selling at 29 cents.

While in the 59 cent assortment are available 14-quart Dish Pans; 10-quart water Pails; 10-quart Combinet with Cover and six-quart Berlin Covered Kettles.

This ware is first quality, no seconds and will give you the service you have a right to expect from articles that sell for much higher prices.

Blow-Out Patches

If put under thin spots in your auto tires will give you many hundreds of extra miles of safe and economical service.

We carry a wide range of sizes, and sell them (so our customers tell us) at less than half the price charged in many places. A good strong self-vulcanizing blow-out Patch from a nickel up. It will pay you to carry several spares at our low prices.

A few cents invested may save both dollars and serious injury some day on the road far from a service station.

So Lo

Watch your auto tires and plug the cuts with So Lo, also good for repairing leaks in shoes, auto tops and cushioning doors that rattle.

Before It Starts

Printed linoleum wears away very rapidly once the surface is punctured. Keep it looking like new, coat frequently with Lin-X, which seals all abrasions and preserves the pattern.

Use it also on Congoleum Rugs—easy to apply and is not expensive.

Brush Bath

A new product in the Dic-A-Doo line; doubles the life of paint brushes and may also be used as a cleaner for varnished or painted surfaces or to remove paint spots from clothing. Comes in a handy ten-cent package and may be used little or much, as needed.

At any rate, the citizen who asserts we don't have any more old-fashioned winters has been silenced.
