The church was filled to ca-pacity and the floral offerings were many and beautiful, attesting the love and respect in which he was held.

CORNELL IS HOST TO 4-H CONGRESS

Nearly 700 Farm Boys and Girls From 36 Counties in Attendance. Farm boys and girls numbering almost 700 came from 36 counties in New York State to attend the 13th annual 4-H Club Congress at the New York State College of Agri-culture. The three-day program began on June 27th and included short courses in livestock, crops, forestry, farm shop, poultry, foods, clothing and room improvement. St. Lawrence county led in at-tendance with 55 delegates present. Schuyler followed with 54; Chen-an-go had 44 and Nassau 37. Delegates competed in many con-ests at the college and enjoyed a variety of recreational events, in-cluding songs, dancing, games, stage plays and supervised swimming. At-tendance this year surpassed that of last year.

CHERRY CROP NEAR NORMAL

More Than 17,000 Tons Expected in State—Other Fruits Scarce. Housewives of New York may have to depend more and more on cherries this year to offset the scar-city of other fruit crops. According to the June 1st report of the crop reporting board of the United States Department of Agri-culture, the 1934 crop of red sour cherries in New York State will be 17,180 tons. This compares with an average of 18,000 tons for the years 1929 to 1932. The total crop of all cherries in the 12 commercial states is forecast at 105,910 tons, which is six per cent less than the crop of 1933 and 17 per cent less than the cropp of 1932. The report points to a shortage of apples, peaches and pears. The peach crop in particular is said to be almost a total failure in New York State, and others are much be-low normal. Recent rains, according to cherry growers, helped to improve the crop, and the price of cherries is expected to be but little higher than last year.

FORTY YEARS AGO

JULY 18, 1894 Hamilton C. Norris, Editor Invitations have been received for the marriage of Miss Flora Comstock, daughter of Mr. and Mrs. T. N. Comstock and Mr. Lawrence L. Brennerman of Columbia City, Ind. The event will take place at the home of the bride's parents, August 1st. —W. C. Lever sustained a slight shock of paralysis last Thursday and since has been confined to the bed. L. L. Pingrey has so far improved from his long illness as to be able to sit up an hour or so each day. From the annual report of the Board of Education of the Andover school of which John E. Cannon was secretary, we note that the total expenditures of that board for the preceding year, including teachers' salaries, was \$3,366.61. The teaching staff consisted of six teachers as follows: B. B. Brown, principal; Miss Whitney, Miss Bassett, Miss Meade, Miss Wilcox and Miss Richey. The fuel cost for light and heat was \$100. The gas line from Andover to Whitesville is now completed far enough to supply gas to our Inde-pendence neighbors. Mr. and Mrs. W. B. Bundy visited friends in West Union a couple of days last week. J. C. Monfort and sons, Henry and Judson, of Olean, Mrs. Charles Burdick and Mrs. Saphrona Pollard of East Valley visited Mrs. E. F. Stearns this week. Mr. and Mrs. L. A. Burrows and Mrs. Helen Beebe visited in Alma from Saturday until Monday. H. P. Benton was in Belfast and Oramel from Saturday until Mon-day. Miss Florence Stephens of Oramel came back with him for a visit with friends here. Mr. and Mrs. D. M. Metzger have removed from Elmira to this village. They will occupy the Hunt home-stead on Church street until their new home is finished.

TELLS ABOUT TREES FOR LOOKS AND SHADE. Cornell Issues New Bulletin on Ornamentals for Landscape Planting. "Ornamental trees for New York State, their landscape value and care" is the title of a new bulletin just published by the New York State College of Agriculture at Ithaca. Its number is E-287. This publication describes the uses and care of about 150 ornamental trees, and gives particular attention to several varieties of flowering crab apple, and to hardy magnolia trees. Some of these trees are not generally known to the public, but, according to the authors of the bulletin, make beautiful trees for ornamental purposes. Donald Wyman, one of the authors of the bulletin says that it was written in response to many requests which have come to the college of agriculture. These queries have asked which trees to use for hedges, for screens, for dry situations for street or shade, and for many other places and purposes. The publication was planned to answer these and other questions. It was prepared by R. W. Curtiss and Donald Wyman, of the department of floriculture and ornamental horticulture at Cornell University.

Berry Muffins Here is a fine recipe for those delicious berry muffins everyone likes: 2 cups flour 4 teaspoons baking powder 1/4 teaspoon salt 2 tablespoons sugar 1 cup milk 2 tablespoons melted butter 1 egg, well beaten 1 cup of fresh or canned berries, drained of juice. Combine the milk and melted butter with the beaten egg and add to the dry mixture quickly, mixing only enough to dampen the flour. Add the berries last. Drop by spoonfuls in buttered muffin tins and bake 25 minutes in hot oven (400 degrees F). This is one of a series of recipes prepared for this paper by the Consumers Information Service of the New York State Department of Agriculture and Markets. Watch for others.

To remove marking ink from white cottons or linens, apply javelle water followed by water containing a few drops of ammonia.
