AN OUTDOOR LIVING ROOM

A cool, inviting, outdoor living room may be achieved without the expenditure of money, if proper plans are made, and if help is available, according to the New York State college of home economics. First, make the flooring of flat field stones. Stones an inch or two thick of irregular shapes are chosen, but they are not put into place until the grass is dug out and the plot is graded. Slope the land gradually away from the house for drainage. Then scatter four or five inches of coal ashes on it, and lay the stones in an interesting pattern over them. Roll the terrace with a heavy roller which may be made of any old round tank filled with cement. If the lawn slopes away from this terrace to a distant view, so much the better. Not too near trees, but convenient to the outdoor living room, a stone fireplace will make outdoor meals easy and enjoyable. Near the edge of the lawn, clumps of evergreens may be transplanted from the pasture to contrast with the bright colors of the perennial plants. Home-made wooden furniture, painted in gay color, makes satisfactory tables and chairs that need not be hauled indoors and out again. Two Cornell bulletins may help those interested in an outdoor living room. One is J-27, "Home Planting for Boys and Girls," and the other is E-186, "The Planting and Care of Shrubs and Trees." Both may be obtained by writing to the New York State college of agriculture at Ithaca, N. Y.

POLICEMAN LOSES 62 POUNDS OF FAT

Mr. J. W. Frost writes: "I've used seven bottles of Kruschen and reduced from 272 to 210 pounds, with no ill effects whatever. In fact, I feel much better than I have for some years. As a police officer I recommend Kruschen to brother officers to keep in regulation weight and health." Kruschen is the safe, healthy, sensible way to lose unhealthy, surplus fat—simply take a half teaspoonful every morning in a glass of warm water—you'll feel so good—so energetic. You'll gain in strength and ambition—you feel years younger and look it. By reducing excess fat you'll be apt to live years longer. One bottle lasts four weeks. You can get Kruschen Salts at any drug store in the world.
