The Family DOCTOR DR. JOSEPH GAMES MD

YOUR FAMILY DOCTOR

Yesterday an old neighbor—he admitted being 75—dropped into my office to shake hands and "see about a small patch that has appeared over the right cheek-bone; it is slightly thickened, itches a little, and announces its presence every time I shave."

It didn't bleed, which was fortunate. It was just a skin-lesion on an aged face. I had seen hundreds of them.—we both were thinking about skin-cancer, technical yepithelioma. Probably least formidable of the malignancies. The patient usually goes to the doctor in time—a measure of highest importance. Nobody loves a blotched face.

I could speak to this old man with authority; here is what I said to him:

"This is not yet unmistakable; it may be malignant, and may not be; but we must proceed with caution. Do not "scratch" this little offender—you get a habit of doing that. Do not shave over this spot—trim the beard here with scissors. You must use no irritating soaps, even to use no soap here is well. Don't provoke bleeding with rough towel or accidental bruise. Be exceedingly kind to this fellow."

"Do not even subject it to sunburn—I mean to the point of irritation; wear your hat for shade. Above all—do not buy patented ointments or "salves" that may be recommended to you—let them alone; nine out of ten of them contain some irritant that lights up a fire sometimes—a fire that becomes destructive—take no chances. Get a small bottle of pure castor oil—and paint the skin here with it at least twice a day—leave the oil lying on the surface all the time; it ought to be well in three or four weeks—"

"But suppose it is not! Then we will be in good shape for applying X-ray—tho let's not cross that bridge until we come to it." This applies to any aged patient who has a similar lesion.

Buttermilk will clean the tarnish from copper and brass.

IT'S AS SOON BE WITHOUT TOOTH-BRUSH OR SOAP AS NOT TO HAVE OIL-OF-SALT. When quick action is necessary for burns, sunburn, cuts, scalds, and bruises, Oil-of-Salt is wonderful. And what relief for sore, itchy, itching feet—and for itching Athlete's Foot. Oil-of-Salt is a liquid. A liquid is always better. Soothes—promotes fast healing—checks blood flow—relieves pain. Used in 25,000 factories and fire departments. Get it at your druggist. The family's best friend when a friend is most needed. Comes in 5c—75c—\$1.25 sizes.

South Hill

Mrs. Margaret Dean, Reporter July 18.—Two fine showers with the past week was very refreshing to vegetation, also to the tem- perature. Light crop and fine weather makes rapid haying. Fr.
