3 Fascinating Books Full of
THE NEWEST IDEAS
on Entertaining, Cake Making, Marketing
and Meal Planning
ALL 3 FOR ONLY 25c

Supplementary to the 12-Lesson Course in the National Cooking School appearing each week in our columns, the Andover News also brings you these three marvelous new books, which every woman will find indispensable. All three are written by Katherine Caldwell, America's foremost Cooking authority.

MARKETING AND MEAL PLANNING—What to buy, how to buy it and how to make the best use of it. How to plan meals wisely. What foods are regulating. What foods are building. About the vitamins. How to economize. When there are children. When constipation enters. When they would change weight. Every subject in this book is of importance.

PLANNING THE PARTY—Where is the woman who is not eager to know the newest things relating to every entertainment occasion—what to do and how to do it—what to serve and how to prepare it—whether it is for a simple bridge party or an elaborate wedding reception. It is indeed the book of the smart hostess. It makes entertaining easy.

THE EASY WAY COOK BOOK—This and this alone is a recipe book, but its presentation of the subject represents an entirely new departure. A book full of unusual cakes presented in a manner never before attempted. It is simplicity brought to a new degree.
