The Allegany Valley Federation of Women's Relief Corps will be held at Corning, Tuesday, Oct. 18th. George Carr, who has been ill for the past three months is not improving as fast as his numerous friends would wish.

Harold Whitford of Hartsville Hill had part of one finger cut off and a second badly injured in a rip saw with which he was working last week.

Miss Margaret Prestine of Depeew was operated on for the removal of the appendix at the Buffalo General hospital, Saturday. She is reported as gaining nicely.

Joseph Baker, proprietor of a muck farm near Wayland, N. Y., claims a yield of 543 bushels of potatoes per acre. He dug 963 bushels from one and three-fourths acres.

The Juvenile Grange will sell buttermilk, milk, chocolate milk and ice cream at the Grange Fair, October 10th. Be loyal, help the milk situation and the Juveniles at the same time.

Dr. Otto Stuart of Hornell was called in consultation with Dr. H. J. Leahy in the case of Mrs. George Vickers who is reported as improving at this writing. Nurse Mary Driscoll is caring for her.

Mrs. J. D. Cheesman is ill this week with a severe attack of shingles at their home on Church and Center streets. Mrs. Richard Johnson of Wellsville is assisting at the home and drug store for a few days.

Fay Westead has had on display in his garage window on Pearl street, Wellsville a musk along which he landed on a fishing trip to Honey Harbor, Ontario. The fish measured 49 inches in length and weighed 24 pounds.

The News is pleased to report the condition of James Wentworth who has been seriously ill at his home for the past week, as improving. Robert Mings is drawing the milk and Carl Childs driving the school bus during Mr. Wentworth's illness.

Walter (Mike) Gath had the fingers of his left hand badly injured while working on a truck for the Bunce company on the Scio-Wellsville state road job, Monday. He was taken to Jones Memorial hospital, Wellsville, for treatment.

The Ladies Missionary Society of the Baptist church met at the home of Mrs. James Burbank last Friday. At the business meeting they re-elected all of the old officers. A tureen supper was held and a very fine time was reported by the ladies.

The defeated side of the Five Hundred Club entertained the winning side at a dinner at The Evergreens in Wellsville, Thursday night.

Mrs. Elizabeth Coffey was taken from the home of Mr. and Mrs. Orlis Parker Wednesday afternoon to the Jones Memorial hospital, Wellsville, in the Mulholland ambulance.

Frederick C. Mulholland of this place was given administration rights in the estate of the late Thomas O'Connell of Andover in Surrogate Court last week.

Four hundred and twenty-five thousand textile workers are back in the mills at work. The leaders declare they have won the strike. It may be true, but they have not won the \$15,000,000 in lost wages needed by those mill employees and their families.

A heavy frost Monday night has darkened our splendid flower gardens and set the potato forks at work gathering in the tubers which seem a fair yield in spite of the extreme dry season. The price now paid for them is a great disappointment to our farmers.

The Red Cross chapters of West-ern New York will meet for a conference at Ithaca, October 12th. The conference will be held in Martha VanRensselaer Hall, beginning at 10 o'clock a. m. This is one of five regional conferences held this year to take the place of the annual State conference.

The Bolivar Breeze says that it is mushroom season in that vicinity and they are being gathered in quantities. One man brought in nearly three bushels of the variety called Giant mushroom one morning last week, some of which weighed one pound. The article also warns against the use of them unless absolutely able to distinguish them from toadstools with their deadly ptomaine poisoning.

A Correction

A mistake was made in the publishing of the name of the new babe at the home of Mr. and Mrs. Earle Atwell of Elm Valley. The little man has been named Wayne Oliver.

Appreciation

I wish to express my appreciation to the kind friends that remembered me with birthdays greeting cards and flowers, Sept. 27th. They added greatly to a pleasant day.
ADDIE G. COLEMAN.

Horses

We do not have horses for sale, but we do sell harness, collars and strap work. Horses are higher in price than almost anything a farmer can raise. Why? Because it will take 1,500,000 colts each year for the next ten years to make up the shortage.

The U. S. Department of Agriculture estimates that 40,000 acres should be taken out of production, to bring permanent farm relief from over-crop production. It is said that four acres of farm land is needed to maintain a horse one year.

If we had the number of horses that we lack to bring us up to the required number needed it would just about answer the over-production question.

This takes us back to the old question of supply and demand and if we will just apply a little common sense to these questions instead of so many college-bred unworkable theories our troubles would be fewer and farther apart.

We handle Glecker make of Harness, the kind that is reinforced in all places where extra wear comes. This is a patented feature which no other Harness has.

Metallic-X

Triple strength Metallic-X mends anything and only this Metallic-X mends permanently. Repairs made with this product will not fall apart in three or four months—they last indefinitely. Hence, you need to do each job only once. Metallic-X is from two to three times stronger than similar products, so you use less and still get stronger joints. Metallic-X will not harden in the tubes, so none is wasted. Because of these and many other points of superiority, you will find Metallic-X to be by far the cheapest as well as the strongest and most durable product of its kind on the market today. For your own protection, refuse inferior substitutes and accept only the original and genuine Metallic-X for all permanent mending—35c or 50c for large tubes.
