#### COURTESY

H. Clarke

Courtesy is perhaps one of the most important qualities that we may possess. Few of us possess enough in our every day lives.

Courtesy is just as important in our home and school lives as it is in our more public lives.

Courtesy is something for which we must work in order to attain. Few people lacking courtesy succeed in making their lives real successes.

Courtesy perhaps deserves the most credit for attaining positions for the people of our country. It not only helps us in the ways that we immediately see, but it helps to develop our minds and makes the opinions of us much improved.

Those of us who are old enough to realize the importance of this quality in our present and future, should try to present ourselves as an example for the younger members of our home, school and community by being courteous at all times.

#### STOP BOOING

Booing at players, referees and others at our basketball games is all in fun as we of the A. H. S. know, but nevertheless what will outsiders think of our sportsmanship if our games are more or less a booing contest?

Imagine the feelings of the players. It's bad enough for them to lose a game without listening to boos and hisses from the crowd.

Another point to be considered is our cheering section. It's terrible! How can we expect to get a decent cheering section with part of the students at one side of the gym and the rest of them on the other side? In order to have have an organized cheering section let's have all of the students on the A. H. S. side of the gym.

So, at our next home game, with Friendship this Friday, remember to stop booing and have a good organized cheering section. Be sportsmanlike!

#### PLANS FOR MUSICAL ARE PROGRESSING

Members of the musical organizations of Andover High School have been rehearsing diligently for the Christmas musical program that is to be presented Thursday, Dec. 20, at the high school auditorium.

The high school girls' glee club will be arrayed in new sports outfits, consisting of light blue sweaters and white flannel skirts.

Four Christmas scenes with accompanying carols will portray the characters of the Three Wise Men, the Madonna, Joseph and the shepherds.

The program will be presented Thursday morning and afternoon for the pupils and in the evening for adults.

The complete personnel and program of the musical will be printed in next week's issue of the Hi Herald.

#### JUST SUPPOSIN'

Gertrude Dean

John Cannon combed his hair. "Joe" McAndrew kept his mouth shut.

"Jackie" Regan was a toe-dancer. "Eddie" Brewster fell for Mary McAndrew.

Bruce McGill lost his voice. Alice Pope moved to Alfred. Marilla Inanson and "Phil" Lynch eloped.

Dorothy Cronk was in Hollywood doubling for Mae West. The girls' team beat Friendship.

Doris Honegger went to class without her lessons prepared. "Dick" Appier refused to "rob the cradle."

"Dick" Wittie could act his age. A-H-S

#### GUESS WHO?

This girl is a blonde and a Sophomore in high school. She always looks neat and has a charming smile which she wears most of the time. One of her chief delights is teasing the boys.

Studies are the least of her worries for she is very interested in sports and is now a member of the basketball squad. She is a true friend. Answer to last week's Guess Who—Milton Briggs.

### ANDOVER BASKETBALL TEAMS WIN FIRST GAME

The varsity basketball team got off to a flying start Monday night, December 3rd, when Belfast was defeated in a fast game with the score 33 to 26.

As the game started Andover did not look too good. Belfast sank three baskets before the A. H. S. knew what it was all about but Andover soon hit their stride. Owing to the close watch of the referee, A. H. S. lost the ball time and again for "taking steps," but even at that as the quarter ended, Andover was in the lead 12 to 6.

The second quarter was prettily played by the purple and white. They showed good teamwork and fighting spirit. Howard McAndrew and "Ray" Briggs made most of the baskets. At the half Andover was in the lead 20 to 10.

The last half Belfast tightened down, but Andover still sank their baskets. Kemp and McGill played a good defensive game for A. H. S. "Red" McAndrew and "Ray" Briggs came in close for high scoring positions, McAndrew scoring 11 points while Briggs ran up a total of 12 points.

For Belfast, Lang played a beautiful game. He sank some of the prettiest long shots ever witnessed in an A. H. S. game, making a total of seven points for Belfast.

Andover fouled 13 times but Belfast only made two shots good, while A. H. S. made one out of three.

It was a good clean game and the officiating was satisfactory to both teams.

This was not a league game as Belfast is in Class C and Andover is in Class B. The first league game is Friday night at Andover High School with Friendship High School.

#### "Frosh" Win First Game

The Andover frosh team won the initial game of their season Monday night, Dec. 3, when they defeated the Belfast frosh 30-10. The Belfast team was composed of much larger boys than Andover, but what Andover lacked in size they made up in speed.

The game was fast all the way thru, with good passwork. The final score was Andover 30, Belfast 10.

The high scorers for A. H. S. were George Joyce and Billy Dugan, each making ten points, while Don Oakes played a bang-up game at center. The other members of the team played well and we hope that they do as well in games of the future.

J.; Mrs. Ralph Schwartzbach visited Canandaigua; Miss Mildred Farmer went to Rochester; Miss Margaret Kelley to Angelica; Miss Mary Jo Ruse to Canandaigua and Miss Gretchen Trenkle to Portville. Mr. and Mrs. Harry Joyce spent some time in Buffalo. Mrs. Kenneth Alvord, Miss Annette Clifford and Mrs. Milton Richmond stayed in Andover.

Mr. Bretch went to his home in Clayton; Mr. Host to Troy and Mr. McGee to Warsaw.

### ATTENDANCE CONTEST IN FULL SWING

A championship banner will be awarded each month to the grade having the best attendance for the month. There will be two contests, one among the first six grades and one among the seventh and eighth grades and high school home rooms. A banner will be awarded for each contest. The contest started December 3rd.

To determine the winner, the following system of demerits will be followed:

- Each continuous period of legal absence—10.
- Each legal tardiness—10.
- Each illegal half-day absence—20.
- Each illegal tardiness—20.
- Each incomplete half-day (pupil excused)—10.
- Sum of demerits is divided by the number of pupils in the room. Grade with the lowest results wins.
- Pupils are encouraged to help their room win the banner by not being late, not asking to be excused, and not being absent for reasons other than sickness.

#### HI-Y NEWS

Members of the Boys' Hi-Y Club met Thursday night, Nov. 29, and motored to Hornell where they spent an hour swimming at the Y. M. C. A. swimming pool. Thirteen members were present.

After the swim part of the boys attended the show, "Happiness Ahead" at the Majestic theatre. The rest of the boys roamed around the town until the show was over.

They reported having a wonderful time and are anxious to go again. All those who wish to become members are asked to attend the next meeting which will be held on Thursday night at 7:30 at the school building.

Frank Weinbauer, John Cannon, Alan Tuttle and Philip Lynch are going to attend the Older Boys' Conference at Niagara Falls, Friday, Saturday and Sunday, Dec. 7-8-9. They will represent Andover at this meeting.

### ANDOVER vs. FRIENDSHIP

The Andover High School girls' and boys' basketball teams will play the Friendship High School girls' and boys' teams Friday, Dec. 7th at the high school gym.

Friendship should have a strong team with about the same men they had last year. Not much is known about the girls' team.

Altho the Andover boys defeated Belfast last Monday, they could play much better ball than they showed during the game.

It will be the first game for the Andover girls but they have about the same team they had last year and should win.

It is the first league game of the season and a good crowd can help cheer the Andover team to victory. The girls' game is scheduled to start at 7:15.

The starting line-up for the boys will be picked from the following players: E. Alderson, H. McAndrew, J. Cannon, B. McGill, E. Kemp, R. Briggs and M. Briggs.

The starting line-up for the girls will be picked from: A. Dean, R. Church, R. Slocum, B. Kruger, F. Parker, E. West, B. Sly, F. Mulholland, R. Burns, M. Swartz.

### THE SPOTLIGHT ! !

Hello, folks. Here I am. Deke, I hear that Johnny Cannon, our high school shiek, has been writing Marilla notes. You want to watch out, this is the first time Johnny has ever fallen for any girl here.

I wonder why Leo Fulkerson and Joe McAndrew have taken such an active dislike to small children? It dates back to the afternoon of October 6. Come on boys, tell us what it is all about.

So he wants you to wear his "C" does he, Anna? If I were you I wouldn't. It might go over big in Canisteo, but I'm afraid our Andover boys would feel bad about it.

Monday night was a lovely night to look at the fish, wasn't it Howard? Just a little bit cool around the edges.

It looks as if one of our big P.G.'s and one of our handsome Sophomores are going in for the Freshman in a big way. Edwin and Bruce had better be careful because these little Freshmen know their way around.

Does anyone know how a certain Sophomore got his forehead scratched?

Eddie Kemp played good basketball Monday night. I wonder if Beatrice Kruger was among those present?

Clark Gable has been around Harry's no more since Helen came back from Hornell.

We want Charlotte to leave the Wellsville drummer alone.

Station AHS signing off. We will be back on the air again next week.

### THE YELLOW PANTHER

A loud scream came from the mill pond. Another, but sharper scream followed and then all was quiet, but for the running of feet. I grabbed my rifle and ran in the direction of the pond. About a dozen people had collected on a little knoll beside the pond. Everything was still but for the running of the water. Then without any warning the shrill scream that sounded much like that of a woman, pierced the air. Kenneth and I ran on ahead of the crowd that was fast collecting.

As we neared a clump of trees near the mill, a shadow moved in the foliage. We knew it too well to run under the trees. It was a panther. Our rifles flew to our shoulders. We fired and fired again. A dark form fell to the ground and it was a panther all right, and deader than a door nail.

It was the biggest one that had been killed in the country for years. Kenneth and I got a bounty of \$50 for killing him.

(This composition was written by Quentin West, a Seventh grade pupil. The class was given the topic sentence and asked to develop a story from it.)

### PARENTS MAY APPLY FOR FREE MILK

All parents who are finding it difficult to provide their children with the proper amount of milk daily due to financial circumstances may make application for free milk which will be distributed at the local school in accordance with regulations established by the Department of Public Welfare.

Applications will be made on blanks available in all of the grade rooms. This application signed by the parent will indicate the number of glasses of milk which the parent is unable to provide to meet the requirements of membership in the New York State 5-M Club, which indicates a quart of milk or four glasses as the minimum amount that each child should consume.

The purpose of this provision as indicated in a letter received from Mr. I. G. Howe, Commissioner of Public Welfare in Allegany county, is to provide free milk to "pupils who are in need of milk and from families whose financial status is so near the border line that they are unable to provide the extra milk required."

Since the school authorities must certify that milk is being supplied to such pupils only, the school reserves the right to refuse applications where such certification could not be made. On the other hand, parents should feel no hesitancy in making application for free milk in cases where it is not being otherwise supplied.

### SCHOOL HAS NEW FLAG

Have you walked by the north side of the school building in the last week or so? If so, you probably noticed a bright new flag waving on high.

The School Board, fulfilling the duty of the former Betsy Ross furnished the school with a new flag in place of the old flag which was "all tattered and torn."

The flag is six by ten feet in size, which is much larger than the old one, but which is the approved size for a 40-foot flagstaff.

### Fort Clayton, C. Z.

Dear Hi Herald:

Another week has rolled around and brought with it several occurrences. Wednesday morning the hills were spotted here and there with faint blue puffs of smoke as we engaged in sham battle. The ammunition was blank of course.

The recruit detachment with the support of a battery of artillery and a platoon of machine gunners were given the task of holding positions at the top of a very high hill which commands a splendid view of the horizon far out on the Pacific.

The day before, the recruits had climbed to this point and cut new trails and broadened old ones to facilitate the movements of the defending troops. These trails were wholly unknown to the old timers altho most of them were familiar with the ground.

We moved out early in the morning, and after the party had reached the hill we were broken up into groups of one or two squads and led off by our respective corporals to strategic positions. The seventh and eighth squads were situated in a position on the steep face of a hill and dispersed in the tall grass on either side of the trail when the column of blue jackets appeared thru the scrub brush between our position and the road. They halted opposite us and were about two hundred yards distant at the foot of the hill. A party of about two squads or 16 men started to advance quite boldly up the trail towards us and being in a position to enfilade their single file we opened fire. They were quickly repulsed and dropped back. Then a member of another party on our left and around the curve of the hill burst thru the grass near the place where I was kneeling and stated their need of three more riflemen. I and two others left immediately and under his leadership made our way thru the grass, running low. The fire was quite brisk now and came from all the surrounding hills. As soon as we reached our destination, we opened fire on a little shack at the edge of a garden at the foot of the hill. It was from here evidently that an attacking group were intending to make an advance. It took sharp eyes to see them crawling thru the grass and scrub brush and circle to our left. We fired whenever we caught a glimpse of a blue jacket.

We seemed to be holding our own when the order was given to retreat back up the hill. The right probably had had to withdraw. It was gruelling work running up the steep, muddy, slippery trail. When we rested for an instant it was to fire on our advancing foes, now in plain view. We reloaded as we ran. Down into a gully then up another steep hill. Here we went more slowly and finally halted and took a new stand, sweeping the enemy on the opposite hillside. I had only one clip, or five rounds of ammunition left. I fired it sparingly and then started slowly back up the trail. As I passed several of the men they too were without ammunition. I continued to the top where the company commander and the first sergeant were standing and announced the circumstances. The sergeant left, I thought for ammunition and as I waited, seated on a stone, the bugle sounded and the battle was over and we had held our hill.

It was all very realistic and even as I tramped thru the ankle-deep slime on the return march to barracks, I was thinking of how I would enjoy writing to you all about it.

As tomorrow is Saturday and that means strict inspection to the soldiers, I will close.

Your friend,

WILFRED BROWN.
