AMES L. ROGERS, Collector, Andover School District No. 1.

Lewis W. Niles

Lewis W. Niles, whose death occurred Dec. 23rd at his home in Plainfield, N. J., at the age of 90 years, was well known to many News readers. He was born on Niles Hill, town of Wellsville and for years was an employee of the printing plant of the American Sabbath Tract Society at Alfred, going with the office upon its removal to Plainfield where he continued as an employee as long as health permitted. He leaves a daughter and two sons.

Deaths

Dec. 24. Mrs. Milo Thayer, aged 72 years, at her home in Houghton, after an illness of short duration. Surviving are her husband, a daughter and two sons.

Dec. 23.—George Hadsell, born in 1861 in West Almond. He had been a resident of Angelica over 30 years. He leaves a brother, Henry Hadsell of Schenectady and four nieces. Mr. Hadsell was an active member of the I. O. O. F. lodge, who conducted the farewell service.

Dec. 24.—Mrs. Elizabeth Hubertus of Wellsville. Deceased was born in Dansville in 1846. Surviving are three sons.

Dec. 27.—Peter Pyrnes at his home on East Hill, Friendship. Deceased was born in Wellsville, May 1, 1861. He was a driller in the oil fields. Of his immediate relatives a brother and sister survive.

Hagadorn, daughter, Miss Florence, an instructor in the Rochester schools and a son, Kenneth Hagadorn, postmaster at Almond.

Mazda Lamps

Insure good light at low cost. Efficiency in a lamp is its ability to convert electric current into light economically and to do so from the time the lamp is first put into service and throughout all its burning hours. Mazda Lamps of General Electric manufacture convert electric current into light and at the end of their lives still retain 90 per cent of their original efficiency.

Mazda Lamps are of uniform high quality. Most of the popular sized Mazda Lamps are designed for a life of 1,000 hours. Many inferior lamps burn as long but one cannot afford to use them.

Lamps not made to burn out while still close to peak efficiency, waste money for every hour they burn beyond this limit. Long life in lamps of nondescript manufacture may be a costly item. Look for the mark "GE" on the end of each Mazda Lamp you buy—"GE" is your guarantee of good light at low cost. The new science of seeing—the study that shows the direct relationship between better light and better sight—has made the public thoroughly conscious of the need for better light—and "GE" Mazda lamps satisfy the "better light-better sight" campaign which goes on month after month.

LaPage's Glue

If the metal toes come off your shoe strings, dip the laces into LaPage's Glue. This will stiffen the ends and make them easy to put thru the eyelets.

Dog Owners' Notice

Dog licenses for 1935 expired on December 31st, 1935. The 1936 license fee is due January 1st. Licenses so issued will cover the period from January 1 to December 31, 1936. Every dog must wear a tag of the current dog license year.

A dog without such a tag is not protected by law and no action can be maintained for his injury or destruction.

An unlicensed dog may be seized and killed and the fact that a dog is without a tag is presumptive evidence that the dog is unlicensed.

Dog licenses must be obtained from the clerk of the city or town where the dog is harbored or kept.

License fees: Male dog, \$2.25; female dog, \$5.75; spayed female dog, \$2.25. These amounts include clerk's fees.

No license can be issued for less than the full license year.

The owner of a dog who fails or refuses to obtain a license for the dog as required by law incurs a penalty of \$10.00 and costs.

The enumerators of towns and the police departments of cities are required to prepare in January of this year a list of dog owners. The omission of the name of an owner from the enumerator's or police list will not excuse the owner from obtaining a license.

If you owned a dog last year and do not own one now, so advise the clerk of your town or city.

Dog licenses in the town of Andover are issued by A. L. BLOSS, Clerk. P. O. Address, Andover, New York.
