#### MUSIC—AN ART

Music for a living, music for enjoyment! There are very few people who have talent enough to earn their living thru the medium of music. Those who do usually have a long hard pull to gain their goal. But most of us with a little practice can get considerable enjoyment from music. If we cannot do this we can at least be appreciative listeners.

Music is truly a great art because more people appreciate it than any other art. Music has the ability to penetrate into one's inner self and raise them to greater heights, or it can, on the other hand, lower them to the depths of despair.

Therefore, music is an important factor in everyone's life and should be taken more into consideration.

#### THE NEW SEMESTER

"Hurrah! Exams are nearly over!" can be heard almost anywhere and by nearly everyone, both students and teachers. This week, dreaded by us all, is nearly over, why not be glad! But just don't forget we still have a whole semester of work before us!

Here's a suggestion to everyone in high school, which I am sure if we all follow it, would prove very helpful to us, and our studies in two:

Now we are starting a new semester, make a fresh start, and start it RIGHT! Get every lesson as it is assigned and learn it well. If we would all do this it would be much less work for us, as well as for our teachers. If we do this, all we will have to do will be some good reviewing before examinations and we will be reasonably sure of passing.

Many of us are inclined to think that we might as well learn it the night before our "exams," but I am sure we would find a great difference in our grades if we learned our work daily and reviewed it the night before exams.

None of us is too heavily burdened with school work that we could not get our lessons every day if we would try. A little studying every day will save a great deal of work and worry before exams and should give us a greater assurance of passing.

Just as we begin this new period of school work, let us all look ahead to next June and with a picture of the week previous to Regent's week in mind, start preparing for it now!

#### ANDOVER SCHOOL TO BROADCAST FROM WHDL

On Sunday, Jan. 26th, a group of about 15 children from the grade school, accompanied by their director, Miss Leona Marsh, will present a half hour program from radio station WHDL at Olean, N. Y. The program will consist of recitations, vocal and instrumental selections.

Station WHDL broadcasts on a frequency of 1430 kilocycles and the program begins at 12 o'clock noon. Parents and interested friends will want to tune in on this program.

#### PRIMARY SCHOOL TO START FEBRUARY 3rd

Instruction for children of school age who have not yet entered in first grade will begin Monday, Feb. 3rd, according to an announcement made by Principal Glenn E. Bretsch.

This instruction will be given by the first grade teacher, Miss Marjorie Ellis, following in general the plan inaugurated last spring. Although the work will be largely kindergarten in nature, the group will be called Grade IB and extending over a longer period of time will very definitely lead into regular first grade work which will be called Grade IA.

All children who are five years old should attend this instruction as it will be of great assistance in doing the Grade IA work next September.

Announcement as to the exact time of meeting of the group will be made at a later date.

### A.H.S. DEFEATS BOLIVAR

#### CLASS A TEAM

The A. H. S. eagles added another feather to their cap Friday, January 17, by defeating the Bolivar first team on the local court in a fast and exciting game of basketball.

In the first few minutes of play, the players on both teams started in with such zest that it seemed that the score would be comprised only of points gained from foul shots. But after a few minutes of play, both teams settled down into some good fast basketball playing.

As Bolivar has a Class A and Andover a Class B team, Bolivar still seemed confident of victory at the end of the first quarter when the score stood 11-6 in favor of Andover. Their confidence seemed warranted when they began pulling up their end of the score in the second quarter and left the floor at the end of the first half leading 18-17.

From then on the game was doubly exciting. In spite of the fact that Bolivar was in the lead 23-20 at the end of the third quarter, Andover did not give up fighting for an instant. As a result of that plucky spirit the score was tied 24-24, but not for long, because Bolivar came thru with a foul shot to put them in the lead again with one point.

Urged on by the cheers of the students, the home team not only held their opponents at 25, but surged by them to end the game after a time out and two minutes to play, with the gratifying score of 33-25 in Andover's favor.

Briggs was the high point man for Andover with 12 points to his credit. Except for a few instances the team played well together, and none did not seem to be up to his usual game and McAndrew was not playing, which meant that the end of the game had to be a bit of a surprise.

### WELLSVILLE GAME POSTPONED

The Purple and White team will not journey to Wellsville Friday night as was originally scheduled. It has been deemed advisable by the school and health authorities to postpone this game in view of the recent epidemic of scarlet fever. The game will probably be played the latter part of February.

Also the team has a rest night on Friday; the boys have a real as signment Tuesday night when they travel to Cuba to start the second round of the league season. The home team had very little difficulty in defeating Cuba here earlier in the season, but it is generally known that the Cuba boys play a very different brand of basketball than the home team.

### GRADE BRIEFS

The Third Grade has started a transportation project. The pupils will study transportation by land, water, air and the methods of transportation in other countries. They are studying transportation by water at the present time. Each student drew the kind of ship that he would like to sail in. Later they will make their ships out of clay.

All of the grades are preparing for examinations.

The Second Grade has started a weather chart. They have made a thermometer on the blackboard and each day mark on the thermometer the outdoor temperature. A weather chart indicates the kind of weather we're having. Yellow stands for sun, blue for rain, white for snow and black for cloudy.

### WHO'S WHO IN "HOBGOBLIN HOUSE"

What happened to the Seniors when they went into the "Hobgoblin House?"

James Lynch became the caretaker of the place, changing his name to Darius Krupp.

June Babcock, who must have gained some wealth became Miss Priscilla Carter, the owner of the "Hobgoblin House."

Like everyone else, Miss Priscilla Carter has to have some one to boss, so she bosses her two nieces, Misses Jill and Marian Carter, better known to us as Jessamine Briggs and Dorothy Nobles.

Of course the story would not be complete if the two nieces did not have boy friends—so Frank Weinbauer and Donald Lynch vie with that famous lover of the screen, John Barrymore, Frank Harlow and Jack Loring, the two fiances of the girls.

As a house is not quite home if there is not a cook, housekeeper and gardener, Roberta Church became the darky cook, Delilah Worts; Beatrice Sly the 'English' housekeeper; Susan Parkins and Oliver Kruger the darky gardener, Henry Globber.

It wouldn't take a very vivid imagination to visualize Joseph McAndrew as "Bluebeard" Bronson, an escaped maniac and Donald Edwards as the maniac's keeper.

Because the "Phantom" is headless, almost any Senior could have become that character upon entering "Hobgoblin House"—the question is: Who did?

## !! The Spotlight !!

Hello everybody, this is the Spotlight speaking, but not about the weather. Altho there was some snow it didn't seem to bother any of our A. H. S. heroes by the result of my "spotting" this week. I think there has been "goings-on."

It seems we've lost our friend Fanny. Perhaps she's homesick for her old friends. I don't blame you, Fanny.

I guess Carrol B. has fallen for the school bus chauffeur, Winifred. I suppose you're responsible for this. Carrol is getting careless in all his work and draws Ford V-8's all the time. Better watch him.

Cleon P., it seems, likes to tease the girls. He rose from his seat and touched Marian S. and she exclaimed: "Why, Cleon, you shock me." Don't overdo that, Cleon.

Clayton B. has at last fallen for one of our Sophomore girls. It is none other than Mary Greenan.

It would look better if more would show interest and go to the games out of town instead of hinting at those who do. Take heed and go.

Whose locker was John Cannon so interested in last Thursday? Be careful John, or Ida Mae will get jealous.

What's happened to the Briggs-Backus affair? Can it be that Duke Lynch now has the inside track?

We hear that Bea Kruger rides in a Ford now. Wonder whose it is? Eddie K. has a new flame, none other than little Anna P.

"Jarv" Lynch likes to stay down to his sister's. Could it be Thelma that is the attraction?

Who is the person who waits at the entrance for Eddie Alderson at noon?

The boys certainly had a good time in the bus last Tuesday night until they had to move.

Clyde R., you've got to stop talking to Jo Butler in home room. She doesn't like to remain after school. After all, Clyde, you are Rev's brother and he might be inclined to be jealous.

Jackie M. and Doris H. certainly make a lovely pair. Jackie sits and looks at Doris continually. Could it be that Jackie is day dreaming? I bet that Charlotte and Eddie have a new chauffeur. Of course, Eddie and Charlotte ride in the back seat while the chauffeur and his girl friend drive the Ford.

Ida Clair, do you enjoy going out in cold weather? Maybe Leo could take you riding on his bicycle.

I see the Lynch-Cline affair is all broken up. Now Regina, what is the trouble?

Clyde K. has again renewed his old acquaintance with Gertrude S. Is she as nice as Fanny, Clyde? I'll have to say so long because I'm using up all the space. Be good boys and feds.

### THE SPOTLIGHT.

P.S.—Roberta seemed to be quite impressed by No. 4 on the Bolivar team last Friday.

### HOW SMART ARE YOU?

There are two girls, Mary and Betty, who both have some marbles. Mary says: "Betty, if you give me one of your marbles I'd have as many as you have." Betty says: "If you would give me one of yours, I'd have twice as many as you have." How many marbles did each have?

Two cars, going in opposite directions pass each other at a given point. One car is going 70 miles an hour and the other one is going 30 miles an hour. After they have gone a mile, how far apart are they?

What word of ten letters starts with G-A-S?

What is it that you eat for breakfast and drink for dinner?

### BOE ZECKELY COLUMN

Dear Boe:

I think I am in love with a beautiful Sophomore brunette. As I live in the country it is impossible for me to see her thru the week. How am I to make my parents understand why it is necessary to stay down occasionally?

She is the first girl I have ever cared for and I would appreciate your helpful advice as to how I can win her.

Dreamy, CLEON.

Dear Dreamy:

As you are such a fine looking boy it would be a simple matter to win her except for the fact that it is impossible for you to see her during the week.

If it is possible to stay down for a month you could win her easily, but if this cannot be done, you will have to make the most of the time you see her in school and Saturday nights.

With best wishes,

BOE ZECKELY.

## .. HUMOR ..

Jean M.: "My sweetheart has just lost all his money."

Hilda C.: "Don't you feel very sorry for him?"

Jean M.: "I surely do. How he'll miss me."

Milton Briggs: "Good-morning, sir. Here is my card, I am a candidate for Congressman-at-large."

Bruce McGill (a taxpayer): "I see you're at large. I suppose the police have overlooked you."

Carolyn Dolan: "I notice your boy friend always has his hair cut short." Beatrice Kruger: "Yes, the coward."

Donald J.: "I suppose you think I'm a perfect idiot?"

Joe McAndrew: "Oh, none of us is perfect."

Mr. Host: "Why is the varied topography of New York State advantageous?"

Victor Y.: "Well, the lowlands are fertile and good for agriculture, and the hills are grassy so they can pasteurize cows."

Miss Day: "George, what street do you live on?"

George: "Chestnut street."

Miss D.: "I thought there was something nutty about you."

Montrose Greene wanted to know why there was a haze over the hills in the fall. Dolores Farwell wouldn't answer the question because she thought it was a hazy one.

### GUESS WHO?

Another member of the Senior Class! She is very attractive, with light brown hair which she wears done up and large, sparkling eyes. She is an excellent dancer and very well liked.

When going to school she stays with a girl friend with whom she is usually seen. Her girl friend is also a member of the Senior Class.

She has a boy friend from Wellsville much to the disappointment of the Andover boys.

This girl has one sister who is an alumni of Andover High School and who was very popular also.

It shouldn't be hard to guess who she is, for no one else could answer to the same description.

Answer to last week's Guess Who: Veronica Lynch.

### Dog Owners' Notice

Dog licenses for 1935 expired on December 31st, 1935. The 1936 license fee is due January 1st. Licenses so issued will cover the period from January 1 to December 31, 1936. Every dog must wear a tag of the current dog license year. A dog without such a tag is not protected by law and no action can be maintained for his injury or destruction.

An unlicensed dog may be seized and killed and the fact that a dog is without a tag is presumptive evidence that the dog is unlicensed.

Dog licenses must be obtained from the clerk of the city or town where the dog is harbored or kept. License fees: Male dog, \$2.25, female dog, \$5.25; spayed female dog, \$2.25. These amounts include clerk's fees.

No license can be issued for less than the full license year.

The owner of a dog who fails or refuses to obtain a license for the dog as required by law incurs a penalty of \$10.00 and costs.

The enumerators of towns and the police departments of cities are required to prepare in January of this year a list of dog owners. The omission of the name of an owner from the enumerator's or police list will not excuse the owner from obtaining a license.

If you owned a dog last year and do not own one now, so advise the clerk of your town or city.

Dog licenses in the town of Andover are issued by A. L. BLOSS, Clerk, P. O. Address, Andover, New York.

### SPECIAL NURSE ON DUTY

During the convalescence of Mrs. Carol Carpenter, the duties of school nurse have been taken over by Miss Bertha McCormick. With the cooperation of Dr. Leahy a thorough examination of grade pupils was made Monday morning. Miss McCormick has visited the homes of all pupils who are absent on account of illness and is checking carefully on all sore throats or colds in school.

Andover is most fortunate in having no cases of scarlet fever since the serious epidemic in neighboring villages.

"FRESHMEN"

Well, I DACLAIRE, I almost DODGED telling you about the SWEET BRIGGS' "Freshmen." The ship is painted GREENE with white letters.

Besides the BAKER, BUTLER, COOPER, WITTER, SPICER and the HON. EGGER, we have a crew. Some of them are FULKERSON, SAUNDERS, DAVIS, MILLSPAUGH and WALDEN.

Instead of DOI-AN out their pay we have a FEE. NAUGHTY members of the crew have to pay a small fee to the captain, but the others get only what they deserve. EARLEY one DAY we had a BUR GETT loose from the steering wheel. It seemed to SCHOONOVER the WA(I)TERS.

ORMSBY suffered from BURNS. He was kept in his bunk most of the time. His only amusement was watching an ANT AN-a box.

When we started from shore some NOBLES came aboard. They were LYNCHED and put aboard the "FO-TINEY" when it was NYE.

Just before we left land the kitchen WAHL was painted. On the shelves we had some of our supplies which included some BALDWIN apples, some hamBURGER, a ten gallon cask of MEAD, 50 quarts of TERIBURIES and other more necessary items.

I reJOYCE to tell you that after all our travels around the world our cargo of GOODRIDGE tires and "AK(es) beams were all safe.

FADWELL.

Yours, CORVEIL.

### Does Bladder Weakness WAKE YOU UP?

Make this 25c test. Remove the cause. Use buchu leaves, juniper oil, etc., to flush out excess acids and impurities which causes irritation that results in restless nights, burning, scanty flow, frequent desire, or backache. Ask for little green tablets called Bukets, the bladder lax. They work on the bladder similar to castor oil on the bowels. In four days if not pleased any druggist will refund your 25c.
