### Hail and Farewell

THE King is dead; long live the King! cerely mourned by all peoples. He was a great stabil- debate and discussion, however emotional. izing force in a disturbed world. As a man, he commanded the respect and admiration of everybody. We alarm which we hear expressed in many quarters.

of Great Britain, Emperor of India, etc., etc., His Ma-The United States is the oldest government position to which he has succeeded, the task ahead of any which confront us now. him is no easy one. He comes to the throne of the greatest Empire the world has ever known, in a time strain as has never been felt since the World War. Edward VIII. has had thrust upon him the job not!

only of preserving the British Empire, but in no small degree that of preserving the peace of the world Every American must wish him success in both tasks: for an important part of his realm is our own nearest' neighbor, Canada. Also, perhaps, our greatest national concern today is peace.

### Kipling in America

THE cables report that Rudyard Kipling, who died a purpose. the other day at the age of 70, left an estate estimated at nearly \$4,000,000. Every dollar of it helmust begin with the children of today. earned by his writing, and the greater part of it came If in their childhood they are taught to differenfrom the American readers of his poems, stories and tiate between wisdom and foolishness, between novels. And that is as it should be, because Kipling good and the bad, between right and wrong, the lessons had a love and admiration for this country such as no they learn will bear golden fruit in after years, and other British writer has ever expressed. He knew and the community we love so well will be brighter and understood America. His "American Notes," written hetter because of the influence the will axait back to his new-paper in India when he was a young the citizenry of their day. man looking for a newspaper job in this country. Remember the little children of today, for tomor breathe a spirit of understanding of this contry in trot they will have children of their cur, and the every line

him," he adjured his readers back in India.
