Baker's Hardware News

When a couple of lying golfers meet, the recording angel has to start writing shorthand.

Paint!

Paint time is just around the corner, and there is no better time of year to paint than in the spring. Bright, sunny spring days, when there are very few flies and insects, are so favorable to a good paint job.

If you are considering any paint jobs, we urge you to buy Moore's Paint—it will do your paint job right.

For your out-door paint job, first use a coat of Moore's Primer—This formula seals up all the rough and peeled spots and painters marvel at its covering capacity. A coat of this Moore's Primer will put your building in such condition that a second coat of Moore's Paint will stay in good shape and look good for a long time.

For your indoor paint jobs, we suggest you use the quick drying Utilac, a Moore's product, or Interior paint. Either product does a neat, long-lasting job, and is economical too.

Bring us your paint problems, look your buildings over inside and out, and we will be very glad to give you price estimates for any job—large or small—without any obligation or cost on your part.

Seeds—Timothy & Clover

The "Seeding Season" is fast approaching, and orders are being booked at \$2.25 for Timothy carrying a purity of 99.75 or better with a good germination test, and Clovers at a correspondingly low price.

If the price advances you are protected if you order now, and if it goes down, we reduce our prices to you accordingly.

You have everything to gain and nothing to lose by getting your order placed early.

Come in and let us figure on your wants. Your order, placed now, protects you on seed price fluctuations, so get yours in early.

Sugar Tools

March is the month for making sugar and syrup—and we are ready to supply your needs for syrup cans, sap buckets and sap spouts. Also Tapping Tools.

Enameled Ware

Ivory and green, and dove tone trimmed in blue. A good assortment of all kinds of cooking dishes, baking dishes, basins, wash basins and everything a housewife might want, at prices to suit the purse of everyone.

"So-Lo"

For mending the soles and heels of shoes. Easy to put on, and good to wear—25c.
