SPRING FOR VEGETABLE

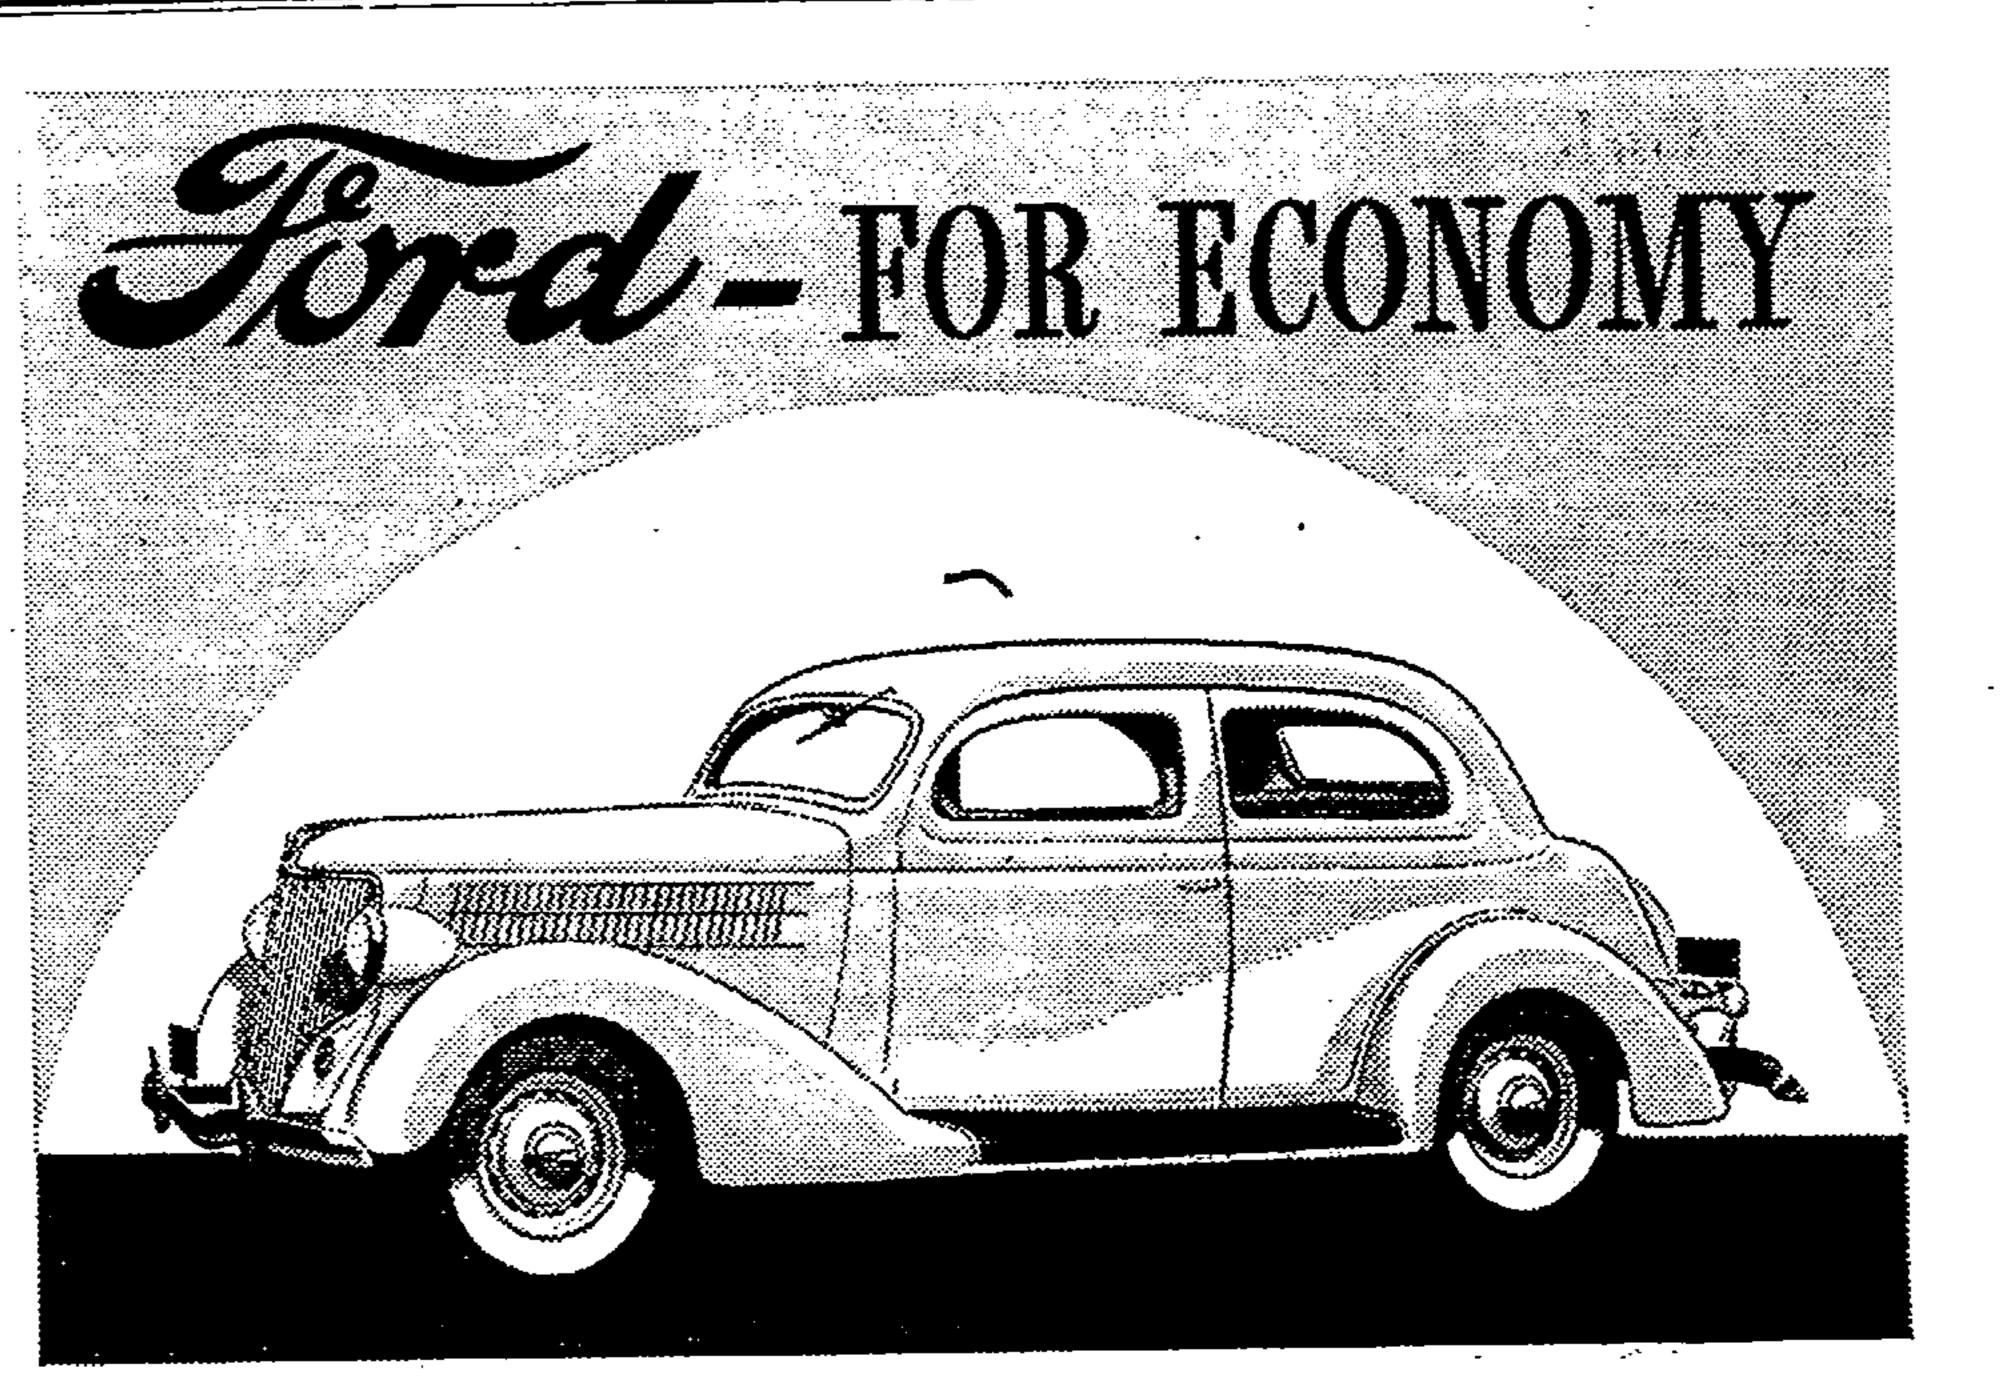

DINNERS A real vegetable dinner, according to the foods and nutrition specialists at the New York State colmade up of at least three vegetables should be a green one, preferably a leafy one, such as spinach or chard. added note of color, as shown in beets, carrots or tomatoes. The third vegetable may be anything desired but should vary in color, texture, or method of preparation from the rest, if possible. One of the vegetables should be cooked to include milk, cheese or eggs. The following vegetables make delicious combinations for dinners: 1.—Buttered spinach, broiled tomatoes, stuffed onions, potato puff. 2.—Shelled beans, cabbage, stewed tomatoes, stuffed baked potatoes. 3.-Chard, buttered beets, corn pudding, browned potatoes.

4.—String beans, baked tomatoes, buttered onions, potatoes au gratin. 5-Green peas, buttered carrots, baked potatoes, spinach. Any of these combinations, served with a relish and a garnish, bread and butter, a beverage and a fruit dessert, makes a satisfying and

"VITAMIN" means "life-carrier." SLEEP immediately after memor-

izing material makes it easier recall it, according to Dr. H. M. Johnson of the American University, Washington, D. C.

MEASLES is not "a minor disease of childhood." In young children i often leads to pneumonia. Medical science has now provided improved treatment for this disease, but its seriousness still remains.

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

and ends with gasoline mileage. Some average driving (8400 miles at 18 cents salesmen would like you to believe it is a gallon). Here are the big items that the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a Ford V-8 gives you more real quality great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

ENTHUSIASTIC sales talk often begins gallon is less than \$10 for a whole year's make the Ford the most economical car:

> More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation.

Quality means economy and the 1936 than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Check up and you will find that the Riding, safe, sure mechanical brakes and
