EDITORIAL AFTER SCHOOL WHAT?

The school year is nearly gone.

no studies—just fun. But with the Seniors it is a more serious affair. Of course, there i always the recourse of coming back) to school for post graduate work. The thoughts of graduation spurs them on, not to go back to high school, but to enter the whirling mass in the world.

higher education, but for the rest But what work?

is going to be successful. How could ma Crowner. a brick-layer immediately become a . these things.

So now is the time both for the agritations.

EDITORIAL OUR PLAYGROUND

Some parents have criticized the children to enjoy. Everything was all right until one parent saw al go. Had there been any stones Northrup. where he landed, he would have been The Dream Fairy---Flossie F seriously hurt.

Most of the pupils do not realize how hard it is to hang with the weight all pulling on the hand and arm muscles. It is fun to whir! around as fast as possible, but the danger to other riders should be considered. A little thoughtfulness' will prevent any harm coming from swinging on the wave stride. The best way to use this apparatus is for several people, evenly spaced, to hang on, and then start!

running around, giving a shove every time the feet touch the ground. this manner more children can ride and it will be safe for everyone. High school students should think formed of the smaller children first, and help in every way to make our playground safe.
