Baker's Hardware News

The Expert

He had just stolen a hurried kiss. "Don't you know any better than that?" she demanded indignantly.

"Sure!" he replied. "But they take more time."

Onion Sets

Yes, onion sets are cheap this year and can be bought for any old price from three cents to 12 cents a quart. Our stock is the genuine Ebenezer—the same kind we have sold for years and from which many people have raised their delicious winter onions. The price is 10c per pound.

Flower Wire Guards

If you wish to protect that choice shrub or tree, put a wire protector around it.

We have this material in plain and scalloped top; made of galvanized wire and it will last a lifetime. Come in and tell us your needs and we will give you prices made in any size you wish.

Harness Repair Time

Is your harness ready for the spring work? If not, you will lose time some day when you ought to be sowing grain.

Better look it over and put in that extra rivet, hame strap and extra snap so you will be ready for work when the time arrives. A good oiling will help preserve it.

Scott Towels

Are so thrifty—only a penny for a dozen. They are such a convenience for every home. They eliminate rinsing of messy kitchen cloths, make fewer dish towels to wash, are so handy for mopping up spilled liquids, drying the hands, greasing cake pans; for dusting, polishing mirrors and glassware, and for draining foods. Scott Towels are made of "thirsty fibre"—an exclusive Scott Paper Company development—and they are twice as absorbent as ordinary paper towels. Try Scott Towels and see the difference. Two big rolls for 25c.

Solid Braided

Cotton lines, regular sash cord quality, 100 feet long. Clean, flexible and stronger than ordinary rope—three times as large at 49c.

Shelf Paper

Shelving in closets or the pantry looks better and retains a cleanly attractive appearance much longer if covered with specially prepared shelf paper. Comes in folds 12 feet long with a lacy edge and flowered border—5c per package.

Gert: "I think it's a shame to send those nice sailors to China. What will they do there?"

Peg: "Good heavens, Gert! Ain't you ever been out with a sailor?"

SPIKE SAYS—

DID YOU SAY THE TURTLE WAS TRADED FOR YOUR BRASS SHOOTER? GOSH, HE NEVER DID THAT WHEN I HAD HIM

There are no "comebacks" and no alibis when you have your repair work done here.—We know the jobs are done right because we insist on a thorough check-up and careful inspection before the car leaves our shop.

Our wide experience enables us to diagnose car ills quickly. And we have complete equipment to correct them.
