TIME

As we near the end of the school year many of us are planning how we shall spend our summer vacation. Perhaps some of us are planning to spend our's working, while others believe that after our year of hard school work, a vacation is more needed, as well as more enjoyable.

Oftentimes we allow ourselves to loaf about, doing nothing and we often hear ourselves uttering the most familiar cry of "nothing to do." This is probably largely our own fault. There are innumerable ways in which one's time can be spent to a good advantage. When we spend our money, there is the possibility of some time regaining this amount. This, as we know, is not true with time. When it is spent it is gone forever. Time is probably the most important factor of our lives because everything we can ever hope to be or do is dependant upon using Time rightly.

While planning our school work, vacation or whatever it may be, time should be valued as dollars and cents, and should be planned for in such a way that we shall receive the most from its use.

HOW 'M I DOIN'

Continuing the series of suggestions made for social betterment by J. C. Wright in "Common-sense Conduct and Fundamental Manners for High School Pupils," we herewith offer the following:

- Self-Respect and Personal Habits**
- 1.—Maintain good health by proper food, sleep and exercise.
 - 2.—Keep your hair and nails neat and clean.
 - 3.—Bathe regularly.
 - 4.—Dress appropriately for school.
 - 5.—Be sensible in the use of cosmetics. Remember charm through naturalness rather than artificially is desired for high school pupils.
 - 6.—Avoid harmful habits, but form helpful ones.

BELMONT BEATS ANDOVER AT BELMONT

The Andover High School baseball team journeyed to Belmont Monday and lost the opening game of the season by an 8 to 3 count. The Purple and White showed a decided lack of practice and committed ten errors. Don Lynch, hurling for Andover, pitched a nice game, allowing but five hits and striking out ten, but the errors and mental lapses of his teammates gave him little chance for a win.

Belmont coupled two walks, two hits and an error for three runs in the first inning, added another in the third on a hit and two errors, and made certain of the game by collecting three more in the fourth on two hits and four errors. The last run was scored by Pierson on a walk and two more errors.

Andover's scoring was confined to the sixth inning when McGill led off with a double and scored when Kemp reached second on an error. Alderson singled to drive in Kemp, went to second on Briggs' strikeout and scored as the Belmont shortstop made a spectacular stop to rob Fulkerson of a hit.

The work of re-building the baseball diamond has necessarily retarded the local team in their practice and may have some bearing on this loss. The team hopes to show a reversal of form on Friday when Canaseraga, last year's champions, are to be met on the local diamond.

E. C. HUMPHREY SPEAKS AT HIGH SCHOOL ASSEMBLY

E. C. Humphrey of the Rochester Business Institute spoke at the high school assembly Thursday morning, May 7th.

JUNIORS CONTINUE PRACTICE

In spite of many spring diversions such as baseball, fishing and—er—what not—the Juniors are "plugging" along on their play and are hoping that their efforts will be rewarded by a successful production presented to an appreciative audience May 27th.

A. H. S. TO COMPETE IN SPEAKING CONTEST

A contest preliminary to the Allegany County Speaking Contest will be held Thursday afternoon at 3:30 before the judges only, when two boys and two girls will be selected from the entire group trying out to give readings, next Tuesday morning, May 12, at a special assembly. The winners in the Assembly try-out, one boy and one girl, will be privileged to go to the County Contest at Bolivar, May 13 and 14.

The participants will be judged upon the quality, clearness and loudness of their voices, clarity and pronunciation of words, the interpretation will be judged by the tempo, delivery, mood and voice level, the posture and gesture which contribute to good stage presence will also be judged, as well as the memory work and the difficulty of the selection.

ANDOVER TO PLAY FIRST HOME GAME

The A. H. S. Boys are to play the first home game of the baseball season, Friday, May 8 at 4:15 p. m., with the Canaseraga boys ball team on the local diamond.

The Purple and White team have an excellent team to compete with Canaseraga's so the game promises to be a very exciting one.

Students should get out and yell for the boys and show their school spirit.

SCHOOL EXHIBIT IS PLANNED FOR MAY 18

A new feature of this year's school program will be the holding of an exhibit featuring a display of various projects and other class work done by the various grades and high school classes. This exhibit will be held the evening of Monday, May 18th, and all parents and friends are urged to visit the school building that evening.

A free program in the auditorium will be an added feature.

HUMOROUS HAPPENINGS

Beatrice, in giving an oral report on Samuel Johnson's life said: "Samuel Johnson disapproved of mingling real facts with fiction. For this reason he censored the book 'Love and Madness'."

Ivar Lee Rogers interrupted with, "What's the difference between the two?"

GUESS WHO?

When you haven't anything to do go into the Freshman home room to see who is in there. You will find a boy of medium height, light wavy hair, light complexion and blue eyes. This boy sings in the Glee Club. During the seventh period you will find him in English class under the direction of Miss Day. He is well liked by both girls and boys. This person is inclined to mischief, if you don't believe it, ask any of the faculty members. Take one big guess and you will guess the right person.

Answer to last week's Guess Who—Carolyn Dolan.

!! The Spotlight !!

Here's your ole' pal, the Spotlight back with you once more, with the hope that I'm still your friend after the dirt swept up last week. I sometimes "thank the lucky stars that you don't know who I am, for if you did—well, I might do worse than lose my telescope—I might also lose my mental and physical ability to write down what I see.

First, I feel it my duty to give James Lynch honorable mention in this column. He certainly does his part as a student in giving the Spotlight something to talk about. This week it seems that he has been seen various places with Fern Holroyd.

Regina Lynch, where were you Wednesday night? You must remember that even though I no longer have a telescope, I'm not blind. I couldn't help seeing you and the Tuttle alumnus strolling around.

Did you go to the Athletic Association dance last Friday evening? You missed one grand time if you didn't. For your benefit, I might tell you some of the couples who were there—There was Eddie Kemp and Jessamine; Doris Honegger and Ray Lehman; Edna Honegger and Clyde Kemp; Marion Burgett and Clyde Briggs; Charlotte Cook and Edwin Alderson; Mary McAndrew and Ray Briggs; Bruce McGill and Rita Dean; Donald Joyce and Edna Joyce; Joe McAndrew and Gertrude Dean; George Joyce and Foinney Karcanes; Regina Lynch and Kenneth Vars; James Lynch and Katherine Lynch; Marion Swarts and "Red" McAndrew.

Well, Donald Lynch, if you're determined to go with an Alfred student, the only thing I can figure out is that one of you get a car—Just a little motherly advice.

If anyone should happen to ask me, I'd say that the affair between Leo Fulkerson and Maxine Crandall is getting rather serious. Of course as no one asked me, I'll not say anything about it.

So M. I. is up at Tip Top these days? How do you like it, Marilla? Boy, oh boy! Was I flabbergasted when I heard the bulletin that the high school pupils were to be allowed on the playground Tuesday of every week. I thought it was just a big joke, but—the bigger joke is the fact that on Tuesday the playground was swarmed with "tiny tots" from the high school.

Listen folks, don't get shocked over a little trifle like that—But here's something, I wager that will shock you far above anything. I overheard Mr. Host say that he thought they should extend the same privilege to the faculty members and let them have the use of the playground one day a week. More power to him.

Believe it! The U. S. Navy will be here for an engagement! Don't let me kid you, for it is only the Girls' Glee Club.

C. Will, again I'm warning you to stay out of nearby towns! Oh, yes! C. W. has been down to see H. Dean lately.

Flash! Flash! Here's the highlight of the week—Roberta's father is trying to marry her off. Come on you boys—see what you can do to live up to the certain qualifications. Henry Antan has already started. He told her father that his wife wouldn't have to wash or iron—Get busy and see if you can offer even more than Henry did, for the one

ATHLETIC ASSOCIATION TO HAVE ANOTHER DANCE

The Athletic Association of the Andover High School is to have another dance on the evening of Friday, May 8th. As before, the music is to be furnished by the radio victrola. The admission is to be 40c per couple and stags are again excluded. There will be dancing from 9 to 2 o'clock.

The Athletic Association profited \$7.00 on their dance which was held last Friday, May 1st.

HIGH SCHOOL PUPILS RECEIVE PRIVILEGES

The high school pupils are to have the privilege of playing on the newly-equipped playground Tuesday of every week, after school. On this day the grade pupils will not be allowed to play there.

GRADE BRIEFS

All the grades are decorating their rooms in preparation for the school exhibit to be held soon.

Robert Sanders, a fourth grade pupil, is sick in the hospital at Wells-ville with appendicitis.

The pupils of the eighth grade are redressing their marionettes. This time they are going to produce "Revolt of Mother."

The sixth grade pupils have made very clever posters to illustrate the poem, "Trees," which they have been studying.

The sixth grade pupils have made graphs which give the pupils an inventory of the work they have or have not done this year.

BOE ZECKELY COLUMN

Dear Boe:
I am one of those dignified Senior boys in a predicament. There is a Freshman girl who lives about a half mile from town. I have a great affection for her.

How can I attract her attention? Noons I return to school early in order to dance with her, but that makes no impression. What shall I do? It seems so hopeless.

—Puzzled JOE.

Dear Joe:
All I can say is the often repeated but not worn out advice, "a faint heart never won a fair lady." You say she lives a half mile from school? Well, you could try walking back and forth with her because a half mile is generally a pretty long walk alone. You also say that you both dance. Keep it up. It's good exercise and it doesn't wear out as much shoe leather as walking. All I can say is to try, try again.

—BOE.

who can offer the most is the lucky man.

I heard they had quite a time trying to get Cleon P. home from Belmont. What's her name Cleon? and—he wasn't the only one, Don J was mighty interested in some blonde!!

I hear the Junior play is coming along fine but Bruce says theses late hours are getting him down. We wonder!!! Maxine and Leo don't seem to mind!!!

Well, you children don't seem to be doing much but what you do do the Spotlight will be on deck to see—as that's the duty of "The Spotlight."

GIRLS' GLEE CLUB HAVE BAKE SALE

The Girls' Glee Club of the Andover High School had a bake sale Tuesday and Wednesday afternoons, May 5 and 6, for which the girls took orders.

Their profit will amount to about \$7.00 which is to go toward getting their glee club uniforms.

Who gave a jolly old toast,

Ticked quite pink,

He rushed to the sink

And slipped down the drain to the coast.

Who thought he had quite a big head

It was his desire

To put gas in the fire,

And now poor Eddie's quite read.

She took the Prof's coat

He was a very jolly old bean,

He lived on a hill,

And received a chill,

So that now he is never seen.
