SUMMER VACATION

It is always "darkest just before the dawn." The latter also holds true for summer vacations. That is, schoolwork seems to be the hardest just before vacation starts. What a time we will have when we are free to do what we please until we have to return when vacation is over.

The hot weather will not bother us then, for we can go swimming, or do other things that will cool us off.

To some of us vacation may not be what it sounds, for we have our tasks to accomplish and cannot go for a swim every time the temperature starts to rise; but we still can enjoy ourselves because we do not have to worry about any studies.

Again this is the time when our parents should be taken into consideration. They have been home alone for nearly ten months, making it possible for us to stay in school obtaining an education. Now we should give them a chance to get rested by doing most of the work around the home, so that they can have a vacation too.

A summer's vacation should put those of us who are returning to school in high spirits and eager to commence our work for another term.

Those of us who are going to a higher school will have to find out what arrangements are needed in order that we may not lose any time when school begins.

Thus part of our time will be taken up, but enough time is left so that we will be thoroughly rested from the high school work and will be eager to start out on a new career.

We should spend this summer vacation in such a way that it will benefit ourselves and our parents.

KINDNESS

John Boyle O'Reilly asks: "What is real good?"

Then he answers it by saying: "Each heart holds that secret—Kindness—is the world."

What is kindness? The dictionary defines it as the state or quality of being ready to do good to others, a helpful or gracious act.

We can show kindness in hundreds of little ways, because it is really the little things in life that count. A cheerful word or a bunch of flowers to the sick, a helping hand to the weak, a kind word to a stranger, or a little time spent with a lonely or unhappy person are acts of kindness. None of these little acts would hurt any of us.

Mrs. J. P. Clark, the wife of Senator J. P. Clark, was once asked "What makes a lady?"

Her brief but expressive reply was: "A kind heart."

Henry Burton says in his poem "Pass It On" that if anyone does a kindness for you, pass it on. That is a good thought to stop and ponder over. So stop! Think! Can you practice kindness? The way to practice kindness is the same as you practice a word you can't pronounce—That way is repetition.

Wouldn't it be better if we all tried to practice kindness? Wouldn't the world be a better place to live in if we did?

APPRECIATION

The Seniors of A. H. S. wish to express their pleasure in having as their guests and chaperones for the Senior Ball, Mr. and Mrs. Glenn E. Bretsch, Mr. and Mrs. Delmont Van Oxx and Mr. Laurence E. Host.

TIE FOR GRANGE PRIZE

Charlotte Coryell and Leo Nobles tied for the prize offered by the local Grange to the Freshman who has the highest achievement record for the year. Altho scholastic standing was considered most important, extra-curricular activities were also used in determining the winners.

Louis Fulkerson, as president of the Freshman class, and a participant in many extra-curricular activities, was considered, but his scholastic record was bettered considerably by Charlotte and Leo. However, he deserves honorable mention.

MISS LEONA MARSH FETED

The teachers of Andover surprised Miss Leona Marsh with a delightfully appointed luncheon given in her honor Monday, June 22nd, in the private dining room of the Fasset House in Wellsville.

The color scheme for the decorations was yellow and white, with the daisy motif carried out thruout. Miss Marsh was the recipient of a beautiful set of crystal.

Miss Marsh, who is the Andover school music supervisor, will be married Monday morning, June 29, at 8 o'clock.

SENIOR BALL

FRIDAY EVENING

The annual Senior Ball will be held Friday night, June 26th from 9 until 1 o'clock. Johnny Fitzgerald and his popular orchestra will furnish the music. Admission is 95c per couple. No stags allowed.

There will undoubtedly be a large crowd at this "big affair" because it will be the last chance for some of the students to see each other. Also, it will be a very good chance to greet the Alumni.

Everyone is urged to come and participate in this gay affair.

GUESS WHO?

There is something written entirely different than it has ever been written before (or behind)—What is it? The "Guess Who!" It's rather strange this issue, because it will not be necessary for anyone to guess. Why? The answers are here! Different? Yes.

Who's glad school's out—We all are.

Who's going to Willard this summer?—Not one, but ALL A. H. S. teachers.

Who sent them there?—You ought to know.

Which one of the home-room teachers was disappointed vacation had arrived?—The one who kept watch over H. S. beginners—The name Freshman is a clue to her reason for being now sad.

Who knocks around four-leaf clovers for golf-balls, on the Wellsville green?—Mr. Bretsch (they must have a charm, after all. He won.)

Attention!!!—Who? Simple Seniors—For what are they famous?

Mary Etta Spicer—chewing gum
Donald Edwards—trick photography.

Rita Dean—orchestras.
Beatrice Sly and Roberta Church—signals across the study hall.

Jo McAndrew—debate and argumentation.
Edna Joyce—her spontaneous giggle.

Virginia Smith—big eyes.
Donald Lynch—"hoofing it."

"Phil" Lynch—athletic manager.
Marian Lever—noise (?)

June Babcock—dancing
Jessamine Briggs—dramatics
Frank Weinbauer—frivolity (?)

Dorothy Nobles—low grades
Ivar Lee Rogers—love of sciences (especially physics).

Veronica O'Hargan—dialike for dancing.
Marjorie Nevel—man-hater (?)

Mrs. Van Oxx—unlimited patience and "others first."—(And we mean it!)

CLASS DAY POEM

The following poem was written by Roberta Church and read at the class exercises Tuesday evening:

"Twas twilight on the hill top,
And the sun sank in the west
White visions of school days came
before me
As I sat on that green-topped crest.

In fancy I saw in the sunset
My classmates along down the year
From babyhood days 'till graduation
Full of laughter, study and tears.

A vision of wondering children,
With faces so happy and gay,
Bidding grave-faced mothers Good-bye:
Off to school—for their very first day.

Then visions of school life in the grade rooms,
Days of work, mixed with parties and play,
Until eight school years were completed,
And Regents exams came our way.

Then a picture of eighth grade graduation,
Not like the one Saturday night,
Altho to each of us,
It seems just exactly right.

Now visions of four years in high school,
New classmates entering our ranks
Each one a delight to his teacher,
I'm sure they enjoyed our pranks.

Many started who are not with us,
Susan was called to God's Garden one day;
Others, each year have departed,
Starting out in Life's way.

Now fades the vision of former days,
Nineteen graduates stand before you:
Smart—witty—and handsome,
Just longing for hard work to do.

And altho the daylight had faded,
And darkness had come to the earth,
In my heart was true contentment
For sunrise would bring day's rebirth.

Morn of a new life beginning,
Not ending as it might seem.
A real, live, true Commencement
Perhaps, fulfillment of Life's young dream.

And as we travel Life's pathway,
May our lives stand for service and truth.
As we try to live up to our motto,
A challenge for age and for youth.

Then as darkness came after the sunset,
And as Life's sunset will come to each one,
May we hear our Dear Saviour's welcome
As he says "Humble servant, well done."

Beers-Barnes Circus To Be in Andover

Something different in amusement is promised to showgoers in Andover and vicinity when the fleet of brightly decorated trucks, which transport the Beers-Barnes circus arrives in town Saturday, June 27th.

The performance, which lasts two hours, is complete with act after act of speed, skill and endurance, being presented for your entertainment.

Among the well known artists appearing with the circus this season are Doris Barnes and Sadie Beers, clever tight-wire performers; Aerial Mixons, trapeze act; Willis and Edwin, unusual horizontal bar performers; Balfonte, the comedian on the trapeze, and others too numerous to mention.

And for the lovers of trained animals they present Polar's Bears, with Chubbie the wire-walking bruin; Conley's animals, which were a feature at Luna Park, Coney Island last year, and the African-bred jungle lion, Zaki, presented by his trainer, Captain Moyer.

SERVICE TO SCHOOL IS APPRECIATED

In this, the last issue of the Hi Herald, for the school year 1935-36, the faculty advisor for the Hi Herald wishes to express her appreciation for the co-operation of those on the staff. She feels that a very special vote of praise should go to Beatrice Sly, the highly efficient editor-in-chief for the past year; also to her faithful helper, Roberta Church. June Babcock and Frank Weinbauer, too, have been dependable helpers.

Some of the Juniors, who have shown promise of making good staff members another year are Hilda Clarke, Jean Millsaugh, Orville Mesler, Maxine Crandall, Regina Lynch and Alan Tuttle. The Sophomore and Freshmen classes have both furnished some enthusiastic and willing cub-reporters.

It is to be lamented that more boys do not take more of an interest in working for the executive position of editor-in-chief of the paper, or that of reporter. It would not only be a way to serve their school as honorably as in an athletic way, but would be invaluable experience for them. It's a man's job—but we're thankful that A. H. S. has girls efficient enough for the job, until the boys can come along and prove they are as efficient as the girls.

Commercial poultrymen, breeders, general farmers, fanciers and small flock owners may exhibit and compete in the poultry and egg show at the New York State fair in Syracuse this year.
