BUDGETING ONE'S TIME

If the average student would make ' a budget and follow it daily, the time for the preparation of each assignment would become a routine. preparation. However, sometimes "Honor List." an assignment may be a little longer than usual, and the time for it

may exceed the budget plan. If a budget is practiced in school, a person naturally continues this habit when he begins to "make his " place in the world." Thrifty people ning counts everywhere in everyday

----A-H-S-----ACROSS THE PRINCIPAL'S DESK

Last week a boy, 15 years old, not yet in high school, came to my office period. This should appeal to most of playing in that particular section to talk with me about leaving school. at 3:30 p. m., for a period of five there. He explained that he wasn't "getting | a bowling alley. I suggested to him !." that he think about the future and consider whether he would like to set pins for a living all his life. He replied that when he was 18 he would try to get a job in the factory where his father was working. I im-"Which will be the better recommendation for you at that time. to say that you have a seventh grade education and have set pins for the been improving your mind and body jects, with none below 80%:

had no answer for that, and the only reason I am relating this experience is that there may be other boys who are tempted to forsake education for "blind alley" jobs. The depression has literally driven thousands of boys and girls into the schools and colleges and perhaps has thus_been a blessing in disguise. spite of the fact that jobs are not Edna Mae Kruger, Wenonah Smith, readily available for even college Johanne Theetge, Helen Yannie, graduates, the value of an educa- James Burgett, Robert Smith.
