This is at all times available to anyone interested.

In Cincinnati, the Republican Presidential candidate stated of the Mar. 11, 1936 Roosevelt Administration: "It is endeavoring to coerce thousands of voters by threatening those on relief with destitution unless they vote right." We would like to take this into consideration at the same time as Judge State farmers and consumers are in

no discrimination for the sake of politics. With further regard to this idle talk about "coercion," it may be recalled that last June there were rumors from the Welfare Office that WPA workers were being forced to contribute to a campaign fund. When we investigated this, Miss Waldron, then Case Supervisor at Belmont, ad- comed a son at their home on Water mitted that not one WPA worker had so complained. Furthermore, when street, Sunday, Oct. 18th. la recent outing of the Democrats of Allegany county was being planned, we insisted that under no circumstances was any security wage earner to be asked to buy a ticket. Certainly here is no sign of coercion. Where comed a little daughter, Patrica then, is this threat that the Republican candidate talks of?

Now, while still on this subject of threats to relief people, or to 14th. The number of persons employed on WPA has been gradually decreasing due to absorption by private employment. The Allegany county quota set for November is 304 workers, and we feel certain that we shall be lable to employ every certified, able-bodied worker under this quota. may be noted that last February we had as high as 525 persons working sympathy and understanding in our Aug. 11, 1936 on WPA projects.

It is interesting to note that the actual expenditure by the County thanks and appreciation. Adding to WPA wages about \$6,500 Resettlement wages paid relief workers, we find about \$23,000.
