(He undoubtedly participated in the parade, or maybe there wasn't any connection.)

Ear Trouble
Here are some "Don't's" for curing "ear trouble"—
Don't yell in your ear. (Have you ever tried it?)
Don't put anything near your ear. (A big order.)
Don't bat a person on the head. (Not a cultured pastime.)
Wash regularly behind the ears. (Makes one light-headed.)
Watch your diet. (No vegetables. Cauliflower ears aren't very pretty.)
Don't pull your ears. (If they stretch easily, someone might call you "Molly" and expect you to bray your greetings.)

Found—In the "Contrib" Box—
Can You Tell?

Q—When a wheel is like a fly?
A—When it is a fly-wheel.
Q—What ships are more common on land than on water?
A—Court-ships.

Ida Clair, in a composition entitled "My First Visit With the Dentist," told that in the extracting process, she swallowed the tooth. Clyde Briggs then spoke up with: "Well, then, she hasn't it out yet."

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.

Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, peevishness, loss of energy, nervousness, misable—all upset.

Don't delay! Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by grateful users the country over. Get them from any druggist.
