NO. 20.

# Published by Andover High School Printed by the Andover News

Final examinations are given in those subjects which are taught for a period of 20 weeks with the ex ception of intermediate algrebra and business law, both of which are Regents subjects.

Mid-year exams are the tests give Mid-year warms are the cases give covering all the work included in the first 20 weeks of study. Thi mark is added to the report car fand counts twice in averaging the graduation list.

Whether or not examinations at a true basis for testing students is much debated question, but since i solution more satisfactory for testing knowledge gained has been founthe examination system is all man ----AHS--

## Angelica and Andover Fight I'm First Place

The Andover High School gym w be filled to capacity on Friday night Jan. 28th, when the local team of be filled to capacity on Pridey night.

Jan 28th, when the local trame on tertains Angelica in a battle for first place of the Allegany county. C. League. Andover at present tops the league with four victories and a single defeat, while Angelice is close behind with three wins out of four games. Earlier in the season these two teams thrilled a large crowd at Angelica by a hard fought battle which finally resulted in a one-point victory for the Purple.

This defeat was the first in three years for Angelica on its home court and they are confident of avenging this loss on Friday night.

Angelica, with two players towering over the six feet three inch mark, will have a definite advantage in height and experience gained by three successive championship teams, but the local team's fighting spirit

but the local team's fighting spirit m y surmount these handicaps.

In a preliminary game the And-over reserves will encounter one of their former conquerors in the An-gel.ca seconds and a close game is forecast.

Dancing will follow the main -AHS-

# Blackfriars to Present Radio

Program

There will be a special program sponsored by the Dramatic Club on Wednesday, Feb. 2nd at 7:00 p. m. in the high school auditorium featuring "A Day on the Air." Only members of the club are to be present.

What is your favorite pastime?—

Eauring "A Day on the Air." Only members of the club are to be present.

What is your favorite actress?—

whether the club are to be present.

What is your favorite movie?—
What is your favorite movie?—
What is your favorite movie?—
San Francisco.

Are you planning to attend college after you finish school?—I would like to attend Alfred.

Carl is one of the best liked members of the Blackfrians." As it is planned as a typical program that is heard on the radio from morning until night, it should be very entertaining and amusing.

What is your favorite movie?—
San Francisco.

Carl is one of the best liked members of the Senior class. We enjoyed interviewing him.

## Guess Who

This Sophomore girl is Irish,
Her hair is straight and brown,
To pass history is her top wish
And she never wears a frown.
She climbs a hill every night,
And comes down in mgrning too,
She's afraid if there isn't light,
And now you must Guess Who.
Answer to last week's Guess Who.
John Lynch.

And Lynch.

# Now Let's Laugh!

Leslie Brundage: "Your sister is taking a long time to make up her mind to come downstairs."

Eleanor N.: "It isn't her mind—it's her face."

Mrs. McGee: "What kind of vic do people detest most?' Inez Kemp: "Advice."

I understand that Eskimos have their own college up around the North Pole. I just heard of one bright Eskimo who graduated with six degrees—above zero.

Miss Cappuccilli: "You know, I can send you to the office."

Montrose: "At least it will be warm in there."

Bud Dolan: "Oh, no it isn't. I've been in there and I know."

After listening to Thelma C. rapping on the desk for several minutes, Mr. Host said: "If you want to cause some disturbance, you better think up something new. Kaliopy tried that last period."

G. Joyce (at the almond counter) Clerk: "Be patient, I'll wait on

# I See It This Way . .

Short Comment on Current Affairs at Home and Abroad Affecting New York Agriculture Prepared personally by HOLTON V. NOYES

er of Agriculture and Markets New York State

it allows to be sold. Without the aid of scientific research and regulation, the milk industry never could have risen to the enermens volume it has achieved today. It is difficult to make an estimate of what it amounts to, but if you were to guess at the extent of this industry thruout the United States, the figure would run to something like nine billion dollars.

This is a stunendous business It.

Dillion dollars.

This is a stupendous business. It could only have been possible thru co-operation between science and agriculture. The astounding progress in the physical handling of milk is emothers. milk is something of which the in-dustry may feel proud. Unfortun-ately, progress in marketing milk,

which is equally important, has not been guided by any such positive and constructive human knowledge the as has the physical handling of one milk.

went the milk business.
