case of a short circuit.

Build fires with care, close all suggestion and helpfulness.

dark so the lantern won't need to subject for study is "Crusading for 19th chapter of Revelation this week be taken into the mow. The lantern a Christian Society," with scripture "The Coming of the Son of Man, provided for that purpole. Use when you fail to stay for this profit- Lords." when storing away hay. It prevents Sunday spontaneous combustion

it's far too dangerous to keep them proach to the Aldersgate experience. Christian Life." in the barn. The arsonist is the hardest cause and unexpected in Wesley's life that Advertising pays. Try it.

to prevent, for he is the hardest cause to prove, but once he is found him to bear. He should be publicly exposed and set up as an example to others who may wish to fire build. ings. Causes of fires should be probed very deeply for the arsonist hides | 4 behind the cloak of spontaneous ' combustion, lighting and defective . Phone 131 electrical wiring. He is a difficult problem with which to deal. After all, there are fires with

which we must cope. The greatest ? factor in fighting fire is proper equipment, proper methods and Proper equipment consists of ladders to reach the roof, fire extinguishers, Fresh Side Pork pails and willing hands. First lo-(" cate the fire and then use commo sense means to gain control of the fire. Keep doors and windows closed to avoid drafts. Fight partition fires from below so there will be no opening above to create a draft. Small fires in a single room can be extinguished with blankets to smother or water dipped from a pail with a dipper. It's foolish to throw pails of water where a dipperful would serve as well. Fires on hamans should be smothered by wrapping heavy coats or rugs or rolling in |

and resolve to be equipped with fire fighting material in case we have to meet the fire situation.
