#### BLACK AND WHITE LIES

"They're all lies," I've heard people say. "There is no difference—a lie is a lie, whether black or white."

I want to disagree. In several cases, lying is needed. In other cases, lying is low and base, and is only done because a person has no moral sense.

When a person lies sick in a hospital, where the least thing may cause a hurried death, lying is allowed. Perhaps, in a case like this the truth might be harder on the person than lying. When a drunkard asks for more beer, lying may be allowed. When a valuable possession should be safeguarded and its position is asked, lying may be allowed.

On the other hand, if a young man is questioned by his mother, lying is the worst way of getting around his conduct. Every time his mother calls his name, he jumps for fear she has found out. His conscience refuses to let him rest and he generally winds up by telling her the truth. He feels no free after unburdening himself.

Lying in most cases is wrong and should be avoided. It depends on the situation at hand. A black lie is a deliberate one, used to avoid a circumstance or an act. A white lie is used to benefit, directly or indirectly, the person to whom it is given. Therefore, I believe there is a difference between a white lie and a black lie.

### Regulations Defined

New rules and regulations for the better operation of Andover High School went into effect Monday.

Under these new rules authorized by Principal Glenn E. Bretsch, the library is to be used strictly for library purposes. Those who have to use reference books or wish to check in and out books may use the library for these explicit purposes.

The speaking permissions in the study hall remain the same as previously, three minutes with only one boy and one girl having permission at the same time.

The system for writing out passes for the basement and locker has been changed somewhat. There is a specially prepared tablet on the desk where the student writes his name and indicates the time he leaves and the time he returns. This makes a definite check on the length of time that he is out of the study hall.

#### HAVE YOU NOTICED—

Tickets for the Senior card party are on sale?

What a success the Junior dance was?

Miss Wood is starting a knitting club?

The Homemaking girls have been having luncheons and parties to celebrate Valentine's day?

Orville Earley is attending school again?

Charles Burgett cannot find the sender of his attractive Valentine?

Dick McAndrew and Kaliopy are close neighbors in third period study hall?

The Alfred game is Thursday night? (Support your team).

### Faculty Facts

Miss Josephine Cappuccilli's cousins, Miss Teresa Cappuccilli and Leonard Cappuccilli of Syracuse, spent the week-end in Andover as her guests. While here they attended the Junior Valentine dance Friday, Feb. 11th.  
Miss Lillian Butler spent the week-end in Rochester.  
The following teachers attended the Junior dance Friday evening: Prin. and Mrs. Glenn E. Bretsch, Lawrence Host, Mr. and Mrs. W. S. McGee, Mr. and Mrs. Delmont Van-Oxx, Mr. and Mrs. Louis Joyce, Miss Josephine Cappuccilli, Miss Lillian Butler, Miss Beatrice Dickinson, Miss Evelyn Lloyd and Miss Rita Elliott.

### Andover-Alfred Come to Grips for Championship

Thursday, Feb. 17th, the Purple and White will attempt to avenge a defeat by the Alfred High School basketball team. The game will be played on the Alfred court.

Both Andover and Alfred have lost only one league game. If Andover wins, it will make them champions of Section 1 of Allegany Class C, while if Alfred wins they still have to beat Angelica to become the winners.

The fray will probably draw a capacity audience since it promises to be the best game of the year.

—AHS

### Homemakers Plan Outfits

This week the girls of the Homemaking A classes have been learning how to plan an outfit and how much to spend for clothing.

The first thing that has to be done when planning an outfit is to decide on a definite color scheme. After deciding on the color scheme, one should build the rest of her outfit around these colors. One should buy one or two basic dresses and then several accessories which are appropriate with them, and which lend color and variety at a comparatively small cost.

If the family income is about \$1,250 a year, all the family should spend for clothes is 10 to 15 per cent of it, or \$125 to \$187.50. This means that the more there are in the family, the less each person will have to spend for clothing. It is quite necessary that the money to be spent on clothing should be carefully budgeted and planned. Before a really good budget can be made, it is imperative to make a clothing inventory, that is, a list of every bit of clothing one possesses. From this list one should keep which pieces of clothing can be used just as they are, which need repairing or discarding, and which ones can be made over. Then, make a list of articles of wearing apparel which will be needed and wanted.

The next thing to do is to apportion your money in such a way that all your wants will be met. The only way a girl can live within her budget is to keep a daily record of all her expenditures.

The Home Economics Class is finishing their study of luncheons and as a final project are going to have a Valentine luncheon Tuesday noon.

The Seventh Grade girls are studying about the preparation of breakfasts, emphasizing cooked cereals.

The girls of the high school who were interested met Tuesday afternoon at 3:30 and discussed the formation of a Knitting Club.

The girls of the Homemaking A classes enjoyed a Valentine party Wednesday evening from 7 to 9 o'clock.

### Senior Interview

#### OUR EDITOR—

On May 16, 1920, a daughter, Katherine Lucille, was born to Mr. and Mrs. James Barber, at Cuba. She is another one of our farm girls having spent most of her life on a farm. Katherine attended eight different schools before coming to Andover three years ago. For a pastime she collects pictures and articles about the Dionne quintuplets. Some of her favorite hobbies are sewing, embroidering and dancing.

Katherine is an active member of her class. Thru her untiring efforts and ready enthusiasm, she has helped make successful many class functions. A valuable member of the Dramatic Club, she played the title role in its first major production, "Grandma Pulls a String." She is now editor of the Hi Herald, after being a tireless member of the staff for two years.

Katherine is undecided about her future. May she have the success she deserves in whatever she undertakes.

### Guess Who

He's tall, blond and handsome, This popular Junior boy. And every heart he makes flutter, In all sports he's very active. Tho' teachers he does annoy. In all sports he's very active. The basketball is most attractive. In classrooms and study halls his presence is felt; Now surely you know him without any doubt. Answer to last week's Guess Who—D. Sweet.

### Eighth Grade Discusses Marionettes

This is the first of a series of articles to be written by members of the Eighth Grade about the marionette show "Alice in Wonderland" that they are now preparing.

How to Make Marionette Heads (by Charles Gath)

When I made my marionette head, I took some clay and modeled a head, about two inches high and one and one-half inches wide. Then I took paper mache (paper that had soaked overnight and mixed with paste) and covered the clay face with it. I put on about five layers of this and let it dry overnight. The next day I pulled the clay out and that left the paper mask. I varnished the mask with clear varnish. The next day I painted the face on. By that I mean the features such as the eyes and mouth. The face I made was for the Frog Footman.

How to Make Marionette Shoulders

First you have a piece of wood three inches long, one and one-half inches high and one inch thick. The wood should be soft so it will carve easily. You draw the outline of the shoulders on the wood. You then start carving it like the outline. When you finish there should be no rough creases on it. After it is finished you tack the body on the shoulders.

### Junior Dance An Outstanding Success

The Junior dance which took place in the A. H. S. gym Friday evening, Feb. 11th, was one of the most successful dances ever held in Andover High School, both from a financial and social standpoint.

Red Cupid's frolicking over white walls, gay Valentine hearts, a false ceiling of red and white crepe streamers all formed a fitting background for the enchanting music of Johnny Fitzgerald and his well known orchestra.

All expense was made and \$11 was added to the treasury of the Junior class.

For the success of the dance the Junior class wishes to thank the Seniors who helped with the decorations, the class advisor, Miss Josephine Cappuccilli, Mr. and Mrs. Richard Harder and Mr. and Mrs. Raymond Snyder, chaperones, and Mr. Bretsch for his excellent co-operation in arranging for the dance.

### Knitting Club Organizes

Tuesday afternoon several girls met with Miss Wood to organize a club whose members may knit, crochet or weave on a cardboard loom.

The club hasn't been named yet, but the following officers have been elected: President, Veronica Lynch; vice president, Betty Jo Ludden; secretary, Mary Greenan; constitution chairman, Katherine Barber; program chairman, Jean Northrup.

The club will meet on Tuesday of every week.

### Genius In Embryo

Twilight On the Sabbath  
After the idleness of day has passed Like a gloom that lingers o'er us, Twilight creeps upon the world With the darkness of shadowy dusk.

An evening bell is heard afar, Calling people to church; The birds and animals seems to go on,

Never leaving their perch. Sadness seems to prevail the world Yet peace seems to have been born Until some cursed sound is heard Like the blowing of a horn; Injuring the soft silent picture That's woven like the still quiet sky,

Bright and clear on a summer day, But spoiled when a storm is nigh. The evening bell keeps ringing on, And the birds' twitter is heard from the sky

Men pass on out of the world, And like other things, have to die. But then, that-death must be beautiful

Because they never come back; Perhaps they're enjoying a pleasant life

And for things they never lack. It's all a shimmering twilight, The phases of nature and life, Giving forth, to all human beings The work, the play thru strife.

—Jo Baker.

## SCHOOL DAYS

By DWIG

### A. H. S. Will Honor Washington

Andover High School will celebrate Washington's birthday anniversary by closing Friday, Feb. 18th and reopening Wednesday, Feb. 22nd.

### Library News

Our high school has a library that should be used to better advantage than heretofore. Many students have used it as a place to congregate and have friendly chats. This is not the purpose of our library. It should be used as a place to browse in before and after school, and as a reference and reading room.

Strict regulations have been made prohibiting any student from going to the library during school hours unless he must obtain reference material there. While in the library he should endeavor to get his material as quickly and efficiently as possible. Miss Cappuccilli or one of the library assistants will be available to give help to anyone who needs it in finding the book he wants and to check books out that answer his needs.

### Seniors Number Twenty-one

As a result of the mid-year Regents examinations the Senior Class increased its numbers by the promotion of four pupils from the Junior Class. This makes a total membership of 21.

To acquire a Senior rating, a pupil must have completed at least 12 units by the middle of his Senior year. The Senior list is as follows:  
Thelma Ahrens, Henry Antan, John Baker, Josephine Baker, Katherine Barber, Basil Brundage, Carrol Burdick, Charles Burgett, Thelma Callaghan, Charlotte Cook, Helen Dean, Edna Fairbanks, Flora Flint, Mary Greenan, Donald Hardy, Ferne Holroyd, Doris Honegger, George Joyce, Fotiney Karcanas, Marian Swarts, Carl Will.

### Humor

Mr. Ludden: "Say, fellow, it's 2 o'clock. Do you think you can stay all night?"  
Donald L.: "I'll have to telephone home first."

Mr. Host: "I have nothing left for a tip for you when I pay this check."  
Waiter: "Let me add it up again, sir."

Betty: "Why the dark glasses?"  
Inez: "To keep the blue in my eyes from fading, silly."

Suitor: "Sir, I have an attachment for Alma."  
Her Father: "Young man, when my daughter needs accessories, I'll buy them for her."

Teacher: "Who is the greatest man in America?"  
Roland S.: "Santa Claus."

Teacher: "The very idea; why, sonny, you can't even tell me who his mother was."  
Roland: "Yes I can; Mary Christ-mas."

### Deal Them Again

The Senior Class with its various committees is busily preparing for a card party to be held Friday evening, February 25th in the high school auditorium. The admission is to be 25c for high school students and 35c for adults. Music, prizes, refreshments and all kinds of cards will make up the evening's entertainment.

The committees are as follows:  
Cards: Fotiney Karcanas, chairman; Fern Holroyd.

Tables: George Joyce, chairman; Henry Antan, John Baker.

Refreshments: Marion Swarts, chairman; Helen Dean, Doris Honegger.

Prizes: Charlotte Cook, chairman.

Thelma Ahrens, Edna Fairbanks, Basil Brundage, Donald Hardy, Advertising: Charles Burgett, chx; Carl Will.

Tallys: Flora Flint, chr.; Thelma Callaghan.

Tickets: Katherine Barber, chr.; Mary Greenan, Josephine Baker.

The public is cordially invited to attend this affair.

There was an old fisher named Fischer,  
Who fished by the side of a brook,  
A big fish with a grin,  
Fulled the fisherman in;  
How they're fishing the fishes for Fischer.

### Homemakers' Exchange of Helpful Household Hints and Recipes

Conducted by ELEANOR HOWE

To keep the floors and furniture from being covered with dust after taking care of a hot-air furnace, try this idea: Close all dampers on the pipes leading to different rooms; then shake the furnace, carry out the ashes, and put the coal in. Finally, reopen the dampers after the task is finished.

To cook bacon easily and perfectly, place a round cake rack in your heavy skillet. Then place strips of bacon on the rack and cook in a slow oven. The fat drains into the skillet and bacon cooked in this way is deliciously crisp.

When one prepares long-cooking cereals the night before in a double boiler, a disagreeable skin may form on the surface before serving time in the morning. To avoid this, simply keep the breakfast food covered with ¼ inch of water while it stands overnight. At breakfast time, reheat the cereal, mix in the water, and serve.

When one prepares long-cooking cereals the night before in a double boiler, a disagreeable skin may form on the surface before serving time in the morning. To avoid this, simply keep the breakfast food covered with ¼ inch of water while it stands overnight. At breakfast time, reheat the cereal, mix in the water, and serve.

Left-over boiled or baked potatoes to accumulate and then make them up into that all-time favorite—HOT POTATO SALAD! Here is a standard recipe which can be adjusted or changed in accordance with the contents of one's refrigerator. It will serve six people. Skin and slice 6 medium-sized cooked potatoes. Pan broil 4 slices of bacon, which have been minced, and then saute one medium-sized onion, which has been sliced, in the dripping. Heat together ¼ cup water, ¼ cup vinegar, 1 teaspoon sugar, ½ teaspoon salt, and ¼ teaspoon pepper and then add this mixture to the onion in the frying pan. Add the potatoes and place in a baking dish to heat in moderate oven (350°) before serving.

Small quantities of fruits, either fresh or canned, are often left over after a meal. Such fruits may be stored in a modern air-conditioned refrigerator to be cut up later into small pieces and served combined as a Fruit Cup for either a dessert, fruit cocktail, or breakfast eye-opener. Besides keeping such fruits properly cold, the clean-washed, moist air helps the modern ice refrigerator to retain their original freshness and flavor.
