DOUBLE X Floor Cleaner Is a double-action compound that cleans and bleaches at the same time and does not raise the grain. It not only cleans wax and dirt from floors, inlaid linoleum and tile, but in a strong solution it removes shellac and varnish, leaving the surface clean, smooth and bleached and ready for refinishing. You will find that a weak solution will be excellent for washing painted surfaces. Try a 25c package and be convinced of its value.

CURTAIN CRANES Are a real step forward in the hanging of curtains and draperies. You may set them at any angle and when desired, they may be turned entirely out of the way for cleaning and dusting. WASTINGS

from "Wandering Willie"

THE firemen were on the spot Tuesday night when the Wellsville firemen guests came up thinking they were in for something big, but alas, instead of the "annual banquet" chronicled in Allegany's leading daily paper, they had to sit down to cream chicken sandwiches and the trimmings. We would expect the Democrat to pull a boner like that once in a while but, never the Reporter.

WE wonder if it is too early to begin talking about a swimming pool on the athletic field. As "Jerry" and "Gus" have evidently passed away, and nothing being done ever since the plans for a pool were laid out, we think that a little talk on the matter should be taken up by the Exchange Club as they are the only live wires our fair village has to offer.
