Civil Service Commission Issues Warning

The following warning has been issued by the U. S. Civil Service Commission in regard to claims made by fakers:

The public should not be misled by promises of Government positions by so-called "civil-service schools," their agents or their advertisements. No school is able to fulfill any such promises. The public is also warned against schools or agents that would lead one to believe that they represent the Government or are connected with the Government in any way, or that give assurance of success in passing civil-service examinations on the completion of their courses.

Caution is particularly made against claims by schools that their courses are required in order to take the examinations of the U. S. Civil Service Commission; that they are given advance information regarding civil-service examinations; that they have influence with the Federal Government to procure employment for applicants; that they can secure special advantages for those taking their courses; that they have been authorized by the Federal Government to give examinations. Such claims are false.

Anyone can obtain civil-service information free from the Secretary of the U. S. Civil Service Board at any first or second-class postoffice or from the office of the U. S. Civil Service Commission at Washington, D. C.

"For Colds - - Salicylate Alkaline Medication"

That's what modern doctors say. That's what Alka-Seltzer is. Instead of being administered in two disagreeable doses, Alka-Seltzer furnishes this medication in one pleasant drink.

If you ever used anything more effective than Alka-Seltzer for Acid Indigestion, Headache, Muscular, Rheumatic and Sciatic Pains, we will refund the money you paid for your first package.

Your druggist sells Alka-Seltzer.

LITTLE BITS OF HUMOR

Blooming
One summer when little Tommy was visiting his grandmother who lived on a farm, he went with her to feed the chickens. He saw a turkey all fluffed up and strutting about.

He yelled: "Grandma! Grandma! One of your chickens is in bloom!"

Change the Brand
A colored minister had been speaking with some feeling about the use of cosmetics by girls:

"De more experience I have with lipstick," he declared warmly, "de more distasteful I find it."

A Branch Line
Nature Lover (gazing at a large tree): "Oh, wonderful, mammoth oak, if you could speak what would you tell me?"

Gardner: "He would probably say 'If you please, I'm not an oak, I'm a spruce!'"

No Room
He: "This dance hall is certainly crowded."

She: "I'll say so. A half hour ago I fainted, and I had to dance around four times before I could fall."

Caught Short
"Say, waiter, I ordered strawberry shortcake and you brought me a plate of strawberries. Where is the cake?"

"Well, suh, dat's what we is short of."

Sentinel of Health
Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their failure to do so causes blood stream a tree of an extent of toxic impurities. The net of living—its body constantly producing waste matter. The kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended there is retention of waste that may cause body-wide distress. One may suffer legging backache, neuralgic headache, attacks of dizziness, going up nights, swelling, puffiness under the eyes—feel tired, nervous, all over wet.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess potassium body waste.

Doan's Pills. They have had more than forty years of public approval. Are endorsed by the country over. Made at Doan's, Sold at all drug stores.
