Continue this as an Rouge plant were over 50, and a number were past 80. gredients, set on a red hot stove and stir constantly-all-mash ration until the hirds are the east, with a number of employers organizing to fight stirring constantly. the industrial disease of "fifty-fobia." Armed with facts and figures on the merits of age in business, they went on a campaign to win "a fair place for age in of inlace of it? fice and factory."

The fetish of youth, a phenomenon of the speed era, is giving way to an understanding of the value of age. Youth has its place, a place it fills with the enthusiasm of the young. Age has a place, a place it fills with the knowledge of maturity. As age comes of age, it brings to the present the knowledge of the past, a good omen for the future.

is to take them to a razor blade sharpener—and never

Often a budding genius is just a blooming nuisance. The best way to get rid of those old razor blades pleasantly with bad ones.

come back.

The Non-Average Boy

youngsters have been tabulated in scores of tests and examinations, an interesting look at the "nonlaverage" boy has been given in a questionnaire recentv answered by 1,394 youths in New Jersey's correc-

What made those boys go wrong? Asked to name the cause of their delinquency, almost half had a bad with the Office of Information of the word to say for the influence of older boys. Others New York State Colleges of Agri-Ulamed unemployment or poverty. Of more interest, culture and Home Economics however, is the fact that 262 named motion pictures, answer questions about problems or 161 listed sensationalism in some newspapers, and 75 farm and home. If you enclose a Charles Prest marked down radio programs as the cause of their self-addressed, stamped envelope and The community was startled Sundownfall. Only seven placed the blame on their parents or their homes.

That almost 500 delinquent boys should blame the query from the colleges. Do not killed by a train near Almond. That almost 500 delinquent boys should blame the query from the coneges.
