

POPPY DAY FACTS

WHAT IS POPPY DAY?

Poppy Day is a day observed throughout the United States by wearing Memorial poppies in honor of the World War dead.

WHAT IS THE MEMORIAL POPPY?

The Memorial Poppy is a replica of the poppies which grew on the battle fields of France and Belgium during the World War.

WHY WAS IT CHOSEN AS THE MEMORIAL FLOWER?

The Poppy was chosen as the Memorial flower for the World War dead because it grew where they fell, the one touch of beauty in the desolate battle areas.

WHO MAKES THE MEMORIAL POPPY?

Memorial poppies are made by disabled World War veterans working in Government hospitals and in convalescent homes maintained by the American Legion Auxiliary.

WHO DISTRIBUTES THE MEMORIAL POPPY?

Women of the American Legion Auxiliary, working as unpaid volunteers, distribute the poppies throughout the United States.

WHAT IS DONE WITH THE MONEY CONTRIBUTED?

Every penny is used to support the work of the American Legion and Auxiliary for the welfare of the disabled veterans and their families and the families of the dead.

WHO WEARS THE MEMORIAL POPPY?

Every American who is able to do so should wear the poppy on his living clothes.

WAFTINGS

from "Wandering Willie"

HITLER is so far away that we can't resist the temptation of rolling this one about him.

According to the story, he and Mussolini were having a little chat and Mussy told Hitler what a foolish move it was to run the Jews out of Germany.

They agreed to go to three stores run by Germans and three by Jews, Mussy saying that the results would prove the answer.

So into a German store they walked and Hitler ordered a set of dishes. The merchant started to do them up when Hitler said, "Oh, by the way, all the folks at my house are left-handed so I'll have to have a set of left-handed cups."

"Well," said Mussy, "that's proof enough of how smart the Jews are, isn't it?"

"I don't see how," said Hitler, all up in the air. "He was just lucky enough to have a left-handed set in stock."

WE don't know whether it is up to the village or the State highway department to fix the bridge that got smashed last week, but which ever one has the job should do a better job, that is, a sturdier job than before, as the railing of the bridge in question is used as a backstop for more than one car.

Both sides of the bridge have been hit on several occasions, and situated at the bottom of the hill where it is, it sort of acts as a bumper in getting fellows back on the road when they come down the hill too fast.

AND talking about fast, there are just two types of people go down Water street: the kind that likes to see how much dust they can raise at 45 per—and those that are going too fast to make the turn at the bottom of the hill, so keep right on down Water street.

It is not only cars, but trucks as

well. If a speed trap was stationed on Water and Boyer street on a commission basis, he could make more dough a week than Mussy and with the dry weather coming (if it ever does) the residents along Water street will have to get out their smoke masks and be ready for what comes "Fran" Cable in his "Dust Bowl" article on Rochambeau avenue told plenty about dust. Perhaps if he came up Water and took a couple of sniffs in good dry weather he would write two articles!

FISH are funny. Last week-end was ideal for fishing, that is for all the other fellows. But when the Coleman-Bloss anglers went out to the lake that was where the fish were funny. They seemed to get in all the other boats around, some of the boys getting as high as 14—and not more than 14 feet from the L. G. and A. L. boat. Maybe the two nimrods didn't hold their mouths right, or perhaps A. L. handled the rod as he would a baton, at any rate no fish for dinner, not any, large or small.

WANDERING down the street the other day we saw the most familiar and most welcome sight so far this Spring—"Cal's" straw hat. When "Cal" digs up the straw derby it is a certain sign that every thing is at last all right, as far as weather is concerned. We haven't interviewed him yet but think that he is three days, four hours and 29 minutes earlier than last year.

Angelica Man Heads County Bankers

Walter L. Lilly, of Angelica, was named president of the Allegany County Bankers Association at the annual meeting held Friday night in the Belmont hotel.

Surrogate Court News

Belmont, May 24—Under the terms of the will of William J. Bines of Andover, who died April 17, probated in Surrogate Court here, all of his \$1,000 personal and \$4,000 real property estate was bequeathed to his widow, Florence Bines, Andover, named executrix of the instrument.

College students who take part-time or temporary jobs during the summer are reminded to obtain social security numbers before beginning employment, in an announcement from the Security Board.
