The Inland Grange officers met in fellowship Friday to confer the degree of the second all day county meeting. A picnic dinner was enjoyed at Island Park of that village at noon. The State superintendent, Mrs. Beatrice Kidd of Dansville, gave a talk. Charles A. Harnett, Commissioner of Motor Vehicles, has announced that Joseph J. Rock of Belfast and Harold Labar of Wellsville had their licenses revoked for driving while intoxicated. Charles Slocum had his license suspended indefinitely for irregularly issued license. A picnic supper was held on the lawn at the home of James McDonough, Thursday, July 21st in honor of the 86th birthday of Mrs. Anne McDonough. Those present were Mr. and Mrs. I. H. Gillilan, Mrs. Lenna Warfield, James McDonough and daughters, Anne and Martha.

Of course it's hot enough—but not too hot. The condition of Henry Carr, who has been ill for several weeks continues about the same. Alfred's village board has applied for a PWA grant to be used in the improvement and repairs of their water system. The O. E. S. Circle, numbering about 20, motored to Corning Friday where they enjoyed a picnic dinner and social time at the home of Mrs. A. D. Randall. Angelica school authorities have asked for a PWA grant to aid in the establishment of a central school including the rural districts of Allen, West Almond and Birdsall. The Andover Townsend Club will hold another meeting Saturday evening, July 30th at 8 o'clock in the Grange Hall. Rev. MacKenzie of Canisteo is the speaker. Everybody invited. We wish to make a correction in the report of the Home Bureau meeting in the News last week. The speakers names should have been Miss Ellen Young and Mrs. Arling Cobb of Greenwood in place of Miss Leona Young and Mrs. Arling Cook. Perhaps what you need is a little vacation. You have been sticking around home too closely, and then, when you return home you will feel more happy, more contented and satisfied with your home town and your surroundings. Effective July 1st, is the new 48-hour, six-day-week for beauty shop operators law. Work must be done between the hours of seven in the morning and ten at night. Shops employing one or more workers must provide compensation insurance.

The members of the Grange held a picnic and shower Thursday at the home of Mr. and Mrs. Howard Green in East Valley in honor of Mr. and Mrs. Elynn Brooks. They were also given a shower Tuesday by Mr. and Mrs. Wilmer Atwell at their home in Elm Valley. Harry Craig, county superintendent of highways, has issued a call for bids for the construction of six bridges in five towns of Allegany county, namely: Genesee, Willing, Rushford, Charkeville and Wall. The bids will be opened by the Board of Supervisors on August 19th. The peculiar appearance of the clouds before last Sunday night's rain which very much resembled the sky on the night of the cyclone which struck Andover 18 years ago on the same night (July 23, 1920) brought the memory of that storm back to a number of our residents with a shudder. It would have been a rather unusual coincidence if we had been visited by another devastating storm on the anniversary of the "big wind."

A garden party was held at the home of Mr. and Mrs. Harry Pease at Stannards, Friday afternoon and evening, in honor of their little daughter, Miss Janice's sixth birthday. A picnic supper was held on the lawn and the little lady received many nice gifts. Those present from Andover were Mr. and Mrs. Charles Updyke, Mr. and Mrs. Wm. Pease, Mr. and Mrs. Freeman Rogers, daughter Louise, Billy Pease and Miss Winifred Wentworth.

Mrs. Elmer Kaple and Mrs. M. A. Orvis are among our residents on the sick list. The Pinochle Club met with Mrs. Edward Walsh Monday night. A lunch was served in honor of the birthday of Mrs. Ligouri Lynch. Mr. and Mrs. John P. Herrick, who have resided in Los Angeles, Calif., for some time, expect to leave for their home in Ocean and will arrive about August 1st. Policeman Leon Shultz of Wellsville is laid up with a broken leg, which he received when he turned his ankle in the alley between the Rauber store and Star restaurant last Sunday night. Steuben county residents should make up their minds on open season on deer, or have they? At a meeting in Hotel Wagner, Bath, last Monday evening, it was revealed that not only the men who hunt deer for the sport of it, but the farmers who claim that the deer are so numerous that they are destructive to farm crops favor one week in December at least for 1938, as open deer season.

**GRANGE NEWS**  
 Edith M. Thorne, Lecturer  
 The limelight was focused on the juveniles Wednesday night at the regular Grange meeting, as they conferred their degree upon Mary Kathryn Cannon, Martha and Anne McDonough, also the honorary degree upon Charles Robinson and Irving Gillilan. Then from a stage beautifully decorated to represent a garden of childhood endeavor, the Juvenile Grange, six juveniles were graduated. Doris Mead, acting as secretary protem, read the names of Kathleen Howland, Dorothy Schoonover, Jane Burdick Eleanor Northrup, Bernadine Briggs and Emily Greene, the graduates. Doris Baker, their matron, highly recommended them to the Subordinate Grange. The Master, Dewey Northrup, Sr., welcomed them into the Subordinate fold, bidding his assistants to open wide the gate of the beautiful Grange garden. Kathleen Howland, the mantle orator, standing at its threshold spoke for the class, placing her mantle upon the shoulders of the master protem, Dewey Northrup, Jr., who responded in a few well chosen words, voicing a desire to merit the mantle and all it implied. After a farewell song, with the Juvenile chaplain protem, Donald Northrup's benediction on their heads, they passed thru the gates into the Subordinate field of higher endeavor. A song of welcome was sung by the Subordinates and Charles Robinson, our poet, toasted them brown in an original poem. The Subordinate Grange then conferred the third and fourth degrees of the order on them. After the supper hour a short program was given. The Grange is having a shower at the home of Howard Green in East Valley for Orpha Green Brooks our Grace Flora, tonight (Thursday)

**JUST REMEMBER**  
 That hot days, cool nights and just enough moisture to excite impatience, aren't going to last forever. Some day, there will come a change with plenty of rain and a temperature to chill us thru! Summers are more or less hard on roofs. Wood shingles will split and curl, warp away from flashing so that driving storms of rain and snow will find easy access to interiors, producing decay to structure and damage to contents. This is true also of metal and prepared roofings. We urge you now to take advantage of every idle hour to go over your buildings, search out and repair at all points that appear likely to cause trouble, annoying or positive bits of damage. Don't allow anything to become spoiled for the want of a little care and forethought. We can supply your every need in materials for roof repair—metals in tin or galvanized iron, zinc or copper for patching, flashing or renewing gutters; roofing paint, regular mixture or reinforced with plastic, also cements, solder, lead head or regular plain or coated broadhead nails. In roll roofing, we carry a full line of the different weights, plain or rock surfaced; all natural asphalt saturation which you will find much more durable than when coated with any kind of a coal tar product.

**PLAY TENNIS!**  
 The new tennis courts are nearing completion, and in order to play a good game, you must have a good Racket and lively tennis balls. We have tennis rackets priced at \$1.95 and \$3.00, and balls at 50c each. **STEAK BROILERS**  
 With long handles for outdoor use and large enough to hold three large steaks. They are made of steel wire and are therefore very durable. Price 98c. **WHEEL GOODS**  
 Will give the kiddies a summer full of fun. We have all sizes in Wagons and Tricycles, and all at vacation prices. See our window display this week. **FLY SWATTERS**  
 In a variety of three kinds—selling at 5c and 10c. **MORE LAWN CHAIRS**
