Whitesville to Lose High School

Whitesville's plans for a centralized high school received a body blow last week when the State Education Department announced the approval of the Whitesville application for Junior high school centralization only, with the understanding that the districts which lie over the hill towards Wellsville and others that may be in other community areas, if any, will not be included in the order laying out the district.

In commenting on the project, the Whitesville News says, in part: "It seems that one of the main arguments for changing over here to a senior centralization was that we would not want to have our high school pupils go to Wellsville to finish their education. It was felt if the little red schoolhouse in the outlying districts were to be taken up we could all benefit by the senior centralized high school here."

Alice Baker and Archie Monte Appear on Program

Mrs. Alice Baker, violinist, and Archie Monte, bass soloist, of Andover, in company with Miss Helen Wolverton, pianist and Richard Boyd, dancer, of Wellsville, appeared in a recital at the Physical Culture Hotel, Dansville, last Thursday evening.

We take the following in part from the Dansville paper: "The appeal and satisfaction of their finished program lay in the visual beauty and emotional power of Mr. Boyd's numbers, the musicianship of Mrs. Baker and Miss Wolverton and the selection of Mr. Monte.

"Mr. Boyd's dances were in strong contrast. He appeared first in impersonation of a toe dancer. His stature and grace created the illusion, further heightened by the black and silver costume in which he danced.

"His 'Rosary' made use of the postures of adoration and supplication. His hand gestures were literal. The white costume suggested the surplice. Mr. Monte sang 'The Rosary' while Mrs. Baker and Miss Wolverton played a violin and piano accompaniment.

"The 'Dance of Death,' to the accompaniment of Rachmaninoff's 'C sharp Minor Prelude' was atmospheric, devoid of color. The triumphant release, struggle and melancholy defeat were progressively danced and were highly effective in their import.

"Alice Rogers Baker played 'Mazurka da Concert,' by Musin, 'Farewell to Cucillian,' arranged by Kriessler in her first group and responded with 'Trees' by Rasbach for an encore. In her second group she played 'On Wings of Song,' Mendelssohn-Heifetz, 'Canzonetta' by d'Ambrosio, and 'At Dawning' by Cadman-Kriessler. Her fluent style, technique and tone control were most admirable. All her numbers were highly enjoyed and appreciated.

"The unusual expression Mr. Monte gave to his words and his good diction were notable. The wide range and rich quality of his voice completely captured his audience. His numbers, 'The Road to Mandalay' by Speaks and 'Deep River,' arranged by Burleigh in his first group, 'Til I Wake' and 'Shortenin' Bread' in the second were effectively rendered. He responded to an encore with 'Old Man River.'

"Miss Wolverton at the piano gave meritorious support in her accompaniments for Mr. Boyd, Mrs. Baker's groups of violin selections and Mr. Monte's singing. Her technique and discernment provided the

deirable enhancing background for the solo numbers, instrumental and vocal.

LUNCH KITS - THERMOS BOTTLES FOR THE SCHOOL LUNCH!

The secrets of satisfactory packing are to keep all flavors separate and to prevent the foods being mashed.

Wax Paper, Paper Cups, Glass Jars or Glasses with closely fitting lids insure the separation of flavors. Sandwiches, cookies and in fact, each article of food should be wrapped separately in wax paper. Heavy things should be placed in the bottom of the kit and the extra paper napkins for spreading the lunch on the desk will prove convenient.

Thermos Bottles are a great convenience for carrying either a cold or warm drink. Milk should be very cold when put into the thermos bottle. Thermos bottles, to give excellent service, require care in cleaning and transporting. Come in and see our line of lunch equipment.—Prices are right!

HOUSE BROOMS

Vacuum cleaners and all sorts of cleaning devices, not withstanding Brooms are still a necessary item in every well ordered home.

It isn't the first cost of a Broom that is important, it is the extent and quality of its service.

We offer Brooms in wide variety from 49c up. Let us show you a good line of Brooms that will give extended satisfaction to any housewife.

REPAIRING SEASON

Now that the haying is over and the harvesting is light, you will have plenty of time this year to look over your buildings and see what little jobs of repairing need to be done.

If you have a metal roof that begins to show rust spots, apply a coat of Aluminum Paint and it will look like new and add years to its service. Also, if you have places on the outside of your house where paint peels or blisters, put on a coat of Moore's Primer first, then apply your other paint and your troubles from peeling will be over. A sure indication of the popularity of Moore's Paint is the number of houses that have been painted with it this season. You may be assured of a good job in looks and durability when Moore's Paint is used, for there is none better!

SO-LO

We have a complete supply of soles for shoes, both for adult and children's shoes. It is getting near the time for school to begin. See that your children's shoes are in good repair. A package of So-Lo for 25c will fix a pair of shoes so that they will last for months.

DRAIN CLEANER

If your kitchen trap or drain pipe is clogged, use Ejecto, a preparation for 20c a can.

Keep a can handy, use a little once a week and avoid that troublesome job of having your pipes clogged.
