OCTOBER HAS XX
This is the month of Opals of Tourmaline the Birthstone
VOL. 53, NO. 43.
Milk Prices to League Members For September
Producers Optimistic
First Month of the Federal Milk Plan.
Milk producers are optimistic over the results from the first month's of the State-Federal Milk Plan in the New York State. Information received by the State Milk Commission, local president of the League at Andover in payments to producers her milk are greatly in price realized is \$585 per hundred of increased purchasing local dairymen the 22 of milk delivered during at the Andover plant 289.75 more than would be realized for the same milk at August prices. news not only for dairymen every citizen in the cause the size of the milk farmers receive has local business conditions other factor. The new State Federal went into effect on September 1st and it is estimated that the cooperative dairymen will receive 100 percent of the cost of the milk. The new plan has taken effect in the Andover area which is a credit to the dairy industry and low level prices are being maintained. This is a good thing for the dairy industry as its production is profitable under its present operation. The new plan is being effected in operation in the Andover area. The public has the opportunity to consume the product at a low price. The public has been much relieved if the process is to be the correct one. It is strongly with the working out of the legislation which is the present optimism is not untempered with the dairymen want.
Clair's Drug Store
Clair's Drug Store of Andover took their county league committee right from the Clow Whitesville. Whitesville league last year in second place. As a result of their win, 1st place. The high honor might went to Alvo rolling high single respectively. The second place was won by Clair's Drug Store.
