 October

Dear Friend:  
 You are still wondering how we got home from Mexico? Well, back from one of the best fall summers it has been long time before we were able to enjoy. There is much to be said for a bit of travel, but I am sure you are coming along with me so am writing.

We left Mexico City morning about seven, gret, knowing that it was long time before we were able to return, with us as much as we contain of the results. We had purchased a hamper which was packed with souvenirs of the trip, this was on the back of the car while we were on the road as it was so full of things that we left to be brought home by the mail. The hamper was packed with articles and then de-termined for transport.

The ride over the coast was beautiful and we enjoyed the view from the train. The ride was very good and the service was excellent. We were very fortunate to have such a good trip. The ride was very good and the service was excellent. We were very fortunate to have such a good trip.
