HAVE YOU TACT?

It seems to be the rage in the 20th century to give out questionnaires. Leading magazines head articles with such questions as "Have you personality?" Now I want to ask you what seems to be a more important question and that is "Have you tact?" First I shall have to explain that tact is that quick appreciation that some people have of what is fitting to do and say in a given situation. To find out if you have this very desirable character, I shall ask you to answer the following questions truthfully:

1—Can you sense that a given moment is the wrong one in which to talk to a person?

2—Can you realize that sometimes in being too frank, you are hurting some one?

3—Can you remember that other people have pride as well as yourself?

4—Can you remember to think before you talk?

5—Can you sense whether your friends are interested in your discussion?

6—Can you realize that your friends would like to be heard?

Perhaps if countries, as well as people would use more tact there would be fewer wars. The following seems to be a nation's sense of what is tactful to say.

"We could beat you anytime because we have more equipment!"

The result of such lack of tact is war. The result of individual lacks of tact is friction in friendships. Can't we help each other develop tact while we are yet in school?

**Teacher:** "Paul, can you tell me what a hypocrite is?"

**Paul Ryan:** "Yes, sir. It is a boy that comes to school with a smile on his face."

**Mr. McGee (in physics class):** "What is the reaction of walking?"

**Bud Dolan:** "Sore feet."

## Basketball Opens With Jasper

The purple and white basketball squad makes it debut Tuesday evening November 29 against the Steuben county class C champions, Jasper.

Last year in a practice game the Jasper team defeated Andover by a small margin of three points. The strength of the opposing team is unknown but a good game is almost certain due to the fact that Jasper has been a threatening contender in Steuben for many years The local boys will be waiting for Jasper, all ready to start the season with a victory.

The starting line-up has not yet been announced but it is almost certain to contain Joyce, high scorer last year, as a forward. The other forward position will be filled by either Briggs, Dolan or Fulkerson. The contenders for the guard postions are Greene, Hardy, Dugan and Oakes. The center may be either Saunders or Oakes.

Plan to be present when the local high school basketball teams enters the court.

## Know Your Team

This column has been set aside to introduce to the public some of the members of this year's basketball squad

Donald Oakes is a last year letterman and a member of the senior class. Because of Don's highth and ability to retrieve the ball off the backboard he is a good asset to the team at center. He saw much action all the games last year.

Clyde Briggs is another last year letterman and a senior. Last year (Clyde saw service as a forward but this year he is transferred to the guard spot. His good eye under the basket and also plays a good

Montrose Greene is a member of the senior class and a letterman. His highth and ability to knock down enemy passes is a help to the team. Montrose's ability will be centered around the back court playing guard.

Donald Hardy is a member of the F. C. class and a last year letterman. Don't height is against him but his ability to make set shots and passing offsets this handicap. He will be found putting forth his abilities at a guard position.

"Bill" Dugan is a member of the junior class and a letterman. "Bill" is another member limited in height but his build offsets this. Last year he spent his time between forward and guard, and will be found there this year too. "Bill" is good under the basket and also at passing.

Gerald Dolan is a last year letterman and a senior. "Bud" is medium highth, fast and has a grand eye for the basket. He is one of the forwards on the team.

Jack Saunders is the tallest man on the team because of this he is used at center and under the basket. He will be a good asset to the team because in past years the team has lacked a tall man. He is a letterman from last year and also a member of the senior class.

Leo Nobles is the only member of this group not a last year letterman. Leo is tall and is allequate at making baskets. He has not seen as much first team service as the rest of the members but is improving greatly. Leo is another one of our seniors.

George Joyce, the sharp-eyed high scorer on the team is a postgraduate. He is the main offensive spark plug of the team. George is also good on defense and he is a cool player. He is tall and a good passer.

## More Vacation?

Yes, it really is vacation time again. This time it is the Thanksgiving vacation and it began today at noon (Wednesday), Nov. 23.

School will be resumed on next Monday.

The students and faculty are looking forward to having a bountiful feast with all the fixings.

It is interesting to note that the first week of the last three weeks there were four days of school, the second week there were three days and this week two and a half days.

## Meeting of Cheerleaders Held

Rah! Rah! Rah! these were the sounds coming through the library Monday afternoon at 4:05; where ten girls reported for instructions on two cheers, which were given by Miss Cappuccille, and assisted by two regular cheerleaders.

On Tuesday afternoon at 4:00, the girls will meet in the library where Mr. McGee will chose three girls. These three girls in addition to Marion Burgett, Teresa Burns and Josephine Butler will make up the cheerleaders for the 1938-39 season.

## "George in a Jam" Is a Financial Success

The Junior play "George in a Jam' which was their first money making venture is now of the past. Due to the cooperation of the faculty, students and cast, the play was a success. The people of Andover also helped to make it a success by buying tickets either regular or reserved.

The total receipts of the play were $73.55, the expenses were approximately $12.00 leaving a net profit of about $61.55. Of the total receipts, $59. came from the evening performances for which about 200 tickets were sold.

The cast of the play wishes to thank everyone for his part in the success of the play.

## Basketball Season Tickets on Sale

The season tickets for the basketball season are on sale now. This season promises to be one of the most successful ones on record for the Purple and White. That is the reason why every student should buy a ticket so that they won't miss any of these good games. Every single game promises to be a thrilling one as every team to oppose the Andover team will be gifted with almost as many veteran players as Andover.

Tickets may be purchased at the office or at the homerooms. The price of the season tickets is 75c. The ticket is good for all the home games which total eight. This is a little over nine cents a game compared with fifteen cents each if you were to pay separately at each game. The tickets may be paid for, all at once, or by paying 25c at the first three games.

## Junior Play Cast Enjoys Supper

"Eat, drink and be merry, for tomorrow—" The members of the Junior cast as well as director Miss Cappuccilli, prompter Jean Northrup, stage director Richard Clair and Miss Wood did justice to that statement Wednesday afternoon after the matinee performance. The hour of 5 o'clock found them assembled around the table in the homemaking house, not at all bashful, but doing away with Spanish rice, vegetables, salad, rolls, pickles, chocolate cake and coffee. There were times when the eating ceased and they laughed at some witty remark or else they got Billy Dugan a glass of water. He drank so many glasses threats were made to put soda in it.

After the evening meal an hour was spent improving the "high spots" of the play.

## How About the Turkey?

Thanksgiving's great,
(At least for us)
But how about the turkey?
With axes sharp,
And wood block ready,
He can't feel very perky!
With drooping feather,
And mournful strut
He blinks a tearful; eye
But after all, with what's ahead,
Who blames him?
You bet, not I!

## 16 High School Pupils Make Honor Roll

In order to make the first honors, a pupil must have had an average of 90 in three major subjects with none below 85. These standards were maintained during the last five weeks by Thelma Ahrens, Doris Honegger, Pearl Goodridge Betty Jo Ludden, Audrey Glover, Stanley Ruger and Wendell Vars.

Pupils who have an average of 85 in three major subjects with none below 80 are eligible for the second honors. The following were successful in maintaining these averages: Charlotte Coryell, Kaliory Parris Eleanor Northrup, Lyla [illegible] Nancy Snyder, Wanda Dobbs for Oakes, Jean Rogers, Ju

## Around A. H. S. With C. Coryell

Anna Hardy made a good [illegible] for the English 11 class last Wednesday.

I should think "Lena" would be all black and blue from falling down eighteen times for the grade pupils during skits. "Imagine"!

A girl went up to Veronica Lynch after the matinee and said, I'm not afraaid of you like I was this morning when you were in my grade." Veronica was dressed as a colored lady.

I'll bet that every member of the play cast had his eyes shut when he had his picture taken Friday night. Dick Clair almost forget to turn off the footlights.

The flowers from the Junior play cast went to Mrs. Cappucilli instead of Miss Cappuccille but I guess everyone knew who was meant.

Don't forget the first basketball game of the year next Tuesday.

I found out that there are over a thousand books in the high school library and that there are a great many in the grade rooms.

The chemistry class is having a hard time to understand and learn valence of elements.

Vacations are all right but they have a terrible effect on the Hi Herald staff when they have to get out two papers during one week.

If anyone has ever wondered how some of the radio stars look, he should look over the pictures in the radio book that is in the library.

Who knew that so many high school girls collect pictures of the Dionne "quins"? Betty Greene has collected over 100 pictures. Imagine!

Why don't they paint the flower pots in Room E like they did in the library?

I shouldn't say anything, but where is the Armistice Day bulletin board that we were supposed to put up?

Whereas it took only about ten minutes to make up Odessa, it took at least an hour to get the make-up off her. "Imagine."

It's two bad the ship in the library can't sail once in a while.

It's a wonder that the Junior class made any money if "Lena" broke all the cups that "she" seemed to.

Richard Baker, Louis Dodge, Carol Walton and Barbara Temple had birthdays the last week.

The English IV class would like to argue about whether it would rather be electricuted or put in prison for life. "Bet your tootin!"

Most of the boys seem to be envious of Louis Fulkerson's new blue sweater. It is nice.

Bud Dolan doesn't like fire drills
