THE HI HERALD

(Continued from Page Six)

and well seasoned team. Their catching is adequate but the pitching staff is the question mark. If several rookies come thru they will have a good staff. The Royals infield and outfield are airtight.

The occupants of the cellar last year was the Toronto Maple Leafs. This year the Leafs have an improved infield and outfield. Their catching is fair but the pitching looks weak. Like most other teams in the league, they will have to depend on rookies for pitching. The outfield positions are being fought for by Billy Southworth, Jr., Johnny Tyler, Mel Mazzera and Eric Tipton. The Leafs should move up a notch in the standings.

The Baltimore Orioles are rebuilding their team under Al Thomas, their new manager. The infield looks much better while the outfield is about the same. The Maryland boys are owned by the Philadelphia Phillies and can't expect much material from the lowly Phillies. Harry Mutajah is the leader of a weak mound staff. Their catching is a question mark at present.

- Following is about the way the teams in the International League will end up at the end of the race:
- 1 Newark Bears
 - 2 Jersey City Giants
 - 3 Buffalo Bisons
 - 4 Syracuse Chiefs
 - 5 Rochester Red Wings
 - 6 Montreal Royals
 - 7 Toronto Maple Leafs
 - 8 Baltimore Orioles.

Mrs. Harder Substitute Teacher For Miss Barrett

Due to illness, Miss Barrett has been absent from school for a few days and Mrs. Harder has been the substitute teacher for her.

All the students wish to express their sympathy to Miss Barrett and hope that she will be back to school soon.

MUSICAL BARS

Congratulations to the Band

The Andover High School band should be very proud. The report showed that they rated next to the highest in their class at Bolivar. Bolivar in the same class as Andover came out a little bit higher than Andover.

Everyone seemed to have a very good time and no great casualties can be named.

The Allegany music director composed his own band music and many people were surprised at the wonderful work that he did with it.

A fine system of autographs was carried thruout the day. If you didn't sign your name more than ten times it was a crime. One of the great attractions was the Conn room where there was an exhibit of Conn instruments and souvenirs such as batons and pins. Many of the Andover students bought batons, maybe they plan on being music directors in the far future.

What happened? The piece the band expected to do the best they did the worst with—and the one that they expected to be a failure was complimented.

A new kind of orchestra was composed on the way to Bolivar. Several people having combs started one. Why bother to send away to get an orchestra when we have one right in town?

Special Attraction—The music rooms, museum, candy, cafeteria and new attractions. Some mixture!

Extra—One boy takes the place of a whole band. It was announced that one band could not be there and that a boy drummer from Bolivar would take his place. When the curtain was opened a boy about eight years old did the entertaining on a miniature set of drums. Everyone agrees that he can be classed as a "boy wonder."

Welcome to the band. Wesley Lehman and Helen Smith have now joined its realms.

Mr. Giffin seems quite proud of his band and he has a right to be.

Oh boy! You should hear the new band march music. They've started work on it already—Just getting prepared.

In about three weeks the orchestra is going to try and reach the honors that the band received. Only they are going to Houghton for their try-outs.

The band is going to work for and GET band suits next year.

Band Tries New March Books

When the band met last Tuesday noon Mr. Giffin passed out the new band books to the delight of all the members. After playing over several numbers, everyone was very much delighted with the way they went.

Mr. Giffin has now appointed

Gettin' Around

Was it just the English classes or were five weeks tests hard?

"Waltz me around again, Paul!"

And Mr. Holmes obliged in the girls' gym class. Regina Richardson was his most advanced pupil.

Ethel Crowner, quote: "Confucius had 15 kids when I quit reading the book." End quote.

The Tom Randall and Betty Kay of Whitesville's production of "The Black Derby" were here to see ours. Incidentally, they are in reality married!

Mr. Bretsch to the rescue. Some child lost his hat and Mr. Bretsch was trying to get it from the top of the garage.

The name if nothing else, should produce a crowd the 20th. "Doc" Small and His Harlem Nighthawks.

The play cast pictures are fine. Too bad Harold couldn't be there.

Something must be wrong with the Andover Romeos. Several girls are turning to Wellsville.

Nancy will think twice before she invites someone to go to a dance with her again. Unknown to her then, to boys outside the school it will cost 75c. She wishes her taste could have been fulfilled here.

Poor Vic and Stan! They hadn't ever bought corsages before, and at the last minute they sought to borrow their respective dollars from Louie Dodge and Mr. Giffin.

The crowd at Social Hour was more like the real thing. Stan Ruger's getting to be a real "sawing" man, thanks to feminine help.

Junior prom ideas are not lacking in imagination. As far as being unique and thoroly different is concerned. Leave it to them!

Homemaking News

Members of the Homemaking A class last week studied care of skins

and clothes. This proved very interesting and educational.

First they studied the correct way of accomplishing things, then they practiced what they had learned.

These included the following: — washing sweaters, doing a shampoo, a manicure, and a make-up. They experimented on different persons.

The eighth grade homemaking class have finished their sewing problems with great success.

Home Economics 6 girls (Home Furnishing Class) are studying how to correctly do house cleaning since it is house cleaning time. So far, they have washed windows, cleaned silver, copper and brass, and woodwork. They used several different ways of doing each type of work in order to tell which way proved less expensive, quicker and which would bring the best results.

—H. S. Operetta, April 26—

WANTED
