## How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips  
Lost Her Double Chin  
Lost Her Sluggishness

Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction.

Thousands of women are getting fat and losing their appeal just because they do not know what to do.

Why not be smart — do what thousands of women have done to get off a half ton of unwanted fat? Take a half teaspoonful of Krutchen in a glass of hot water first thing every morning to quickly get rid of liver, bowels and kidneys — get down your extra pounds — get slim and healthy — there need never be a hungry moment!

Keep the dose up for 30 days. That's the only way to get it done. Just see if you can't get it done. Just see if you can't get it done. Just see if you can't get it done.

## Second Group of Children Enjoying Health Camp

Cuba Lake, July 30.—Eighty children replaced on Sunday the happy 77 who completed Saturday a joyous three weeks at the Allegany County Health Camp at Cuba Lake.

With camp improvements finished and in full working order, the children during the past three weeks. Included were trips to the Cuba Theatre, sponsored by Carl Polvino, and to the grounds of the World's Fair Shows, sponsored by the Cuba Chamber of Commerce. The entire group rode in two school buses in the Old Home Day parade Wednesday evening and were treated at the Cuba Candy Kitchen by a Cuba citizen, as well as taking part in many activities on the camp grounds.

Proof of the success of the three weeks camp period is evidenced by the fact that the children acquired liberal coats of tan and made definite gains in weight as well as generally increasing their disease resistance thru regular rest periods, plenty of sleep and a balanced diet.

Settled now in the camp routine the second group, staying at the lake until August 17, are enjoying a large group of activities including hikes, swimming, both at the lake and at the pool on the grounds, picnics, merry-go-round rides, craft-work in wood, soap, embroidery, crocheting, ornamental butterflies, log cabins, airplanes, beadwork and oilcloth animals. This group includes children from Andover, Amity, Belfast, Bolivar, Canadea, Fillmore, Ceres, Scio, Cuba, Ward, Almond, Wellsville and Wirt. The last group, entering August 18, will remain until August 31.

## Elm Valley

(Mrs. Charley Cole, Reporter)

July 30.—The 13th annual reunion of the descendants of Hiram Howland was held Sunday at the home of Mr. and Mrs. Carl R. Burdick. A delicious dinner was served on the lawn to about 45 relatives and friends. A business meeting was held later at which the following officers were elected for the coming year: President, Orville N. Howland; vice pres., Carl H. Burdick; secretary, Dorothy D. Burdick; treasurer, Herman Jackson. An invitation was accepted to hold the 1941 reunion at the home of Mrs. Grace Howland in Andover. Besides relatives present from Andover, Elm Valley and Wellsville were the following: Mrs. Beatrice Burdick Foster and children and Ralph Burdick of Tioga, Pa., Hobart Doud of Lawrenceville, Pa., Mr. and Mrs. Elwood Downs of Schenectady and Mr. and Mrs. Arthur Leonard and son Arthur Jr., and Edward Leonard and Miss Ida Billings of Olean.

Mr. and Mrs. George Tucker of Stanrads were Sunday evening callers at F. G. Mead's.

Mr. and Mrs. Elmer Swain of Hornell were Sunday afternoon guests at Charley Cole's.

Mrs. Sarah Howland of Wellsville was a week-end guest of Mrs. Locha Burdick.

Mr. and Mrs. Charles Leonard of Perry were recent guests of Mrs. Locha Burdick and Mr. and Mrs. Carl Burdick.

Mrs. Doris Burdick Tingley of Marshall, Ill., is passing several weeks with relatives in this vicinity.

Mr. and Mrs. Charles Burdick visited Mr. and Mrs. Leon Phelps in Rochester last week.

Mr. and Mrs. Park Burdick and children visited her parents, Mr. and Mrs. L. C. Clair in York's Corners, Monday.

## Motor Vehicle Receipts Gain \$4,000,000

Motor Vehicle receipts during the first six months of the year aggregated more than \$48,000,000, a gain of almost \$4,000,000 over the six-month period of last year, Motor Vehicle Commissioner Carroll E. Mealey announced this week.

Thru June 30, receipts totalled \$48,289,852.54, a gain of \$3,918,689.14 over the same period of last year.

At the same time, a gain of 87,365 in the number of registered vehicles was recorded over the six-month period of last year. Registrations numbered 2,506,787 compared to 2,419,422 during the first half of 1939.

## Revocation and Suspension Of Licenses Decline

A slight decline in the number of licenses and registrations revoked or suspended during the first half of the year compared to the same period of last year was announced today by Commissioner Carroll E. Mealey of the State Motor Vehicle Bureau.

Total revocations and suspensions numbered 11,994 compared to 12,463 recorded during the first half of 1939.

Revocations during the first six-months totalled 2,632 in contrast to 2,643 in the same period of last year. Suspensions numbered 9,362 compared to 9,820 a year ago.

## Electric Chair

An electric chair for flies has been developed at the Quinault Hatchery of the U. S. Fish & Wildlife Service in Washington. Flies were attracted to the feed room at the hatchery in large numbers. They were not only a nuisance, but threatened contamination of the food.

One of the scientists rigged up a copper screen hooked up to a radio condenser, which electrocutes the flies when they touch it. Now flies are welcomed at the hatchery. About a gallon are electrocuted every 24 hours, and are used to feed the fish, cutting down food bills. Thus a nuisance is eliminated and an economy effected at the same time by the ingenious device.

Skillful culling is one way for poultrymen to reduce labor and feed costs without severely reducing labor income.

## Farmers Post Farms Against Thieves

Now is the time to post farm property with vigilance reward signs for protection against stealing, according to L. H. Myers, Jr., of Serkirk, chairman of the Farm Bureau Federation's vigilance committee. Myers says that farmers lose thousands of dollars worth of produce annually as a result of thieving. He says that many who help themselves to the farmers' fruits and vegetables probably do not realize that they are stealing for they may take only small quantities. However, when enough persons help themselves the aggregate loss to the farmer may be substantial.

Myers says that there is also the professional thief who causes the farmer much loss. He points out that recently his organization paid a reward of \$25 to a man in the Champlain valley who gave evidence leading to the arrest and conviction of persons found guilty of removing and slaughtering of four purebred Holstein heifers from the pasture of a farm bureau member. The meat was sold and the money was pocketed and the owner suffered the loss. However, he points out that the Farm Bureau reward helped to get prompt conviction.

Myers says that the purpose of the vigilance signs offering rewards for helping to catch thieves found guilty of stealing from posted property is two-fold. First the signs warn careless trespassers that the posted property belongs to an individual and not the public. Second, the signs offering rewards solicit the help of the neighbors in reporting suspicious activities.

Myers says that any Farm Bureau member can obtain vigilance signs at the office of his county Farm Bureau and thus secure greater protection from thieving at little cost.

Jellies, preserves and fruit juices add enjoyment to meals and are nourishing as well. Cornell bulletin E-267 gives the information, and single copies are free to New York State residents who write to the Mailing Room, Roberts Hall, Ithaca.
