News and Letters About Our Boys In Service

Camp Cooke, Colo.,

Hi, George and Claire: I guess I am quite late in sending this off to you, but I have been so darn busy that there isn't much time for me to write. You see I now have 101 trucks to look after, and boy it keeps me awful

Please drop a word in the paper to the Community Club and all the people who sent the Xmas packages and cards to me. They will never know how much I appreciated them, even the I was home just a short time ago.

I will get off a longer letter at my first chance, so until then take it easy and give my regards to all the old gang. Your pal,

Word received this week from Mrs. John Briggs states that Pvt. Everett H. Briggs has reached his destination safely overseas, also that Mr. and Mrs. Briggs left Sunday morning for Mt. Vernon, Ohio, to visit their son Milton and wife. Milton expects to leave 7 for the Army on Jan. 30th.

Tuesday for Ft. Andrews, Mass., Emmett Moran.

Public Urged To Save Gas As War Necessity

The Empire Gas & Fuel Co. which supplies natural gas to this area are urging all gas consumers to conserve on the use of gas in every way possible, that the War Production may not be hindered by a shortage of gas especially during the next two

In a gas conference held in Buffalo last week, it was beought out that a serious shortage of natural gas now exists in Western and Southern New York and Pennsylvania, which threatens the continued operations of war plants in this area and had forced a curtailment of producition during the recent severe

The Power Director of the War Production Board is doing everything possible to dispatch gas to these areas and his efforts are being co-operated with by the Empire Gas & Fuel Co. who through connections are dispatching all available gas to the

war plant areas. In line with these efforts the Gas Company is urging all local consumers-to-make every effort to reduce their consumption of

gas during this emergency by: 1—Don't heat your house over 65 degrees. 2-Close off, and don't heat

any rooms not absolutely needed.

4-Reduce use of hot water to an absolute minimum
