Blood Donor Unit To Be Here March 19th

After a lapse of some four months the Mobile Unit of the Red Cross is coming to Andover again on Friday, March 19th in order to procure blood donors. They will be at the Methodist church between the hours of 10 in the morning until 5 in the af-

All of us realize that this is one of the ways in which the ' average citizen can actually con-I tribute some of his own physical feffort to the war service. This blood which the donors give is one of the most important con-I tributions that a person can make to the war effort. It is a known fact that the use of this blood when it is converted into blood plasma has saved the lives of thousands of our boys on the battle fronts.

At present the workers for the Red Cross who are now accepting contributions in money for the Red Cross are asking the contributors to donate to this blood service. If you have not already agreed to do so, please leave your name at the A & P store, Clair's Pharmacy, Baker's
