## Pleasure Ban on Driving Off... So Is Gas

The ban on pleasure driving by holders of "A" books in the eastern states was lifted Monday March 22nd, and so was the gasoline supply.

"A" coupons are still good for three gallons of gasoline but the time on the No. 5 coupons has been extended so that these coupons must last holders four months instead of two, which cuts the gasoline available for pleasure driving to approximately one and one-half gallons a

Drivers using "A" books to get to work will be allowed supplemental gasoline under revised regulations to be announced within a few days.
