\* Rod and Gun Club

Asking Protection

week's News will be found the

notice of a Hearing by the State

Conservation Department, in ac-

cordance with a request filed by

members of the Andover Rod

and Gun Club for added protec-

tion on bullheads and perch in

The hearing is called for Mon-

The story behind this request

is, that after the repairing of

the dam at the ponds two years

ago, the ponds were stocked by

the State Department, thru the

efforts of the club, with large-

mouth bass, perch and bullheads.

The bass, of course, are protect-

ed for size and bag limit by the

State law, but the perch and bull-

head in local waters are not.

Club members found that large

numbers of small perch and bull-

head were being caught by fish-

ermen and thrown out on the

bank to die, or in some instances

'| were being taken home, altho too

Efforts on the part of club

members in the way of requests

that fishermen discontinue this

practice so that the fish would

have a chance to grow to an

eatable size have been ignored,

so the only alternative left for

the club members to protect their

'efforts was to petition the State

\| small to be practical pan fish.

day evening, May 3rd at 7:30 in

Legion hall, and all interested

parties are urged to attend.
