Spring Scrap Metal

Continue Scrap Metal, Collection In Andover. Other Types Needed.

The War Production Board is asking for three million tons of scrap metal by July 1st, and the New York State Salvage Committee has assumed the collection of 910,000 tons as their quota. Definite plans for the Spring scrap drive have been formulated.

during the past month, but because of the late spring the program is behind schedule and the scrap is vitally needed for continued product.on of steel for tanks, guns, ships and planes. Every citizen, whether on a farm or in a city or village, is urged to cooperate in the drive

of available scrap hetal and see that it gets into drap channels either by selling to scrap dealer or ealling your local salvage committee who will call for it. - In Andover the firemen will again have charge of the scrap collection and are already collecting tin cans that have been cleaned, labels removed and flattened out ready for shipment.
