Baker's Hardware News 32 "COOLERATOR"

The Ice Conditioned Refrigerator meets today's Refrigeration Problem! Pure, washed air keeps delicate foods fresh and

Washed, pure humidified, chilled air circulates constantly through the food chamber, absorbing the food odors and carries them away. Dishes do not have to be covered, and the foods will remain appetizing and will be a pleasure to serve.

The Coolerator is handsomely and modernly designed; it is built to meet today's refrigeration needs, and will render years of satisfactory service.
