The increased use of mineral salted nuts, potato chips and PD sults of research carried on by specialists at Cornell University show that mineral oil robs the body of at least two of the fatsoluble vitamines necessary health and also of two important minerals, calcium and phosphorus.

> Unfortunately, few persons have understood the harmful effects mineral wil may have. According to the Cornell food and nutrition specialists, these far outweigh its advantages, mineral oil prevents the body from making full use of the most important nutrients in food and may lead to deficiency ills.

Soften Water - Save Scap If you want to make your laundry soap go -farthèr — and who doesn't these days of soap shortage — don't use it to try to soften hard water. Soap was not designed for this purpose, so it's "Do you know how to write?" expensive when used this way. "Oh, sure, but I never write." Instead, let a commercial softener, or ordinary sal soda, do the job. Scientists have proved that you can save fully one-half of The shoemaker was explaining your laundry soap if you use
