### Oil Tank Burns at Independence

The tank was being heated in preparation to running the oil this morning and it is believed the fire started from the heater. A discarded wooden tank which set beside the new tank caught fire and burned so fiercely that it hindered firemen from getting at the tank of oil. The fire also over quite an area before being extinguished.

The reception was held from ting on a fine show. Also the out-of-town performers, Carlton out-of-town performers
