While searching through the glader with a glossy shine because of frequent shampoo you will click with any crowd.

"How often should you Shampoo once a week or as often as the hair needs cleaning. Brush it? Yes, violently every day for shine and stay putness. Is wave setting required? By all means, after a shampoo and between times to hold waves and curly ends. It's as excret of hair management. The well-behaved waves encourage every strand of hair to act in harmony with the next strand. Add to the brushing, shampooing and wave-setting a good cut and a permanent.

Use lotions and hold-tight barrette or pins. With such persuasion your hair will learn who's the boss.
