FIRST PAYMENT - DUE OCT. 20

To see those children of yours from kindergartes through high school takes an average of about \$2500. The cost of this comes from various sources—taxes from real estate and other taxes. A good share comes from the Erie Railroad and other local industries in your community.

For instance, Erie's tax bill last year was a whopping \$19,907,178, or **almost** \$54,000 every day in the year! You will be glad to know that a good part of this was used to support local schools, to help give your children a good education.

That's the kind of activity the Erie participates in, making it your hometown partner. For besides supplying your

town with safe, dependable transportation, the Erie also helps to make jobs and boost payrolls in your community. Our American system of government is based on sound education. The good citizen of tomorrow is made in America's schools today. The Erie is proud to play a part in providing what we know is the world's finest education system!

Dize it up and youll see why

Longest of the Lot

Chevrolet looks longest, Chevrolet is longest swank and sweeping 1975 inches over-all that tops any other car in the low-price field. Size up Chevrolet's greater length, and you'll find it hard to settle for less.

Most Road-Hugging Weight

Gives you more road-hugging, road-smoothing weight . . . a hefty 3140 pounds[†] in the model illustrated that no comparable car in the field can match. Get the feel of this big car, and you won't settle for less. (†Shipping weight.)

Widest Tread in Its Field Here's the steadiness of the widest tread in the field . . . 58¾ inches between centers of rear wheels. Once you've known the better roadability of Chevrolet's wider tread, you wouldn't settle for less.
