HEALTH FOR

his column is sponsored, in the interest of better health, by the Allegany Health Tuberculosis Association, 44 Schuyler St., Belmont, N. Y.

The Cost of TB Tuberculosis, Sixth cause death in this country as computona Grange held yesterday, W. ed by the Sixth International W. Pringrey was named for the List of Causes of Death, is a costly disease.

A communicable, chronic disweek-end with Mr. and Mrs. R. ease, the treatment of which may extend from many months Mr. and Mrs. C. S. Rennells to years, tuberculosis is costly guests of her parents, Mr. and costly to the nation. It is a tremendous cost financially and its Mrs. Dell Hann passed last cost in physical and emotional

from TB cost approximately 1, s passing some time at the home 500,000 years of life annually and cost this nation about 1,000, Mr. and Mrs. Grant Sherwood 000 working years each year By taking many of its victims in their working prime--TB ranks Mr. and Mrs. E. D. Baker were first among diseases which kill in Rochester last week visiting young people between 15 and 35 the disease deprives the nation of considerable talent and output which would otherwise contribute to its progress.

In terms of dollars and cents, the nation's cost has been estimhome of her mother, Mrs. Eliza ated at more than \$350,000,000 a year. This figure covers ex-Mr. and Mrs. Harry Smith penditures by public and pri-

agher of Hornell the first of the can give any idea of costs in terms of physical and mental anguish, week.

Of physical and mental anguish,

Mrs. Helen Trowbridge died broken homes, heartaches, and very good conditioned and in

> Yet all costs exacted by tuberculosis, financial and otherwise, are unnecessary. For tuberculosis is preventable as well as curable. The medical profession official health agencies, and the 3,000 tuberculosis associations throughout the country jointly carry on a year-round battle against TB. But they need the whole-hearted cooperation of the American people to prevent and control the disease.

> Every one of us can take an active part in the campaign against tuberculosis, and at the same time help protect ourselves against the disease. First, we should all have a physical check-
