Richard A. Rahr, Wellsville Earl P. Harriger, Richburg Raymond A. Edwards, Whites-

James L. Hyland, Andover Delo O. Karn, Cuba On April 22nd the Local Draft will send eight men to Buffalo for induction into the Armed Forces and 66 men to take their pre-induction physical

# Local Observation Post Alerted

The local Airplane Observation Post was alerted Saturday from 10:15 a.m. until 5 p.m.

The post was manned and opprogram to build the Company erated during those hours according to regulations, spotted and reported four planes to the Buffalo Center.

scheduled, with telephone connections very good, during the

out with the Advance and Ajax

The agent stated, that farmers could economically increase the production of oats per acre by using more fertilizer, especially nitrogen, on the stiffer strawed varieties, and where fertilization level of the straw is not present-

Where that type of condition existed, he stated, that up to 35 pounds of nitrogen per acre is the recommendation. which would be about 440 pounds of an 8-16-8 or its equivalent, fertilizer.

The Allegany County Artificial Breeders' Cooperative met recently to elect new officers, directors and delegates for 1952. This growing farmers' organization, according to H. Ira Blixt. county agricultural agent, made some real strides in 1951. The measure of this, he said, is the number of first services which totaled 5,552 for 1951, as compared to 4,275 for the calendar

breeding has become an accepted practice in many of the Allegany County herds, and has done a great deal to increase production per animal, at a low cost to the farmer.
